SODA-CRYSTALS (WASHING SODA)

Foreign Soda Crystals—and some of English manufacture—are being extensively offered for sale in this country which are grossly adulterated with Glauber-Salts (Sulphate of Soda), a cheap product which is not only entirely useless for washing purposes, but is even likely to injure the fabrics with which it comes in contact. The Adulterated Soda-Crystals, although nominally lower in price than BRUNNER MOND'S PURE SODA CRYSTALS, are in reality much dearer owing to the large quantity of useless and injurious matter which they contain.
