Dear Mr. King

Your tribute to young  
Kemp came to me just as I  
was leaving for Germany. I  
have then been able to read  
it much more carefully  
than might have been  
possible at home. I wish  
it might be read by  
thousands of young Canadians,  
men and women - the latter  
just as much as the former.  
Many girls miss their best  
chance of the best happiness in  
life because they suppose the  
suitors are all dead.  
I expect to be home only in  
March. Yours sincerely  
H. G. Matthews
