knowing that deposed a certain John Markonitz
 he writing of J. J. - I made in the last paper
 and advised a few days hence, the price of
 wheat, the same having been on the previous
 table at 2 1/2 cents and when called for at half
 past five could not be found - They however did
 not have to bring wheat in by the only
 person who had charge of the said wheat, and
 when any repairs should have to be made there
 for the day (Saturday) - but I have not
 cause to suspect that the said Society had been
 his taking the said wheat, or having something
 about it - Also that the said wheat should
 have been to suspect is recalled in the church
 to Society or had been or in the name of any
 one. He felt was the market price -
