

RACES MARRIED BY ROUGH RIDING AT WINDSOR.

Lord Elam Won Canadian Two-Year-Olds Race ---Harrington Well Ridden by Slater.

Detroit, Mich., Aug. 10.—Yesterday's feature race, a handicap at seven furlongs, in which some of the best horses here started, was marred to a considerable extent by rough riding and resulted in an injury to John A., which will cause his retirement as a racer.

It began soon after the start, when rounding the first turn Ben Double being almost thrown. All Red was the next to suffer and in turn as the race progressed, Ada Meade, Howard Shean and Charlie Eastman were all injured, making a strong bid at the straight turn, was jumped on and his off hind leg almost cut in two. Centre Shot had clear sailing for the entire trip and won throughout. All Red was lucky to secure an opening at the stretch turn and showing improved form finished fast under weak handling and took second place from the outsider, Howard Shean.

The usual interest was displayed in the jumping race and it furnished an upset in the defeat of Class Leader by Harrington. Bell the Cat and Huddy. This trio dominated the running for the entire trip in the order named. Class Leader put up a bad performance and was never a prominent factor.

Yesterday's card, excepting the handicap, was ordinary and resulted in listless sport. Betting was brisk and 28 layers were again in line. The defeats of Class Leader, John A., Banives and Golconda enabled them to recover some of their recent losses. The inconsistent Gildedear, which has been showing nothing in recent races, furnished the only bright spot in the closing race. King Avondale, which former rider Hugh Penny acquired for a nominal price at Fort Erie, won at his first asking for his new owner when he led home a fair band of sprinting contenders. Ozana, the shortest-priced favorite of the afternoon, came away to a good victory in the fifth race. Lord Elam proved the best of the Dominion-owned youngsters, but had to stand a hard drive to take the purse from Jolika in the opener. Bedminster, another Dominion-owned two-year-old, took the measure of a good band of youngsters in the fourth race.

for which J. W. Schor's latest purchase, Banives, was the favorite. The judges got after some of the rough riders during the afternoon and handed out sharp cautions to several of them. Korbelt came in for a strong lecture for his impeding of Edgely and Mike Jockey. Kennedy was fined \$25 by the starter for disobedience at the post and Jockey Ganz was suspended for four days for a similar offense.

J. McLaughlin, jr., has turned over his care to A. W. Dayton, who will make a jumper of him. The veterinarians who examined John A. announced that the colt was practically ruined for further racing purposes. Summaries: First race, selling, pure \$400, Canadian owners, five furlongs—Lord Elam, 107 (Rogers) 9 to 5 and out; first: Jolika, 103 (Rice), 10 to 1; 2 to 1 and even; second; Charman, 103 (Kennedy), 5 to 1; 2 to 1 and 7 to 10; third: Time, 1:01 2-5. Lady Etna, Louis Reil, Lady Bass and Winter Day also ran.

Hamburg Belle After Dillon's Record; to Beat 1:58 1-2 Without Wind Shield

HAMBURG BELLE, 2.02%.

Hamburg Belle will endeavor to lower the world's trotting record at the new grand circuit track, North Randall, O., Thursday, Aug. 12.

To perform this task she must trot a mile faster than 1:58, the time made by dainty Lou Dillon at Memphis, Oct. 23, 1904, when the trotting queen followed a runner drawing a wind shield.

And—take note of this—Hamburg Belle will be sent after the glittering bauble, paced by runners of

course, but the runners will be at her side, or behind her, and not in front, drawing a shield.

That the great daughter of the marvelous Axworthy, 2:21 3/4, is right, was demonstrated the first week of the grand circuit, when over the Detroit track she stepped a mile in 2:02%, over a slow track and in the face of a strong wind.

Hamburg Belle will be driven by W. J. Andrews, who has been preparing the mare for her great effort all season, and who is confident that over the lightning track at North

Randall, the weather being favorable, she will hang out undreamed of figures.

Hamburg Belle is a smallish, dark bay mare of exquisitely blood-like finish and rakish, racy conformation. She was bred by E. T. Bedford, of Brooklyn, at his farm near Newark, Conn., and is owned by Edward and Jos. Madden, of Hamburg Place, near Lexington, Ky., who purchased her last fall from her breeder. When purchased, the mare was known as Sally Simmons II., the name being taken from her dam.

