THE OLD ADAGE

It Takes Nine Tailors to Make a Man may be true as far as the tailors are concerned, but

WLAUGHLIN THE BARBER can cut your hair and shave you, shampoo and curl your moustache so beautifully that you will hardly know yourself when he gets through his job.

Next door to Armstrong House

Is this

PLAIN ENOUGH?

All goods sold at our store are warranted to be just as represented. If you buy anything which don't prove so, bring it back and we will refund the price. If you find you could have bought the same thing any place else, for less money, come in and we will make a rebate equal to the difference.

A complete stock of Silverware, Watches, Clocks, Jewelry, Stationery, always on hand.

All kinds of repairing on shortest notice by skilled workmen only.

Scientific correction of the sight our specialty.

A TERRIBLE CHARGE

Against a Thirteen-Year-Old South
Grimsby Girl.

IS SHE GUILTY OF MURDER?

Accused of Poisoning an Infant, Left in her Charge—She Denies the Accusation, but Offers a Weak Explanation—She is Now Under Arrest.

ST. CATHARINES, Feb. 25.—South Grimsby has a real live sensation in the shape of an alleged murder case, the alleged murderer being a 13-year-old girl named Lulu Lacey, who lived with the family of Mr. Pierson, of South Grimsby. The girl was brought to the attention of Constable Clarke and will have to stand her trial for the alleged crime.

The victim is an 18 month old child of Mr. Pierson. Lulu Lacey was employed at the Pierson home to do light house work and mind the baby. Saturday Mr. Pierson went to the barn to do the milking and left the baby and Lulu Lacey alone. When she returned to the house the baby was found to be suffering greatly and a doctor was at once sent for. The child, however, shortly afterwards died from the effects of acute poisoning and suspicion at once rested upon the hired girl and she was placed under arrest.

It seems that there was a bottle of medicine in the house, which was procured by one of the brothers of the dead baby for some illness. The medicine contained strychnine, not sufficient to kill a baby. The girl, on being questioned, stated that the baby asked her for the bottle and she would not give it to him. The baby then by some means secured possession of the bottle and emptied a portion of its contents into a glass of water. The girl, however, shortly afterwards died from the effects of acute poisoning and suspicion at once rested upon the hired girl and she was placed under arrest.
