W. D. Smith, Port Huron, Mich., has just received a check for \$150, which has a story of conscience connected with it. In 1866 he was living in Lindsay, Ont., and borrowed a sum of money from Obadiah Bigelow, paying him an unusually high rate of interest. The check in question was from Bigelow and represented the difference between the rate of interest which he had charged Smith, and the usual rate. Accompanying it was a letter stating that the writer's conscience had bothered him.

Ottawa, March 15.—An order-in-council was approved to-day allowing the law to take its course in the case of Oliver Provost, now in jail at Port Arthur for the murder of three Frenchmen who kept a piggery near Port Arthur. Provost is to be hanged on Friday next, the 17th inst.

Dr. Burgess, Montreal, and Dr. Phelan Toronto, who were appointed by the Minister of Justice to look into the mental condition of the prisoner, have reported that while he is subject to hallucinations he is responsible. Provost was taken from the insanity ward of Kingston Penitentiary and put on trial. It was in consequence of this, which was not submitted to the jury in the way of evidence, that an enquiry had been made into Provost's condition.

Notice.

Notice is hereby given that the partnership heretofore subsisted under name, style and firm of Kunkel & Weiler was on the 25th instant dissolved by mutual consent. The business will be carried on by Geo. Kunkel. All debts and accounts due the said firm must be settled for on or before the first day of April next.

Stick Out YOUR TONGUE!

What for?
 Because it may save your life!

How?
 It is the barometer that indicates the state of your health by its shape, coatings and colors.

For example?
 Well, a pointed tongue indicates irritation and disorder in the stomach and bowels.

The full broad tongue shows want of proper digestive action.

The dry, pinched tongue is the tongue of acute disease.

The fissure tongue proves inflammatory action of the kidneys.

A dry tongue is evidence that the stomach and intestines cannot do much digestive work.

Coating of the tongue is the result of immoderate eating and drinking. The Liver is deranged.

The broad, pallid tongue shows a want of alkaline elements in the blood. It is a danger signal.

The deep red tongue, generally dry, shows acid.

Dryness always indicates nervousness, and diseases of the nerve centres.

Extreme moisture shows the reverse.

Be your own doctor. Examine your tongue. It will show you whether or not you are in condition to stand spring weather changes.

If you are not almost any disease may strike you down. Get in condition at once by using the latest and best spring medicine.

TEST THE KIDNEYS

They Are the Great Feeders of Our Bodies—the Purveyors of the Blood is Dependent on Their Cleansing Powers.

Dr. Chase's Kidney-Liver Pills are the Only Combined Kidney and Liver Pill—that They Have Accomplished is But a Guarantee of What They Will Do.

There's a time to all, old and young, man or woman, when poor health brings trouble, anxiety, and burdens hard to stand up under, and one's efforts to rid himself or herself seem only to be baffled at every turn, and we are prone to grow discouraged. That is not the time to give up—but the time for action, the time to seek out the seat of the trouble, and act as your best judgment and the experience of others will help you, guarding against mistakes in the treatment adopted for your particular ailment.

MELBOURNE, ONT., SAYS:

Spasms Lasted for Hours at a Time—Left Great Aching and Soreness—Dr. Chase's Kidney-Liver Pills Proved His Deliverer.

I was for over six months troubled with very sharp pains in the region of my kidneys, the spasms lasted for half an hour at a time, and left me with great aching, soreness and pain. I tried many remedies, but they did me no good. I commenced taking Dr. Chase's Kidney-Liver Pills according to directions. I had not much faith that they would cure me, but after taking one box I noticed a change for the better. It may seem incredible, but after taking the second box the pains all left me entirely, and I have not had them since.—Amos Carter, Melbourne.

A Boy's Life Saved

"One day my little boy, aged 7, got a fall and hurt his knee. Inflammation of the knee joint set in and the decay of the bone of the leg rapidly followed. Doctors removed over a hundred pieces of decayed bone, but the process of decomposition continued. All attempts to stop it failed. The boy had but a few days' life before him according to all human expectations. Mr. Denham, druggist, Petrolia, advised me to try Scott's Sarsaparilla. I did so, and not only saved but completely cured my boy."—JOSEPH DUNCAN, farmer, Lambton County, Ont.
