Webster's International Dictionary

The One Great Standard Authority.

IT IS A THOROUGH REVISION OF THE UNABRIDGED.
The new edition contains a vast amount of material for
reference, and is the most scholarly, thorough
and complete of any dictionary ever published.
It is the best for practical purposes, because

Words are easily found. Pronunciation is easily ascertained.
Meanings are easily learned. The growth of words easily traced,
and because of excellence of quality rather than superfluity of quan-
tity characterizes its every department. GET THE BEST.
