

New, Novel and Special features will be introduced into these Wednesday Bargain Day sales, which will be of interest to every man, woman and child who chooses to make their purchases here. Don't forget!

Among the special things of TO-DAY will be found Dress Goods, Linens, Muslins, Prints, Towelings, Napkins, Boys' Clothing, etc., etc.

Just think of Boys' Clothing at actual cost. These public announcements mean just what they say. Boys' Clothing at cost to-day.

Since some of our exchanges appear to be somewhat skeptical as to the genuineness of a letter purporting to come from a farmer in Maine and address to the Game Commission of that State complaining of the depredations of large game on his crops, etc. One of our staff waited upon Mr. John Robinson Game Overseer for this Co, a man whose name is the synonyme of veracity and who according to the Advance is the best overseer New Brunswick ever had, and that gentleman when shown the letter and some of its contents thereon said that he envied the Maine officer because of his easy time. The name of my existence is the complaints of our rural yeomanry which come to me in a ceaseless stream from all parts of the county. Here is a sample letter and as it was accompanied with a claim for damages may be regarded as public property.

Barnaby River Miramichi N. B. June 1st. 1901.

Mr. J. Robinson Game Overseer, Dear Sir:— I write to inform you that Deer and Caribou are devouring my vegetables and also that Moose are serving my oats and other grains in the same manner. They have consumed all of my potatoes and destroyed my raspberries. My farm is located on what was once "Lant" resort of these animals before I cleared it. I infer this from the fact that when doing chopping we found antlers in great varieties and numbers. Let me say here that these wards of yours served me in the same way last season. A herd of them was seen gambling and fighting like domestic cattle by Messrs. Maloney D. Buckley, J. Coe and myself they actually scared us with the noise and bellowing they made. We often find them with our cattle in the early morning and at sunset.

It is my opinion that the reason they are ravaging our crops this year is because of the ravages of the army worm which is devastating the forest of this province upon which they exist. The popular cry is "look at the hand of the destroying angel had passed over them. It is said by many that the great numbers are to be attributed to your extraordinary vigilance in this respect may, something will have to be done to compensate me for the damages I have sustained and some arrangements devised to protect me in the future. If these wards of yours would remain here in the open season and not migrate to the primeval forests at that approach of winter we would find ways and means to lessen their numbers and of avoiding the fate of Dr. Cox.

Now I had made preparations for the running of a vegetable wagon this summer and have been deprived of many a living in this way. I have had ten acres of raspberries left valueless by these brutes which is a great loss to me and for which I hope to have an allowance made.

Mr. Robinson continued by saying that "The grievance complained of would remain just as long as it becomes known that our woods abound with large game. Sportsmen would resort here from all parts. It seems pitiful to hear so many complaints like that of Mr. Martineau and realize how dense is the ignorance of sportsmen generally as to the resources of the Miramichi and its environments for their gratification. The town of Newcastle because of its geographical situation is the natural depot for sportsmen and if mileage rates on the railroads was reduced and literature disseminated I think the farmers and myself would doubtless begin to feel that after all life is worth living."

In a recent conversation with a railroad engineer the writer was told that the superintendent of big game was a menace to railroad men. They were a source of danger as they did not seem to realize the danger of a locomotive and were frequently killed. They broke down fences along the line and made extra work for the section men.

Mr. John Williamson recently had an exciting race with the monarch of the forest. He is engineer on the night freight and one morning recently while taking his train up the grade north of Newcastle he saw a large moose trotting along the railway track about 100 yards ahead of him, he pulled out and gradually caught up to his majesty until he was running neck and neck. The moose kept up for some time when he came to a low place in the fence over which he was able to get. Mr. Williamson says it was an exciting race and that the moose seemed to enter into the contest with spirit and showed no fear.

On July 2nd Bishop Rodgers of Chatham will be fifty years in the ministry. The jubilee was fittingly celebrated at St. Mary's Convent Monday afternoon. An appropriate programme was carried on by the scholars attending that institution.

An address to the Bishop was read by Miss Nan Quinn to which the Bishop replied. Bishop Barry and Hon. Judge Wilkinson also addressed those present.

There were quite a number of visitors present.

The Convent was beautifully decorated for this occasion.

THIS IS Bargain DAY at the store of R. N. WYSE.

2 DAYS. 2 DAYS.

Friday, August 2, 6.40 a. m.—Leave St. Andrew's and St. Stephen for St. John.
Saturday, August 3, 5 p. m.—Leave St. John via I. C. R. for Quebec.

HUNDREDS OF LIVES.
Lost in West Virginia Mining Region.

ROANOKE, W. Va., June 23.—There was a great deal of excitement and anxiety created here today when it was reported that an awful flood and cloudburst had swept over the Elkhorn coal field in West Virginia. Saturday night is pay night in the coal fields, and it is supposed that the miners had flocked into the towns in the district to do their trading. There is no telling how many of them were caught in the flood and drowned. It is said by the telegraph officials that the mines are useless between Kenosa, W. Va., and Bluefields. It is estimated that 200 lives alone were lost at Kristone. The flood seems to have extended over a vast extent of country and the hundreds of mountain streams becoming swollen, only served to swell the Elkhorn river until it assumed large proportions and carried destruction in its wake. Railroad ties, small buildings of all description, telegraph poles, huge boulders, every imaginable movable thing that came within sweep of this mighty torrent of maddened waters went down the mountainous district. In the scorching, roaring mass of debris, dead bodies could be seen floating. Along the valley the total loss of life will probably reach 200 or 250. Possibly this number will be swelled when fuller details are obtained. It is unknown how far back into the mountains the storm eddied and it will be days, perhaps weeks, before all the storm stricken country is heard from. The flood has not only damaged the Elkhorn Valley but at its state that every one of the 23 bit top coal operations or plants has suffered to some extent.

