may attend, and denominational chools may grow alongside of them but they draw no support from the state. So deeply fixed is this idea of separation of church and state especially in educational matters, that no man with regard for his public career would advocate a change from the system. Under the system both public and denominational schools have flourished, and as much as anything else it has helped to preserve the liberty of which we are so justly proud.

With this experience of the United States before them and its undoubted effect in the progress of the country, it is a little strange that two of the most enlightened nations of the old world should at this time be enacting laws which in one istance brings rewith the affairs of state, and in the school facilities. The Rush of Immigrants

New York, May 30 -Immigration s now at the highest point in the history of the country, and the average of the class of people coming here is regarded by some of the offcials; as the lowest Counting the immigrants on board steamships due to arrive today and tomorrow, the immigration for the month will reach the recond-breaking total of 88,500. In May of 1893, the previous recordbreaking month, 73,000 people came into the country in the steerage of the Atlantic liners. The bulk of the mmigrants are from southern and southeastern Europe. Immigration greatly. Seventy per cent. of the minigrants now coming in are from Russia, Austria, Hungary and Italy Most of these are non-producers. The great rush of aliens is due to the ommercial prosperity of this counand industrial stagnation in nearly every European country.

Bay riots has been issued. After mentioning the scarcity of labor, hard times and hatred of the police as contributory causes, the report says :- Our explanation of the disturbances of April 6 is that the rabble, having felt their power on the 5th, renewed the attack on the police the next day, assisted by discontented taxpayers from surrounding villages.

The report also says that the discontent among: the taxpayers was caused by apprehension of increased taxation, under the scheme of government which was afterward abandoned; justifies the firing on the mob; declares that there exists danger of a similar and perhaps more violent outbreak, and recommends that the police force be considerably increased. Inspector Wright of the police, is praised for his conduct in the

Shah Shocks People.

Berlin, June 7.-The shah of Persia took more delight in hearing an American musical machine, of which there is one at the Persian legation, than in listening to all the crack his shirt sleeves for hours enjoying Banner" and other airs. From time to time he handed the operators Persian cigarettes.

The shah found the climate of Germost of his time indoors in his shirt sleeves and when he entered a special train at Leipsic on his way to Carlsbad, he took off his coat, rolled up his sleeves and sat at an open window fanning himself and inexpressibly shocking a large military contingent which was bidding him farewell and whose ideas of propriety never admit that a gentleman may be seen in his shirt sleeves.

The shah is equipped with a letter of credit for 3,000,000 marks, which sum, since his entire retinue are the emperor's guests, has scarcely been touched. Among other gifts the shah gave 10,000 marks to the fund for the relief of the Martinique suf
