There will probably be no prohibition in Manitoba as a result of the recent legislation, the supreme court having declared the law to be ultra vires of the provincial legislature. It is likely that the case will go before the privy council for final adjudication. When interviewed since the judgment of the supreme court was made known, Hon. Hugh John McDonald said that the law framed at first was alright, but the temperance people pressed for and obtained so many stringent amendments that they defeated the object they were anxious to promote.

Harlem vs. Athens.

On the afternoon of Friday last a team representing the hockeyists of Harlem came to Athens to play the return match with the Athenians. The visitors showed some improvement over the game they put up when last they encountered the Athens players, on which occasion they were beaten 8 to 0; in fact as individuals, they are good skaters and handle their sticks well, but they apparently know nothing of combination work. The result of the game was 14 to 1 in favor of Athens.

The Kingston Fair.

The Alderman of the city of Kingston are wrestling with the problem whether it pays to grant \$500 or more per year to keep the Kingston Fair going. One of them claims that it costs \$1,500 per year to pay interest on the investment funds, which is about all the city can afford to do. He says it certainly is not paying the city to invest any more money in the concern and suggests that the grounds be divided up into building lots in order to wind up the poor paying concern.

Death of Mrs. McConnell.

On Friday last Mrs. Charles Wing went to Vernon in response to a telegram informing her of the serious illness of her daughter, Mrs. B. S. McConnell, but on her arrival she was shocked to learn that Mrs. McConnell had died a short time previously.