JOE GANS, PAST MASTER OF BOXING, SICK IN DENVER.

Former Middleweight Champion, Stricken With Consumption, Has Gone to Colorado in an Effort to Save His Life.

Denver, Col., Aug. 11.—Joe Gans, "the old master," and possibly the most clever man that ever donned a fighting mitt, is in Denver, but, sad to relate, he is not here to look for a fight in the royal arena. Instead he is here to fight against the germs of tuberculosis, an opponent far more dangerous and having a greater knock-out punch than any man that he ever met in the ring.

The news that the colored light-weight was in town struck the fight fans as would an avalanche, and every "bug" in the city yesterday was going about saying:

"Where is Joe Gans?" Joe is in town, but, due to his critical condition his physicians have deemed it necessary to keep from the public the address of the ring veteran, fearing that any demonstration would prove fatal to the "past master of the padded arena."

Joe, accompanied by his wife, is living with friends at a little home in Thirty-fourth avenue, and there is but one man in the city that knows his address, and that one refuses to give out the information that in all probability would lead to a great demonstration for the colored fighter.

The report that Joe Gans was near the same man after his 43-round fight with Battling Nelson seems to be true. At any rate, the former champion has been deteriorating ever since that eventful Labor Day, when he won the championship of the 133-pounders.

That was a great battle. One man, a fierce slugger and plunger; the other, a clever ring general who could deliver sharp punches; not the ones with enough steam in them to put the "sleeping punch" into the body of his white, bulldog opponent.

According to the information obtained, Gans will leave in a few days for Colorado Springs, that is if his condition will permit. He has an exceptionally good game when in his prime. He fell a victim and all is gone but his record and memory. Hermann Long, another of the great ring fighters, is on the verge of the brink that separates the living and the dead. Long is in Denver right now and his friends are momentarily awaiting the news of his death.

There are numerous other athletes and sporting men who might be mentioned who have been about to pass away with this dread disease.

CRICKET

Here is a brief description of the Ontario team which will meet Quebec at Rosedale next Friday and Saturday.

S. R. Saunders (Toronto) is the best outfielder in Canada. His batting is first class, being a combination of strong defence with great punning power. He puts the wood to every ball and is not satisfied to let the ball hit the bat. He will captain the team.

H. G. Davidson (Toronto) is a sound bat, with considerable punning power, which he does not use enough. He is a sure run getter, but has a bad habit of getting his leg in front of the wickets. He is a good bowler and first class fielder.

N. Seagram (Toronto) is a fast medium left-hand bowler. He gets considerable swerve and comes in fast from the off. He is a grand fielder, particularly in the slips and often makes runs when better batsmen fail. He is not troubled with nerves and is a hard worker.

F. C. Evans (London) is a very fast scorer with terrific hitting power, is likely to win a game by himself. Opposing

captains have to be very careful about declaring with Evans against them. A good fielder and useful change bowler. The most dangerous man on the team.

A. H. Gibson (Hamilton) is the prettiest bowler on the team. His great strength is his patience and ability to time the ball. His hard forward play to the off and his beautiful stroke to the leg, made with so little effort, are very pleasing to the cricketer's eye; good field and good slow bowler, in baseball, is coming off the ground fast; has scored over 900 runs this season.

G. H. Southam (Hamilton), free hand hitting bat. Scores rapidly all around the wickets, should get a little more over the ball in late cutting; scored 59 and 65 against Quebec last year. He is a grand fielder, being a sure catch and having quick return. Worth many runs to his side, but is lucky.

G. Brown, (St. Paul's) is a good medium pace bowler; uses his head. Good fielder and likely to make runs when needed.

D. Corder (St. Paul's) good wicket-keeper; plenty of pluck; should make more runs than he does.

H. S. Reid (Rosedale) scores consistently. Good medium pace bowler and first class fielder.

J. Bell (Rosedale), good bat with great hitting power, but a little careless at times, occasionally pulling around. Good fielder and useful change bowler.

W. Short (Grace Church), fast right-hand bowler, with easy action; makes the ball come off the ground very quickly. Good bat; first class fielder.

