### The Game.

Last night's hockey match was the best seen in the rink for this year as far as combination and stick handling are concerned and although the ice was in poor condition the spectators witnessed a lively game.

At twenty minutes to eight the referee sounded his whistle and the teams got busy.

The game opened with a "vim" and the Feildians began to press towards the Vics goal and Cecil Hunt was called on several times to save which was quite easily done.

The puck was passed to Brien who dashed away with it but could not get far as Parnell was waiting to meet him and he did so but was sent to the "stage" for two minutes for fouling "Fred."

### Took Rest Cure.

While Parnell was taking a rest Winter showed every one present a splendid display of individual play but could not score. The Feildians now started in with some clever combination, Strong and Rendell "feeding" the forward line in style. Parnell tried a few shots but failed each time. Morison saw the Feildians were getting the best of the game and started in to do some artistic work, but Charlie Strong met him half way each time and sent the rubber back to the Vics goal.

Lilly on capturing the disc ran towards Hunt who seeing no chance to shoot passed to Shortall, who missed by a narrow margin a splendid chance in scoring.

Pinsent and White now took matters in their own hands and with neat combination and a dash, they beat Hunt and White and landed the first goal. Time, 20 minutes.

### Excitement Rises.

Spectators became excited and the Vics hearing the cheering worked like trojans, doing their very best to try to equalize. White, while the excitement was on, forgot he was playing a hockey match and the referee marched him off for 4 minutes.

White while was taking his rest, Brien and Lilly notched up a goal for their team in less than 4 minutes. The Feildians with a man on the fence, and the Vics a goal ahead of them, worked harder and harder, and Hunt was kept busy keeping the puck from entering. Winter put in some very fine play and was well cheered by all.

The gong sounded for half time with the score 2 to 1 in favor of the Vics.

### Second Half.

The ice became very heavy and soft and prevented the puck from travelling at the rate it should. The players urged on and on and kept the game at "full speed" all the time until Morison was asked to retire for 2 minutes for fouling Winter.

White received a "knock out" blow and play was stopped for a few minutes. Play resumed Pinsent dashed away with the puck but did not get far before he was brought to a "full stop" by Parsons but Referee Higgins saw it wasn't done by fair-play methods and gave "Plus" a seat

## THE ULSTER WARRIORS.

Belfast, Jan. 30.—A standing army of 33,000 is to be formed from the Ulster Volunteers, who will serve in rotation, live in barracks, and receive five dollars a week.

## \$126,000,000 SPENT ON TRANSCONTINENTAL.

Canadian Commission Expended \$14,000,000 in Railway Construction Work in 1913

Ottawa, Jan. 29.—The annual report of the Transcontinental Railway Commission, as brought down in the Canadian House of Commons, shows a total expenditure of \$126,000,000.

The amount spent last year was \$14,000,000, as against \$20,000,000 the year before.

The New Brunswick section was under operation during the year, and produced a revenue of \$32,000. The cost of operation of this section was \$36,000.

## Steamers Collide

### Fifty Lives Lost.

### The 'Nantucket' Ran Down The Monroe And Sent Her To Bottom.

Norfolk, Va., Jan. 30.—Fifty lives, probably less, were lost when the Old Dominion liner, Monroe, was sunk off the Winter Quarter Lightship this morning by the Merchants and Miners' liner, Nantucket. The latter steamer, with bow crumpled and otherwise damaged, was slowly groping her way into Norfolk, early to-day with about 85 survivors.

The Monroe carrier 54 passengers and 73 crew.

It is possible the Old Dominion liner Hamilton, which was near the scene, may have picked up some of the missing; also the revenue cutter, which hurried to the scene.

### Quickly Sank

The Monroe was bound for New York from here, and the clash with the Nantucket took place at 2 o'clock. When the ships separated the Monroe went down.

The Nantucket picked up the survivors in a dense fog. It was probably a head-on collision.

Captain Johnson of the Monroe is reported rescued. This leads to the belief that the passengers, roused in the dead of night, had no time to prepare to leave.

The Nantucket is half the tonnage of the Monroe, and probably rammed a hole in the hull. The tragedy was over in less than an hour.

The Monroe was built at Newport News in 1903. The property loss is \$225,000.

Capt. Berry of the Nantucket reports that the collision occurred 25 miles S.E. of the Lightship. The Nantucket is being conveyed by the Hamilton.

### Crew Loss Heavy.

Washington, Jan. 30.—According to the official report of President Walker of the Old Dominion Line, the loss includes 23 passengers, 24 crew; saved 31 passengers, 55 crew.

