Labatt's Ale.
 A bright, sparkling India Pale Ale made from tested natural spring water, selected barley malt, and a blend of the choicest growth of hops.
 It is wholesome, and will not cause distress to any of the organs of the body. Taken with food it is an aid to digestion, and a cause of comfort after meals. Taken an hour before meals it stimulates the appetite, and prevents constipation. Taken by nervous people at night it acts as a very effective and harmless hypnotic. Taken at any time it will be found palatable and pleasant without any disagreeable after-effects.
 It is undoubtedly better for the convalescent than patent medicines or tonics, of which no one knows the composition.
Ask your Physician about it.

North American Life Solid as the Continent
WAR
 Is full of uncertainties and difficulties, and so is life. Old age frequently finds early visions of future affluence still unrealized, but this is a difficulty which can, to a great extent, be overcome by endowment insurance. It is an investment about the realization of which there can be no uncertainty. If the insured, at any time after three years, becomes unable to pay the remaining premiums he may then take a paid up policy for an amount proportionate to the number of premiums already paid. This is only one of several privileges for the protection of the policyholders. The name
NORTH AMERICAN LIFE
 on a policy is a guarantee of unexcelled security.
 Let us send you full particulars at your age.