The Quebec team, which is composed of W. C. Baber, McGill C. C. (captain), H. Ackland, Ottawa C. C.; W. Johnson, Ottawa C. C.; D. C. Campbell, Ottawa C. C.; H. J. Heygate, Ottawa C. C.; O. Wallace, E. E. Wallace, E. H. Thompson, C. F. Goodwin, Montreal; R. S. Hart, Lachine C. C.; G. McDermott, Osborne C. C.; is also a formidable aggregation.

Although Dyer Saunders is on the hospital list with a badly battered thumb, an injury received in the recent Philadelphia trip, and Lovensburgh and Wooley and one or two others are unable to play, still the team which will represent Ontario should give a good account of itself. In batting it is strong almost all the way through, and in fielding it is above the average. Its weak point is in bowling. But as there are practically no really first class bowlers in either east or west this year, the Quebecers

THE RETAIL LEAGUE.

Stanley Mills & Co. Won From Finch Bros. Last Night by 21-19.

There were several brands of excitement prevailing around the Victoria Park last evening, and the cause was easily discernible when one looked across the park and saw the crowd watching at the crucial moment, in the seventh inning of the game between Stanley Mills & Co. and Finch Bros., in the regular game of the Retail League series.

At that time the score stood 7-7, and it looked as if the game would have been drawn out into a ten or twelve, but it was at the crisis the Stanley Mills boys resounded nobly, and when the dust of the battle had cleared away they had made ten runs, which, in a measure, made the game safe. However, it was not over until Finch Bros. team had its last, for in the last three innings they annexed enough runs to put them within two of the winners.

During the first half of the game it was largely a comedy of errors, some of the players on both teams being slightly out of practice, but towards the end of the game the Mills team put the screws on and tightened up good and hard. For the winners, Williams at first and Smith's short play, an exceptionally good game. Whittington and Oakes were the batteries, and both played a steady game. For Finch Bros. Avrey caught nicely, and McHaffie in right, with Cheriton and Finch covering second and first, held the Mills team down to a hard figure.

The standing of the Retail League is as follows:

Won.	Lost.	To Play.	
Stanley Mills	4	0	2
Finch Bros.	2	2	2
G. W. Robinson	1	2	3
Wilkinson & Kom-	0	3	3

Next game: G. W. Robinson vs. Wilkinson & Kompass, on Thursday night at 5 o'clock.

ROSEDALE GROUNDS FOR BALL TEAM.

No decision has been arrived at by the Toronto Ball Club as to the future playing ground of the Leafs. Both Rosedale and Scarborough Beach are available, with the chances greatly favoring the former. The Scarborough people have offered their grounds on generous terms, but the fact that their field is somewhat on the small side will likely cause Rosedale to be given the preference. There are no games scheduled till next Monday, when Montreal opens a three-day five-game agreement. At its conclusion the Leafs play away from home till the following Monday. From then till September 18 the Torontos are booked to play on the home grounds almost without interruption. However, with more than two-thirds of the local schedule finished and several days in which to complete arrangements, the Island captropie will not likely affect the ball club as materially as it would have under other circumstances.

BOWLING

On the Victoria bowling green last night the second round of the individual competition for the Dr. Edgar trophy was finished. The scores:

W. Mulveney	15	F. Claringbowl	10
C. E. Burkholder	16	G. C. Horv	13
E. Skelton	15	T. Morrison	10
G. C. Martin	15	J. M. Eastwood	7
W. S. Moore	15	Chas. Peebles	14

LABOR DAY PICNIC.

One of the features of the Labor Day picnic at Dunlop Park will be a softball tournament, open to all indoor baseball teams in the city. The game is very popular here at present, and it is expected that the tournament will create a great deal of interest, as the prize to the winning team will be worth \$25. The committee in charge of the athletic meet to be held at Britannia Park at night

THE INDIANS EASILY TRIM THE LEAFS.

Toronto Lost Again at Newark by Score of 11-3 ---Philadelphia Trimmed Detroit Again.

Newark, N. J., Aug. 11.—Upon hearing of the fire which, according to telegraphic despatch destroyed Hanlan's Hotel, where most of them made their homes, the Toronto players just rushed through yesterday game for the sake of the game, and incidentally lost to New York by the score of 11 to 3. It was a sad sort of exhibition. The Leafs seemed to have all their thoughts on the condition of affairs at home, and put up little resistance, letting the Tigers walk away with the game.

