I hereby certify that George  
Ryasett studied under me for the  
space of five years in the course of  
which time he made a very respectable  
proficiency in the Latin and Greek  
Classes as well as in the different  
branches of <sup>an</sup> English Education. I  
have much pleasure also in bearing  
testimony to his general good con-  
duct which was marked by attention  
to his studies, respect to his  
superiors, and a gentlemanly  
demeanour towards all
