THE CONVOCATION.

On the afternoon of September 18th a large epresentation of our students and their triends assembled in the primary room of the college to hear the opening address of the sees on of 1900-01. The Dean, Dr. celkle, pre-sided, and with him on the piatform, besides the members of the staff, were Rev. Armstrong Black, of St. Andrew's Church, and Prof. Clark, of drew's Charlet, and Prof. Clark, of Trinity University. Rev. Mr. Black was introduced as the lecturer, and his address, or talk, as he called it, was worthy of the man. He spoke as a student to students, and showed a student to students, and showed that he appreciated the difficulties and trials of the student's life. His words were kindly and emcouraging, and we shall not soon forget the words of advice he gave, ar the man who gave

them.

The speaker resumed his seat after holding our attention for early an hour, and we knew that the work of another sees'on, the last for many of us, would begin on the morrow at 9

The route of march taken was from the college on to Yonge to King west, and as far as York, across to Queen, up Queen to Yonge, and then to College, where the boys dispersed for their respective homes, feeling much better after their

introduction to the Queen City. On the occasion of Mr. Archie Anderson's return to the city, after a year's sojourn in South Africa, with the Canadian troops, fighting for his Queen and country, the new Pharma-cists joined hands with the Trinity Meds to do him honor and to give him a reception on his arrival home. At 4.30 the Trinity Meds, numbering 50 or 60, met the Pharmacy students, who numbered 140, and in a body prowho numbered 140, and in a body proceeded down Yonge to the Union depot. It was a true remark which we repeatedly heard along Yonge street, "That was it not for the gentlemanly appearance of the Pharmacy students the Trinity Meds would have made a poor showing." DENTAL COLLEGE.

The Royal College of Dental Surgeons of Ontario opened on Tuesday, October 2nd, at 11 oclock, when stun-ents were registered for the Incoming Lession. A very large number of Lession of the Incoming tession of the Incoming and among them a lady, which event with no doubt make the class feel that they are of the homored ones. The same look and feeling of awe and fear was, as is usual, very noticeable among the freshman class, but their very large numbers will no doubt materially aid in inspiring confidence to such an extent as to insure a speedy

recovery from that feeling which only a freshman knows. We are also pleased to notice the neturn to the conege of a number who wore not permitted to attend the session 1899-00, and who have returned to complete the course, and among others permit us to mention campbell (the genial K. C.), McDonatd and McKay, the latter two of whom will be welcomed, not only by the che football association, but by sport-

the football association, but by sporting circles generally.

The College was formally opened on Tuesday, October 8th, at 5 o'clock in the evening, by Hun. George W. Ross. Time students were assembled en masse and gave the speaker a hearty remption on his introduction to the audience. The speaker, being associated with educational interests in the supleme position which he occupies, gave indeed a very learned in the supleme position which he occupies, gave indeed a very learned and inveresting addless, in which among other things, he said that if dentists, as well as other professional men, were to honestly succeed in their men, were to honestly succeed in their mission to humanity, they must be found in the higher walks of life, in the words of Emerson, "Hitch their wagon to a star," and continue their education long after their college career had clused. A very pleasant feature of the evening was the rendering of several new and popular patriotic songs by Mr. Carnahan, who was ongs by M. Carnahan, who was oudly applauded and encored. The Freshman class received their

histle on Thursday evening, in the lecture () m of the college. The pen-alty attached to the olf-time hustle by the Board of Directors is now so great that the students think it wis great that the students think it wis-to refrain, and we also believe that this year the members of the Fresh-man class made the odds too great against the juniors, so that the Y. The play was hard, and as far as the play went, honors were pretty evenly shared. Varsity's play was loose, but they tackle well, and there is no doubt but they will make a good showing in the scries before A. Gordon Lang, their able captain, is through with them. The score at half time was 5 to 1 in favor of the college, but early in the second half, Wilkie followed from a free kick, and squeed a try for Varsity, which Lang nicely converted.