Right off the reel the locals put a damper on the game by scoring three runs in the opening inning, as a result of two passes, a single and a double. Pitcher Pfeiffer, who has been twirling gilt-edged ball up to today, was derelict in the second inning, but Lee, who succeeded him, was just as easy a target. The Tigers continued to gather runs in clusters, and the finishing touches were applied to the affair when Jack Kelly pumped the pellet over the left field fence for a home run with two men on the pillows in the seventh inning. Toronto scraped up two runs in the second on Mahling's single, Weidensaul's two-bagger and a safety by Pfeiffer. As a result of that assault pitcher Frill was yanked out of the box, and Mueller, who was chased to the rescue, held the Leafs well in check thereafter. Kelley's men scored their final tally in the fourth when Weidensaul uncorked another double and Frick did the rest with a safe drive to centre.

AT JERSEY CITY. Jersey City, Aug. 11.—Rochester was again stung by the Screamers yesterday, Milligan allowing them only one hit. Timely hits by the home team helped them to victory, but in the main the game was a pitchers' affair.

AT PROVIDENCE. Providence, R. I., Aug. 11.—Providence knocked Taylor and Vovinkel out of the box, and Buffalo was forced to take Wood from behind the plate in the seventh inning yesterday. Buffalo also hit Lafitte hard and errors figured in the run getting for both sides.

AT BALTIMORE. Baltimore, Aug. 11.—Baltimore again defeated Montreal yesterday in a well played game. The locals won by bunching their hits on Wickes. Alkins pitched a good, steady game and received excellent support.

IN THE AMERICAN. At Philadelphia—Philadelphia yesterday defeated Detroit for the third time in the series of four games. The score was 3 to 1, and the score tied them as leaders in the championship race. Maxey Jennings, in the hope of increasing the batting strength of his team, bunched Rossman, shifted Crawford to first base and sent Killifer to centre. Plank brought in the first run when his seeming drive bounded over Killifer's head and gave him a home run. In the seventh Collins beat out a grounder to

WILL COST SOMETHING TO SEE KETCHEL-LANGFORD GO.

New York, Aug. 11.—The officials of the Fairmont A. C. have decided to enlarge the seating capacity of the arena for the battle between Stanley Ketchel and Sam Langford on September 3rd. The club house is not large by any means, but the architects say room can be provided for 2,000 members. The Ketchel-Langford affair will be so great an attraction that the club has reached the conclusion that extra prices must be charged for reserved seats and for that reason a tariff of \$10, \$20, \$30 and \$35 will prevail. The club officials say there can be no interference with this important fight. They secured a permanent injunction from the Supreme Court against the police department some time ago, and have been careful to comply with the law in conducting all of their shows.

Willis Britt, Ketchel's manager, says that Langford is afraid to meet the middleweight champion in a long fight, and that he accepted the Fairmont Club's ten-round bout proposition for this reason.

FOUND GOLD.

Bulawayo, South Africa, Aug. 11.—Growing reports have been received here of the discovery in the Abercorn district of British Central Africa of gold deposits similar to the Rand formation, which are said to extend over an area of six miles.

O'Leary, stole second and Davis singled. Davis was thrown out trying to steal second. Murphy's triple scored Collins. Barry was hit by a pitched ball. When a double steal was attempted Murphy was caught between third and home, but he scored when Moriarity dropped a throw. Detroit scored its only run in the eighth, when, with bases full, Killifer's sacrifice scored McIntyre. Score: Philadelphia 3 7 1 Detroit 1 10 1

At Boston—Timely hitting gave Boston yesterday's game with Chicago by a score of 3 to 2. Score: R. H. E. Chicago 2 8 3 Boston 3 9 0

IN THE NATIONAL. At Chicago—Three singles with an out gave Chicago enough runs in the second inning to win yesterday's game. Brook-

lyn went all to pieces in the sixth, when six runs were piled up on two bad errors, a gift, a sacrifice and three hits. Score: R. H. E. Chicago 8 7 1 Brooklyn 1 6 2

At Pittsburg—Pittsburg defeated Boston yesterday in a twelve-innings game by a score of 2 to 1. Brown was wild in the first inning, and scored in a run on four consecutive bases on balls. The winning run was scored when Gibson was given a pass, advanced to second by Adams's sacrifice and scored on a single by Leach. Clark was put out of the game in the eleventh inning for making a remark distasteful to Klem, and Wagner took his place.

