

Paint that protects farm equipment

Some farmers neglect their vehicles and implements—fail to keep them well painted—and they are "worn out" before their time.

Every year such a farmer has to buy a "new binder," a "new wagon," or new something else.

It will pay you to keep your wagons and machinery painted with **Lowe Brothers' Wagon Paint**. It is especially adapted to resist the severe action of the elements and insures the maximum life and service from your equipment.

Lowe Brothers' Carriage Gloss gives a hard surface with perfect gloss, requiring no varnish to finish. Paint your buildings with

and you will have the best possible protection at most reasonable cost, for it works easier, goes further and wears longer than other paints. It is "the paint that gives best results."

Saves Money Saves Labor Saves Time

THESE are three strong reasons why it pays to use Bishopric Wall Board and Sheathing.

"Bishopric" makes for a warm house in winter and for coolness in summer. As a substitute for lumber sheathing, Bishopric Sheathing Board will give the very best results. Nail to the outside studding of your building, with lath side exposed, then nail on weather board. This affords double protection and gives insulation between sheathing and siding.

"Bishopric" is strong, rigid and impervious to all weather conditions.

If your dealer does not handle our product we will gladly send you samples and a booklet showing houses built of our materials—together with full details as to cost delivered at your home. 51

"The Home"

"As pretty as a picture." That's what one said of a home enclosed with

"IDEAL" LAWN FENCE

And with good cause, too, for surrounding a magnificent house was a beautiful garden and lawn, unmarked by the rampages of small animals, yet bathed by the glorious sunlight. "IDEAL" LAWN FENCE casts practically no shadow, which gives the flowers along the border the direct rays of the sun.

Well-kept lawns, surrounded with "IDEAL" LAWN FENCE AND GATES, not only add to the appearance of "The Home" and the value of the property, but they make "The Home" more attractive, more artistic. "IDEAL" is not expensive, and can be erected by anyone. It's cheaper than iron or wooden fences, and better than either. We will gladly send you Catalogue No. 136 on "IDEAL" LAWN FENCE and other "IDEAL" LAWN ACCESSORIES.

WE WILL GLADLY GIVE INFORMATION REGARDING THE USE OF

Lime

on your soil. The soil must be sweet to produce good crops. Where sorrel, horse tail, moss, etc., appear, the soil is sour, and you cannot expect the maximum yield of hay, cereal or fruit without correcting this acid condition. Lime Carbonate (Caledonia Marl) will do this. In many instances it has more than doubled the yield. We furnish blue-litmus paper free with directions for testing your soil. Write us for further information. Agents wanted.
