

When It Comes To Climbing---

We want to tell you how and why Electrics climb hills. Most people don't realize that the stored Electricity in the Electric Battery on an Electric Auto will give a tremendous lot of power—like the burst of speed in a thoroughbred, when you want it, on a hill because you can call on all the reserve for power or speed when necessary. But it's as gentle as old Dapple when you want to go slow. AND, the Electric can't run away—and a child can manage it, it's so simple. Besides, each day it goes twice as far—faster—than any horse. Smoothly, powerfully, noiselessly—no vibration. Let us tell you all about it!

ELECTRICS GROW FAST IN FAVOR

They carry passengers or deliver goods about town Cheaper, Better, Quicker than horses.

Gymnasium and Swimming Bath just erected. Fine Hockey Rink. Athletic Fields and Playgrounds unsurpassed. Eighty acres. Mild climate.

A STARTLING STATEMENT!

SOMETHING FOR MOTHERS TO THINK ABOUT

We have been endeavoring to draw your attention to the fact that all jams are not pure, and that the use of Salicylic Acid, a preservative, and Analine Dye (used to make decomposed fruit look like fresh picked) were very detrimental to health. Read this startling statement by one of England's foremost physicians, which is copied from a despatch in the Free Press, in the issue of May 26.

SPREAD OF APPENDICITIS

Is due to use of decomposed foods treated with preservatives.

London, May 26.—A remarkable statement regarding the spread of appendicitis was made yesterday before the Farnham Rural District Council by Dr. F. Tanner, who said: "The increase, general all over England, I believe, is greatly due to preservatives in foods. Not that the preservatives themselves do harm, but the presence of decomposed foods which they disguise does. I have attended thirty cases this year held to be due to this cause."

E. D. SMITH JAMS are assured to you by the Government Bulletin on Jams, No. 194, to be free from preservative and dye, which is the reason we use a sealed package. E. D. SMITH'S are not made to please the eye with Analine dye, they're made to eat without harmful results.
