Skiing Instruction

Last years free ski instruction was so successful that it has been scheduled again for this year. It is open to all male and female students of UNB and STU. Various class levels will be established to accommodate for all skill abilities. For example - classifications as no. 1 - those who never skied before
 no. 2 - beginner - snow plow
 no. 3 - intermediate - stem christie
 no. 4 - advanced intermediate - parallel christie.

The only personal equipment necessary are ski boots but it must be noted that there is only a limited amount of skis and poles available from the gymnasium equipment room. Therefore - first come, first served.

It is a great opportunity to begin to learn to ski or to improve your present level - and it is all 'FREE'. Take advantage of it now.
