SARNIA FENCE FIRST

WHY?

When you invest a dollar in Sarnia Fence you not only make a good investment, but you show your appreciation of the service the Sarnia Fence Company did for the farmers of Canada when they broke up the old-time Fence Combine and reduced the price of wire fence to the farmers to nearly half. Figure how much we have saved you in dollars and cents in the last five years, and if you think we deserve your business let us have your next order.

PLEASE NOTE

The prices listed in the first column of this ad. are good up to Dec. 15. The second column will be effective after Dec. 15, 1915. This advance has been made necessary by the repeated advance in the price of steel. These prices are Freight Prepaid to any station in Old Ontario. Our guarantee applies on all fence sold. Read it.

PRICE

Sarnia Fence is sold direct from Factory to Farmer, cutting out all agents' commissions, dealer's profits and bad debts, and giving you our fence at first cost.

The enormous amount of material that passes daily through our factory has resulted in a most economical system of handling. We can handle our present large tonnage to a better advantage today than we could our small tonnage three years ago.

Combining these features —Our Direct Selling Policy —Our Low Cost of Manufacturing —Our Absolute Guarantee—and the fact that we are not connected in any way with a combine for the elimination of competition, we believe you will give us credit for being in a position to sell you the best fence it is possible to make at lowest cost.

QUALITY

Sarnia Fence is the best known fence in the Dominion of Canada today, which is due largely to the fact that it has lived up to every claim we have made for it. From the first we have used a most rigid system of inspection that insures our customers of getting the most perfect fence possible.

We buy our wire on the open market of the world, and our business is of such a tremendous volume that we are in a position to demand the best. Our wire is galvanized to the highest possible standard, and is all full government gauge No. 9 wire.
