Winter Overcoats.

It's only a matter of \$'s and days now and a new overcoat will be imperative. The man who buys best doesn't wait until his need is urgent; it may be too late then to get the preferred range of styles—he buys now. Stocks are best, and there's no hurried choosing. On the question of style and on the question of quality—on honest and dependable tailoring, overcoats are in a class by themselves. The best tailoring art applied by the best tailoring brains to the best tailoring fabrics is a combination that's unbeatable. It's the product of that combination that we offer you. If you'd know whether we save you money with our kind of price, ask the man who trades here.

Here's Two Ideal Overcoat Styles.

Anywhere you can get warm overcoats—anywhere you can get nice looking fabrics.

The Chamberlain.

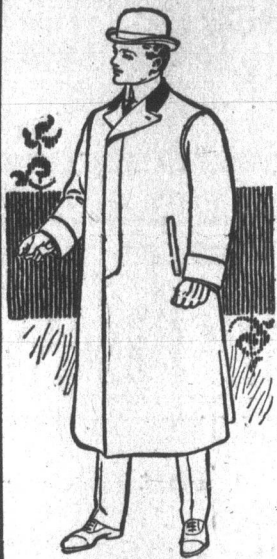

An ideal coat for any man who wants a coat that while not extreme, has the character to it. Designed by one of the leading designers of New York, it has all the little characteristics that generally distinguish the high priced custom made coat. It's cut with a full graceful back, hung from specially made wide concave shoulders. The collar and lapels are narrow and lie in perfect fashion. The coat itself is 47 inches long. We show it in a fine range of the newest fancy overcoatings, in shades of brown, black and white mixtures, plain greys and black.

\$10.00, \$12.50, \$15.00 and \$17.50.

The "Grosvenor."

Here's a coat style that will always be a popular one. First to introduce in Chatham we've kept the leadership by constantly looking for ways to improve it. Now we've got a coat as near perfection as cloths can get. Built with good broad shoulders and perfect hangings, full box back, fifty inches long, collar and lapels, neat and small, that lie perfectly. Made with combination vertical pockets, finished with or without cuff sleeves. A half dozen of the best shades of grey, as well as plain black. Also some nobby things in fancy overplaid in different shades.

\$7.50, \$10.00, \$12.50 and \$15.00.

TURRILL, The Shoe Man

DIED IN THE WEST

James L. Weir, of Robert Hoig's tailoring establishment, received word this morning of the death of his brother, George Weir, formerly of this city and well known to many Chathamites. The late Mr. Weir has for the past year been living in Tacoma, Washington Territory, where he held the position of travelling auditor of the Northern Pacific Railway, having for seven or eight years held a similar position at St. Paul with the same road, being moved to Tacoma last year. The word received does not state as to how deceased came to his death, whether by accident or sickness. He was 50 years of age and a son of Amelia E. Weir, of Kingston, Ont., and of the late Malcolm Weir, former Chatham town treasurer. Mrs. John McKeough and Mrs. R. O. Knight, of this city, are cousins of the deceased.

The remains will likely be brought to this city for interment at St. Paul. The late Mr. Weir was at one time employed by the Lamont's, when they were in business here.

THE SECONDARY INDUSTRIES.

Mr. McNaught Says Mr. Chamberlain is Misunderstood.

Toronto, Nov. 2. — Mr. W. K. McNaught, Chairman of the Tariff Committee of the Canadian Manufacturers' Association, states that the manufacturers are in accord with the resolution in favor of Mr. Chamberlain's policy, adopted at the Board of Trade meeting on Friday evening, though, in his opinion, two or three of the statements made during the evening were absurd.

"With regard to the matter of 'secondary industries,'" said Mr. McNaught, "I believe Mr. Chamberlain was misunderstood in the cables containing his reference to them. I have definite information that it was not his intention that Canada should be hindered from developing whatever industries could be operated in this country with a fair prospect of success. His policy, I think, agrees with ours, which is that Canada's first duty is to herself, and afterwards to the empire."