THE NORTHUMBERLAND LIBERAL ASSOCIATION.
There was a meeting, at Masonic Hall, on Thursday, of a number of those who had been summoned by postal card to attend the annual meeting of the Northumberland Liberal Association. There was a committee in charge of the door, with a constable, and those whose names were not on the list were informed that they were intruders. As there were only two or three of these, not enough to give trouble, they were not expelled. President Kerr was in the chair, and there was nothing but routine business to be transacted. Mr. Geo. Watt and Mr. Warren C. Winslow disturbed the harmony of the proceedings by remarks that were deemed irrelevant. Mr. Winslow was finally told to sit down, and informed that he was out of order. He and a few others left the hall, and perfect harmony prevailed thereafter. Mr. Kerr and Mr. Murray were re-elected President and Secretary. We are informed that Mr. Winslow took exception to the manner in which the meeting had been called, and contended that the call should have been public and directed to the Liberals of the county, so that all might attend. After making his protest, and getting the ruling of the chair on it, he and the few members of the Morrissey wing of the party who had attended withdrew.—World.

Ask for Minto's and take no other.

OVER THE WIRES.
Mad Mullah Defeated A Reverse in SOUTH AFRICA.
Barque Iris at Pictou. Two Little Boys Burned at Seerbrooke.

Mad Mullah Defeated.
ADEN, June 22.—The Mad Mullah after the recent repulse by Captain MacNeill of his attack upon British Zareba, accidentally encountered the main British force of cavalry and mounted infantry, which immediately attacked and routed the Mullah. The pursuit was continued throughout the night. A hundred of the enemy were killed and the Mullah and the Sultan of Nur narrowly escaped capture. The British force lost seven killed and wounded.

Mishap to British.
BRADLOCK, Cape Colony, June 22.—In an engagement at Waterloof June 20, the British lost 8 men killed and two mortally wounded and had four men seriously wounded.
In addition, 66 men of the Cape (Colonial) mounted rifles were captured. The captain of a Boer squadron is reported to have been wounded and one Boer killed.
Southampton, June 22.—Before sailing for South Africa this afternoon, J. X. Merriman, one of the Boer delegates who have been agitating in behalf of the youth African republics, said:
"I believe the British working men are at last discovering that they have been tricked into the war. They have had to do all the fighting and all the starving, but are getting few rewards. South Africa will be poorer and wagner will be lower. Johannesburg will never see her former days again. I cannot say I am satisfied with the result of our visit, neither am I disappointed."

Lord Kitchener has as yet sent no report of the Waterloo mishap.
Recent events in Cape Colony seem to prove the Boer invasion of that country to be serious.
A letter to the Daily Mail dated Cape Town, June 5, confirms the pro-Boer report and says the invaders number anything from 7,000 to 10,000, that they are awarming all over the eastern and midland districts and getting recruits and horses.
Monument to Laura Secord.
NIAGARA FALLS, June 22.—A fine monument to Laura Secord, the famous Canadian heroine, was unveiled in Lundy's Lane cemetery this afternoon by Mrs. Geo. W. Ross, wife of the Ontario premier. The event was under the auspices of the Ontario Historical Society. This is the first public monument to a woman in Canada, and is the work of the Canadian sculptor, Miss Peet, of London, Ont.

Sad Fate of Two Boys.
SHIMMONS, Que., June 21.—Two lads, eight and 12 years of age, sons of B. Desrochers, went into a hayloft Saturday night with a lamp. It exploded, setting fire to the hay. The younger slipped into a manger, where he suffocated. The older brother in an unsuccessful attempt to rescue him, received burns from which he died this morning.
Arrived at Pictou.
Pictou, June 20.—Norwegian barque Iris arrived here on the 19th, to go on ship to repair. She struck on Clatham bar and is leaking badly and will have to discharge her load of deals before going on the Marine slip.
Accident on I. C. R.
AMHERST, N. S., June 21.—Frank Griffin a brakeman on I. C. Thompson's special, was run over here last morning. While shunting Griffin slipped while attempting to get on the engine and he fell with his legs on the rail. The two wheels passed over the left leg, severing it above the ankle. Griffin is 25 years old.

JUNE WEDDING.
Mr. T. W. Butler, the popular barrister of this town and Miss Mary A. Holohan, daughter of E. Holohan, of this town were married yesterday morning at St. Mary's church.
The ceremony was performed by Rev. P. W. Dixon. The groom was supported by E. J. Desmond, M. D. while the bride's sister, Alexis, acted as bridesmaid. The bride's costume was of white muslin, with a white chiffon hat. She carried an exquisite bouquet of roses and maidenhair.
The church was beautifully decorated with potted plants and cut flowers, etc.
Immediately after the ceremony the choir sang high mass.
Miss Quinn rendered the wedding march in her best style.
The happy couple drove to the bride's home where they spent the day, returning to the home of the groom in the evening. They leave for an extended tour through Upper Canada, Niagara Falls, Buffalo and other places, followed by the best wishes of their many friends.
The presents to the bride were numerous and costly.
