

FOR years we have been teaching modern methods in Business Systems such as

- Loose Leaf Systems
- Bill and Charge Systems
- Card Index Systems
- Filing Systems

Everything New of Importance in Office Methods and Equipment at once finds a place in our School. We are up-to-date in every particular. That is why we lead. That is why our Graduates get good positions at good salaries. Please write us if interested. Our Catalogue and "System Book" will be mailed free on request.

Chartered Accountancy

Examinations represent the highest standard of proficiency to be attained by auditors and accountants in Canada. We prepare candidates by our **Excellent Mail Course**, and results prove the merits of our work. For three years we have made a great record. The 1907 examination held in May is no exception. Results just issued show—**Four** out of **Five** successful candidates in the Final examination were our students. That 13 out of 20 who passed the intermediate were students of our course. Think of it! 80 per cent. in Finals, 65 per cent. in Intermediates owe their success to our course.
