### F. B. CARVELL REPLIES TO MR. BURPEE'S STATEMEN

How the Latter's Declaration repared and Signed in

WOODSTOCK N. B., Aug. 8.— L. Carvil I has issued the followin

To the Editor of Press:

Dear Sir.—In the last two issues of "The Press," reference has been made to a declaration by Mr. Frank D. Burpee in my office, regarding a conversation held between him and Mr. Foster during the progress of the Smith trial. As I was not present during the conversation, I have nothing to say about it; but/ feeling that an attempt has been made to show that stempt has been made to show that several deaths ugh there has been some rain every day. However, in spite of the foul weather, the much-dreaded rust has as yet not appeared in the potato, fields. H. H. Smalley, who has one with the last was not present during the conversation. I have nothing to say about it; but/ feeling that an attempt has been made to show that some lines are the other day. He says that since the year began there has been much illness and several deaths in his parish which is declaring to at the time, I feel in fus-tice to myself that I should state to vince, being forty miles from one ex-

few days after the trial Mr. Burpes and Mr. Foster came into my office statement to be signed by Mr. Burpe In the presence of Mr. Foster I asked Mr. Burpee a number of questions as to what took place, and he told me they had a conversation, and that som people must have seen them, because Mr. Smith came to him the day after the trial and told him he was going to have him up as a witness. He told me they had been discussing Scott Act matters, but did not tell either the substance of the words or the conversation relating to the Smith case, and certainly made no mention of the matters referred to in his declaration

which appears in the Press today. He said the conversation did not and amount to much anyway, he was perfectly willing to make presence of Mr. Burpee and Mr. Foster, exactly as it appeared in the papers. The declaration as dictated, ceased within about six or seven lines of the bottom and after the stenographers had gone to the outside office to prepare it, he volunteered the statehim what his decision would be, and everything from that to the end of the the stenographer to put in the remain-

der using his exact words without

calling her back to the inside office. Mr. Burpee waited for a few minute until the document was typewritten when he, Mr. Foster and myself went to the inside office and the paper was laid on the table directly in Mr. Burpee and he and I read it over St. John, Mollie Lingley, St. John carefully, every word having been read by me while he was following it himse'f. In about the middle of the first page the letter "S" was used in place of a "C" and I stopped and changed it with a pen and then finished reading it and he followed and read every word of it himself. He signed it in my office and then went into Mr. Holyoke's office and declared to it. I have in my possession the original document which is open to the insp tion of any person at any time, and must have known every word which it contained, and I am satisfied that Mr. Burpee will not deny the truth of one word to this state-Yours truly,

HARTLAND, N. B., Aug. 7 .- Owing to the scarcity of materials there may be no new buildings erected on the burnt district this year. Keith & Plummer, leading general merchants, who lost their two large three story buildings, have decided not to rebuild until spring. They have rented the Ross building at the upper end of Main street, and while they have not the space at their disposal that the old stores afford, the inconvenience is felt more by themselves than the public for they have managed to lay in a complete stock of all lines.