At Cincinnati—Muffed bases by Hughes and Beecher, a two-base hit by Bates and Downey's wild throw to the plate gave Philadelphia two runs and the game in the eighth inning yesterday. Only one of the locals reached third.

At Cincinnati—Muffed bases by Hughes and Beecher, a two-base hit by Bates and Downey's wild throw to the plate gave Philadelphia two runs and the game in the eighth inning yesterday. Only one of the locals reached third.

COMMENT AND GOSSIP

COMMENT AND GOSSIP

At a meeting of the members of the Hamilton Rowing Club held last night it was definitely decided to hold a rowing regatta at the Beach either on the 28th of August or on September 4th. Invitations will be sent to the rowing clubs at Toronto, St. Catharines and other nearby cities, and a regatta on the Henley scale will be the aim of the committee in charge.

Jimmie Cosgrave, the famous single sculler, and Butler, both of the Argonauts, have promised to be here, and a race between these two is worth going some distance to see. Arrangements will be made to get an eight-oared shell for the local boys, who will row against the junior eights of the Argos and Dons.

The regatta is not to consist entirely of rowing races and the Beach residents will be given a chance to participate. Double and single canoeing events will be on the programme and the following committee has been appointed to secure entries: R. Tasker Steele, Roy Moodie, Bert Hooper, Don Cameron and Ernie Work.

It has been some time since the people of Hamilton have canned in local waters, and record-breaking crowd will likely be at the Beach to see the rowing.

Hamilton now has a four that any city would be proud of and after their showing at the Royal Canadian Henley, at Port Dalhousie, and at the National Regatta, at Detroit, where they won the intermediate championship, the boys should be given every encouragement.

A contemporary suggests that Jeff couldn't have been banking on such a roaring good time at Carlsbad, inasmuch as he took Mrs. J. along with him. Wonder what he thinks Jeff went to the baths for, as a cloak for a bust.

A disgusted fight fan remarked the other day that now the big fellow is in the middle of the Atlantic, and wireless talk is so expensive, perhaps we would be able to pick up our daily dope sheet without seeing, in big letters, what Johnson or Jeffries had to say about each other. Not so, don't bluff yourself into any such belief as that. Sam

Berger is still with us, and Sam has the power of attorney to do all the spieving.

It is rumored around the major league circuits that this will be Fred Tenney's last year with the Giants. Just how this report started nobody seems to know, but players have been handing it from one to another for some time. Tenney broke into fast company in 1893-94 when Frank G. Seale, then manager of the Boston Nationals, picked him up at Brown University, where he was catching great ball for Pitcher Sexton. Tenney soon replaced the veteran, Tom Tucker, on first base, and has been playing that position ever since. It is said that Tenney recently subjected McGraw's management to severe criticism, which was published in a Pittsburg newspaper. The veteran first baseman was quoted as saying that it was a serious error to trade Bresnahan and to refuse the salary demands of Donlin; also that the treatment of Seymour was unjustified. McGraw evidently believes that Tenney will more than fill Tenney's shoes and intends to let the young first baseman have plenty of experience during the rest of the season.

The employment of scouts for playing talent by major league clubs is becoming general. In the American League the Highlanders have Arthur Irwin, Duke Farrell and Eugene McCann scouring the country. The Browns have the veteran Jack O'Connor on the lookout. Ted Sullivan is said to be the agent of the White Sox and Deacon Jim McGuire is slouching for Cleveland. The Detroit club's scouts are Frank Dwyer and Jimmy Callahan, while Mike Cantillon, a brother of the Washington manager, is working in the interests of the Senators. Connie Mack, of the Athletics, has half a dozen secret agents at work, and is believed to have strings tied to more than one hundred minor league players. The Boston Red Sox have several scouts in California, with others in various parts of the East. South and middle West. Dan Broutners is wearing rubber shoes in behalf of the Giants and Brooklyn's scout is Tom Daly. Tommy McCarthy, once Boston's star left fielder, is on the lookout for the Cincinnati Reds. Barney Dreyfuss and Louis Heilbroner do the detective work for the Pittsburg, and Billy Gilbert, the
