FREE TRADE IN MONEY BUT NOT EGGS Wood and the rest of the new dis-

charge and invest the same in the south instead of east and west. financial markets of the United Sir William Van Horne is rig

the farmer to send his produce into the United States free of duty, funds drawn from Canadian deit must be doudly wrong for the Canadian banking institutions to and Brazil and Mexico and Porto take the savings of the Canadian Rico and the southern States, may people and invest the same in hort or long leans in the financial markets of the United States.

The loyalty argument advanced that they, too, might be able to do by such gentlemen is only a mask for extreme selfishness.

r extreme selfishness.

They want to deay to the farmthe same privilege of free acthe same privilege of free acer the same privilege of free access to the United States of America which they exercise for them-

Why should there be free trade closing all his branch banks in in lending money between the United States of America and Canada, and no free trade in dairy his South American ventures. We produce or the produce of the have simply got to keep business field and forest?—Moncton Trans- flowing in east and west lines or go to everlasting smash.—Toronto cript.

"SICK AND ASHAMED."

Sir William Van Horne, who, it is stated, has "just returned from Cuba," says regarding the reciprocity agreement:-"I am sick and ashamed-too sick and too ashamed to say anything about the sub-

We do not wonder that Sir William is ashamed. He has been spending his time in Cuba, just like any other absentee landlord, and on his return home finds that Ald. T. W. Butler but unceremon. the tenants on the old estate are jously voted down by all of his setting out of hand. They have colleagues present, has been ensisting on wintering in Cuba, but they do insist on what is likely to prove the "farthest south" for most of them, an occasional trip to Buffalo or Detroit to dispose of a load of hogs or try their livels at Buffalo or Detroit to dispose of a load of hogs or try their luck at swapping horses with some adven-

And on whom must the blame be laid for this unholy desire to do business with the people to the south? Sir William recognizes himself as one of the culprits. He does well to be ashamed. He and Sir Edward Walker and Sin William Mackenzie have been making A Son of Rev. G. F. Dawson of the path to the south straight and level for the farmer and the lum berman. Sir William some years ago took to Cuba a part of that ample fortune of his—"made in Canada"—and his splendid abilities as a railway administrator, and joining with him a number of United States capitalists whose fortunes had not been made in Canada, he built the Cuban raiway, of which he is quite properly President and proud. A Canadian bank is treasurer of the railway and it is reasonably certain that a good deal of Canadian money followed Sir William Mackenzie. This broad Dominion is not broad enough to keep that doughty railway Knight on east and west lines. He has been a chief factor in the creation of the great rail-

UNION ADVOCATE Canada's Open Door. EIRST UNIVERSAL

This is the second of the series of articles on Reciprocity republished from the Canadian Century to which reference was most inspiring sights of the most inspiring sights of history If paid in Advance, \$1.00; End of Year, \$1.25; American (in advance,) \$1.50 made in our issue of last week.

Peril.

From The Canadian Century.

The largest deputation of farmers province dairy and farm produce to the of the cotton crop of the south rn had paid high prices for their little rell estimates that there cannot dairy and farm produce to the of the cotton crop of the south rather than 1 the produce to the constant produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce to the cotton crop of the south rather than 1 the produce that there cannot consumers that there cannot the states and makes a good thing farms and spent time and money in planting trees. They showed that the state that there cannot less than thirty million fruit trees Canada now, and he thinks that state and rather the planting trees. They showed that the state of the orchards of Canada now, and he thinks that the south is so widely scattered as the British that new sub-divisions were constant; the canadian produce to the continuous that there cannot less than thirty million fruit trees. Canada now, and he thinks that so widely scattered as the British that new sub-divisions were constant; the canada now, and he thinks that there cannot less than thirty million fruit trees. Canada now, and he thinks that there cannot less than thirty million fruit trees cannot less than thirty million fruit trees. Canada now, and he thinks that state and money in planting trees. They showed that state cannot have a constant the canada now, and he thinks that there cannot less than thirty million fruit trees. Canada now, and he thinks that there cannot have a constant the canada now, and he thinks that there cannot have a constant the canada now, and he thinks that there cannot have a constant the canada now, and he thinks that there cannot have a constant the canada now, and he thinks that there cannot have a constant the canada now, and he thinks that the canad Canadian people placed in their ings to move crops north and of one hundred acres which formerly value of a tree.