Capt. Johnson and all the officers, except the second engineer, were saved.

## Many S. A. Officers To Attend Congress.

### Big Newfoundland Delegation to Go to London For International Gathering.

A party of close on twenty of the Salvation Army officers in this country are arranging to attend the sessions of the International S. A. Congress which will be held in London, England, in June of this year.

Brigadier and Mrs. Moreham, in command of the S.A. in this Country, have decided to attend and with them will go Adjutant and Mrs. Hiscock and Adjutant R. Sainsbury, of St. John's; Ensign Bowring, LaScie; Ensign Earl, Twillingate; Adjutant Simmonds, Botwood; Ensign Newbury, Burin; Ensign Cole, Clarke's Beach; Adjutant Wiltshire, St. Anthony; Ensign Ellsworth, Carbonear; Captain Wells, Catalina; Captain French, Curling, and a number of other officers.

Apart from the advantages of attending the Congress and seeing and hearing the leaders of the Salvation Army from all over the world, the delegates will be able to view the historic sights of old London and will likely visit various other parts of the Old Country.

About 200 delegates will attend from Canada and in all probability some of them will join the Newfoundland delegation at St. John's.

London, Jan. 30.—The World's Congress of the Salvation Army held in London ten years ago, is to be repeated next summer, but on a somewhat larger scale. Representatives of the Army from all parts of the world and of all nations to the number of several thousand will be present, and in their native costumes will make a picturesque gathering. A big corrugated iron building for the seating of 5,000 persons is to be erected on a vacant site in Aldwych, in the centre of London, for the meetings.

At the conclusion of the Congress, 300 of the delegates, representing as many nations as possible, will make a tour of the country. At Nottingham this delegation will take part in the opening of the hall erected by the people of that town in memory of the late General Booth.

## Proceedings Very Dull At the House Yesterday

### Little But Routine Work Done--Some Bills Read And Petitions Presented.

At the House yesterday petitions were presented by Mr. Moulton from Isle au Mortes for a fog alarm; by Mr. Stone from English Hr. for a railway connecting road; by Mr. Jennings from Comfort Cove for a road.

The Bill to amend the Patent Act was read a second time. This Bill provides for the filing of a certified copy of foreign patents, instead of the original.

The Bill respecting Advertising was read a second time: It provides for the regulation of Advertising boards.

The Aliens Act Amendment Bill passed the second reading. It provides that the expression "Immigration ship" in the Act shall mean any

ship which brings to this Colony any alien steamer passenger or passenger. Under the law as at present it means not less than twenty passengers.

The Bill relating to the Inspection of Foods in St. John's was read a second time. This Bill deals with the sale of all foodstuffs, and is introduced on the recommendation of the Public Health Officer.

The Dental Act Amendment Bill was read a second time. It only deals with a change in wording made at the request of the Home Authorities.

The Bill to consolidate the law relating to cruelty to animals was also read a second time. This Bill comes from the S.P.C.A.

House then adjourned till the usual hour on Monday.

## CHIEF OF POLICE WAS LOCKED UP BY A PRISONER.

Then the Man, After Re-Capture, Set Fire to Mattress and Nearly Met A Fiery Death.

Niagara-on-the-Lake, Jan. 29.—To be locked up himself in the cell in which he was about to incarcerate a prisoner, was the novel experience of Chief of Police Watt, of this town. Thomas Sonnelly was remanded to the cells on a drunk and disorderly charge, having not sufficiently recovered from the day he was arrested to stand trial. The chief turned his back to the prisoner for a moment in the corridor of the police cells, when Connolly seized the officer and thrusting him into the cell, locked the door and decamped.

The racket raised by the imprisoned policeman finally brought assistance and Chief Watt was liberated. Connolly was found in a barroom bagging the barkeeper for a drink. He fought all the way back to the cells, but was finally locked up.

When left alone Connolly set fire to the mattress of his cell cot, and his shouts only saved him from a fiery death. He was taken to another cell and locked up after another big fight.

## AMBULANCE RECEIVED FOUR CALLS YESTERDAY.

Patients Were Suffering From a Variety of Causes,—Injuries and Diseases

The ambulance had four calls yesterday. Mr. Snelgrove, who was injured on the Neptune; Mr. R. Walsh, who fell and broke his leg; Mr. John Ross, of Bishops Falls, who arrived by the express suffering from blood poison; and Mrs. Knox, 24 Moore St., who is suffering from inward trouble.
