GOD SAVE THE KING

**CALL FOR 5000 NURSES.** Washington, March 7—A call for 5000 nurses between now and June 1 for services in military hospitals at home and abroad has been made upon the Red Cross by Surgeon General Gorgas, of the United States. Nearly 7,000 nurses already have been supplied by the Red Cross but the need for more grows imperative daily. Of the eighty or ninety thousand and registered nurses in the United States, General Gorgas estimates that approximately 30,000 will be needed for service in army hospitals during this year.

**IN THE PULPIT.** Prof. Saxby Blair, Kentville, is making an extra good fist at preaching.

On Sunday he preached in three churches in Amherst, Trinity Methodist in the morning, First Baptist in the afternoon and St. Stephen's Presbyterian in the evening on "Food Conservation."—Truro News.

### THE ADVANCEMENT OF AGRICULTURAL EDUCATION.

The promotion of welfare of the agricultural community as a basis for the industrial and commercial prosperity of the country, was the object aimed at by the Parliament of Canada when, in 1913, at the instance of the then Minister of Agriculture, The Honorable Martin Burrell, it adopted the measure known as the Agricultural Instruction Act. By means of this Act the sum of ten million dollars was set apart for distribution among the provinces over a period of ten years to provide for a greater extension of instruction and education for those engaged in farming.

An investigation made prior to the introduction of the measure has revealed two outstanding deficiencies in connection with agricultural development. In the first instance, the response to the teachings of colleges of agriculture and experimental farms was too slow to effect an immediate and noteworthy improvement in the conditions surrounding farm life. The second weakness was found in the fact that little or no attempt was being made to adapt the country's educational system to the specific requirements of country boys and girls. The form of instruction was the same whether the child was destined for employment in the country or in the town.

The placing of funds at the disposal of the provinces in the manner indicated has led to a much wider extension of instructional work among the men and women and boys and girls who are living on the land. A marked development of the short course idea has resulted in the extension of courses in agricultural topics and in household science throughout the country. These courses are designed not only for farmers and their wives but for the young men and women who have left school and are about to actively enter upon the affairs of life. In the schools themselves an attempt is being made to develop a system of instruction which will utilize the objects associated with rural life as a medium through which to educate the child. In the higher departments of education, the efficiency of the provincial colleges of agriculture has been promoted, and, in several provinces, at least, schools of an intermediate grade, between the public school and the agricultural college, have been established. The object of these special schools is to provide vocational training in agriculture and household science. As time goes on and their usefulness is demonstrated, it is certain that, owing to the financial assistance given by the Act, their influence will be greatly extended. How wide a field is being covered by agricultural instruction work is indicated in a pamphlet just issued by the Dominion Commissioner of Agricultural Instruction, Mr. W. J. Black. It is entitled "Agricultural Instruction in Canada," and a copy may be had on application to the Publications Branch of the Department of Agriculture at Ottawa.

Mar. 2/18 sw.

**J. CARROLL,**  
Town Clerk.

We are ready to give orders to farmers to supply us with large quantities of cabbage for our Sauer Kraut Factory. The price will be guaranteed, consequently you need not worry where you will sell it, or what the price will be.

Why not raise cabbage and sell them to us at a profit instead of offering turnips which we cannot sell.

Call and arrange for whatever quantity of cabbage you can supply.

**SUPPLIES LIMITED.**
