Ottawa, February 27th., 1919.

Sir,-

In view of the circumstances set forth in your letter of the 24th instant, I beg to say that provisions to the value of \$9.00 may be supplied to Albert Tobias, and the cost will be charged against the amount due him for wood furnished for the council-house. You should see that the line fence which Tobias should erect is constructed at the proper time so that the fields which should be enclosed may be protected while under cultivation.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.
