## POLITICS IN BRITAIN.

Lord Rosebery's Withdrawal From Liberal Party Starts Many Rumors.

AN IMPERIAL COALITION PARTY.

\*

London, Feb. 21.—Lord Rosebery's announcement of his final separation from Sir Henry Campbell-Bannerman's section of the Liberal party, announced by the former in a letter to the London Times this morning, forms a fruitful topic for afternoon editorials and for discussion in all quarters of Great Britain. One of the most noticeable phases is the curious effect the letter produced on the wording of the Times' editorial on the subject. Its friendliness to the ex-premier might easily be explained on the ground of Unionist delight at a definite split in the opposition ranks. Its declaration that "what the country wants is not a brand new set of principles, but a new set of men capable of replacing the present set, without upsetting the present set of principles, but a new the set of present set of principles, but a new the set of present set of the set of the

## FEVER VICTIMS.

The After Effects Often Worse Than the Disease Itself.

A Sufferer from the After Effects of Typhoid Tells of His Deplorable Condition—Appeared to be in a Rapid Decline.

The after effects of some troubles, such as fevere, la grippe, etc., are frequently more serious in their results than the original illness, and the patient is left in an almost physical wreck. In such cases as these what is needed is a tonic medicine, to enrich the blood, strengthen the nerves, and put the system right. Mr. L. Barnhardt, a proseneous young farmer allying near Welland, Ont., offers proof of the truth of the statements. Mr. Barnhardt says:—"Some years ago, while living in the United States, I was attacked by typhoid fever, the faver itself, and for months I was an almost total wreck. I had no apparently bloodless and my as almost ottal wreck. I had no apparently bloodless and my an agreement of the mental mental and the book as commercial course and former mentioned my case to another physician, and he suggested that I should take a course of Dr. Williams Pink Pills. I took this advice and found it most satisfactory. Almost from the outset the pills helped me, and I continued their use until I had taken about a dozen boxes, when I felt myself fully restored to my former health, and my weight increased to 165 pounds. I have enjoyed the best of health ever since, and I will always give Dr. Williams Pink Pills the praise they so richly deserve."

These pills are a certain cure for the after effects of fever, la grippe, and the fafter effects of fever, a grippe, and The after effects of some troubles,

and, I will always give so richly deserve."

These pills are a certain cure for the after effects of fever, la grippe, and pneumonia. They make new, rich red blood and strengthen the nerves from first dose to last; and in this way they cure such troubles as anaemia, neuralgia, rheumatism, heart weakness, kidney and liver allments, partial paralysis, St. Vitus dance, etc. They also cure the functional ailments that make the lives of so many women a source of constant misery and bring the glow of health to pale and sallow cheeks. Other alleged tonic pills are mere imitations of this great medicine, and the buyer should see that the full name "Dr. Williams" Pink Pills for Pale People," is on every box. Sold by all dealers in medicine or sent postpaid at 50c. a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Some people act the hog all their lives and then don't get much.

## FOR SINCERS AND SPEAKERS.

The New Remedy for Catarrh is Very Valuab e.

Very Valuab e.

A Grand R spids gentleman who represents a prominent manufacting concern and travels through central and southern Michigan, relates the following regarding the new catarth cure, he says:

"After suffering from catarth of the head, throat and stomach for several years, I heard of Stuart's Catarth Tablets quite accidently and like everything else I immediately bought a package and was decidedly surprised at the immediate relief it afforded me and still more to find a complete cure after several weeks' use.

with hourseness and threat weakness, and on my return home from a trip I gave him a few of the tablets one Sun

and on my return home from a trip I gave him a few of the tablets one Sun day morning when he had complained of hoarseness. He was delighted with their effect, removing all huskiness in a few minutes and making the voice clear and strong.

"As the takiets are very pleasant to the taste, I had no difficulty in per suading him to use them regularly.

"Our family physician told us they were an actiseptic preparation of un doubted merit and that he himself had no hesitation in using and recommending Stuart's Catarrh Lablets for any form of catarrh.

"I have since met many public speakers and professional singers who used them constantly. A prominent Detroit lawyer told me that Stuart's Catarrh Tablets kept his throat in fine shape during the most trying weather, and that he had long since discarded the use of cheap loz siges and troches on the advice of his physician that a they contained so much tolu, potash and opium as to render their use a danger to health"

Stuart's Catarrh Tablets are large pleasant tasting lozenges composed of catarrhal antiseptics, like Red Gum Blood Rox, etc., and sold by draggists everywhere at 50 cents for full treatment.

They act upon the blood and mucous membrane and their commonstition and

Consumption is infectious.

Every precaution should be taken to prevent its spread of the "White Plague." Persons coming into contact with consumptives should imbale Catarrhozone several tunes each day as it is a powerful destroyer of disease germs, and renders them inocuous. Catarrhozone is a most efficient preventice and may be thoroughly refied upon to promote expections, such is consumer to the property of the constitution of the constitution of the consumer to the constitution of the constitution ventice and may be thorroughly reflect upon to promote expectoration, soothe-the cough, and benefit in meany ways too numerous to meetion. Both from a medical and scientific point of view Catarrhozone is the most valuable addi-tion to the armament against consump-tion. Its merit cannot be too warmly applauded. Sold at all druggiese, two months' treatment, price \$1, small size 25:, or by mail from N. C. Polson & Co., Kingston, Out.
