Re: Damage by Fire to Aircraft CF-BRW
Compl. of L. Alsop, Cold Lake, Alta.

Forwarded for your information, being further to
your file 49-46-53.

2. Numerous efforts on the part of our Yellowknife Detachment have failed to produce the expired certificates covering this aircraft and you are requested to obtain Search Warrants in an endeavour to obtain the requested certificates for the Department of Transport.

3. These certificates are now cancelled by the Dept. under Part 11 Sec. 1 Para. 7 (1) and Para. 11 (4) and Para. 9 of the Air Regulations. Alsop is therefore contravening Part VIII para. 14 of the Air Regulations which gives the authority for this request.

4. May we be supplied with the necessary report and certificates in due course, please.
