Defeat Morrissey on Election Day and eliminate him from Northumberland's politics for all time.

MISREPRESENTATION

In a thirty inch advt. Morrissey's paper "The North Shore Leader," attempts to tell the electors of Northumberland what the present government has done for this county. It goes on to say that Mr. McCurdy has been one of the leading members of the Government Patronage Committee and then endeavors to make the electorate believe that he is responsible for things, of which he is absolutely irresponsible. In the first place Mr. McCurdy was not one of the leading members of the Government's Patronage Committee, for the simple reason that patronage has long since been abolished.

In the second place, Mr. McCurdy is the man, who did his utmost to have the C. N. R. Blacksmith and Carpenter Shops retained in Newcastle. He is also the man who worked strenuously to have the "V-Looper" give a daily service, and is the man who put up the big kick when the C. N. R. authorities decided to remove the Despatcher's Office from Newcastle to Moncton. He had nothing to do, whatever, with the removal of the Public Work's Branch from Chatham to St. John, nor had he anything to do with the tearing up of the Railway from Chatham Junction to Blackville. The "North Shore Leader" and Mr. Morrissey know full well that he is not responsible, but would like to make the people think that he was. Mr. Morrissey can be told, and no doubt has been told, by a number of his most prominent supporters of the interest which Mr. McCurdy took in these matters, and many of Mr. Morrissey's friends were members of delegations which Mr. McCurdy formed to interview the C. N. R. authorities in their connection. Politics are politics, and untruths are untruths, and by such misrepresentations Mr. Morrissey or his paper "The North Shore Leader," are not making themselves thought anything more of, by resorting to such miserable tactics. Play the game square—Tell the Truth, and

the electorate will think all the more of you Morrissey.

While McCurdy was interesting himself to protect Northumberland's interests in these matters, What was Morrissey doing? ABSOLUTELY NOTHING. But now he tries to belittle McCurdy by misrepresentation, but he can't fool the electorate this way.

The Advertisement ends up by saying Vote for the man who does things, so it is easily seen by the above explanations that McCurdy is the man who does things and Morrissey is the man who does NOTHING. Yes, Electors by all means Vote for the man who does things, and that man is McCurdy. Vote for him, and pay no heed to such childish misrepresentations as Morrissey does out, which he considers Politics, but are not considered as such by the intelligent electorate of Northumberland.

WHICH IS BETTER?

There is a vast difference between two Morrisseys,—one at Ottawa and the other at Fredericton,—and two McCurdys at Ottawa. In the case of the Morrisseys, the politics of Northumberland would be entirely in their hands, and the result of such is well known to the electors of Northumberland.

In the case of the McCurdys, one will be the minister for Nova Scotia in the Meighen government, while the other will be the representative of Northumberland County, New Brunswick. It is unnecessary to point out to the electorate which combination is the better for Northumberland. If Morrissey is sent to Ottawa, Northumberland will be in opposition to the government and every one knows what that will mean. If McCurdy is elected, Northumberland will be in support of the government and her interests will be properly looked after, not only by her representative, but by New Brunswick's representative Minister, the Hon. J. B. M. Baxter and Nova Scotia's representative minister, the Hon. F. B. McCurdy, brother of Northumberland's representative Mr. E. A. McCurdy. It is not a difficult proposition to figure out which is better for Northumberland. Vote for McCurdy and put Northumberland in her proper place.

Electors—Go to the poll on Election Day and decide for all time to come, that Northumberland will not tolerate political chicanery.

To "The Editor of the Advocate"
Newcastle, N. B.

Dear Sir:—

Kindly allow me space in your valuable columns for a few observations. Mr. Charles Morrissey was nominated and elected to the Legislative Assembly by the Farmer-Labor Party of this county, along with his colleagues Martin, Fowley and the late John Vanderbeck. Hon. John Morrissey, father of Mr. Charles Morrissey, addressed the electorate on behalf of his son, from the Newcastle Band Stand on the night of the election and in his address stated that he was a supporter and friend of Labor. Through the death of Mr. John Vanderbeck a bye-election to fill the vacancy was held, and the Farmer-Labor Party nominated and supported Mr. Abram Vanderbeck, son of the late Mr. John Vanderbeck, who was a colleague of Mr. Chas. Morrissey. Prior to the election a meeting was held in the Newcastle Band Stand on a Saturday evening and Mr. Chas. Morrissey was asked to address the electorate. He did not show up. Hon. John Morrissey was also asked but he declined. The speakers at this meeting, who were all supporters of the Farmer-Labor Party, strongly denounced the attitude of the Morrisseys towards the Farmer-Labor Party. It later developed that the Morrisseys were supporting another candidate in the election, and every member of the Farmer Labor party is aware that such was the case. Now both Morrisseys have proved traitors to the Far-

BURNS TELLS OF WIFE'S TROUBLE

Says Tanlac Proved to be Just What She Needed—Health Is Splendid Now.

"My wife is certainly well pleased with Tanlac and it's the main thing she talks about since it restored her health," said M. Burns, of Saint Rose Man., an employee of the Canadian National Railway.

"My wife had been in poor health for three years and she seemed to be getting worse rapidly. She had stomach trouble and indigestion and had to be particular about everything she ate. At times she complained of awful pains in her stomach and gas would form and bring on more distress. She was all the time having headaches, at night could not get much sleep and became so weak she could hardly do the housework.

"Finally, as nothing she tried seemed to help her I got her some Tanlac, and it proved to be just the thing she needed. She is looking fine now and says she feels as well and strong as she ever did in her life. Her appetite has returned and she can eat anything without it hurting her. She sleeps fine, and her health is as good as it used to be years ago."

mer-Labor Party, and as one of that Party, I would like to know what stand we as a Farmer-Labor Party are going to take in the Federal Election on the 6th of December. Personally I know what stand I purpose taking, and that stand is opposition to Morrissey. The Farmer-Labor Party, if it wishes to have the confidence of the public, and I am sure it wants that confidence, must at least be consistent, and to be consistent it cannot support Morrissey in the Federal election on the 6th of December.

The Farmer-Labor Party is opposed to inconsistency, and political traitors and it now has its opportunity to show the electorate that it has ideals and principles, which it intends to uphold, and will not be subjected to such trickery on the part of the Morrisseys or anyone else. This is our chance and we should grasp the opportunity to rid our politics of all such menaces. If we do this then the Farmer-Labor Party has accomplished one of the greatest acts that any body of men has ever attempted, and by so doing we shall for ever receive the gratitude and respect of the whole community.

Thanking you for space, I am
Respectfully Yours,
A LABOR MAN
