ERAL HOUSE

TO MEET NOV.17

ates Now in Course of Prepar-
And Will be Submitted
Soon After Opening

Oct. 13.—At a meeting of the
this afternoon it was decided
from the Dominion Parliament to
the despatch of business on
y, November 17th. This will
four weeks of work before the
as holidays or about sufficient
clear of the preliminaries, or-
ommittees and get everything
plete running order.

ates are at the present time in
of preparation in all the depart-
and it is anticipated that Hon-
r. Fielding will be able to lay
in estimates and the public ac-
on the table shortly after parlia-
ment. This will give the house
to do from the beginning of
as one can judge at present
the legislative program is not like
as heavy as it was last session
the insurance and anti-gambling
themselves constituted a heavy
program, which compelled the
to leave over a number of bills
his session, including the bill to
the banking act.

legislation which provides for a
decennial revision of the bank-
was not revealed. It is probable
when it is introduced this session
will be a bill to amend the bank-
of government inspection of
institutions.

Mr. Templeton will have for con-
of the house a bill to provide
in connection with the manu-
of explosives. This matter has
important owing to large man-
nufacturers which have been
as a result of explosions in fac-
tory power, dynamite and other
explosives are made under
government legislation promises

C.P.R. WILL LOOK NORTH IN FUTURE

Sir Thomas Shaughnessy President of
the C.P.R. Paid Brief Visit to
City

Sir Thomas Shaughnessy, president
of the Canadian Pacific Railway com-
pany, accompanied by his two daughters
and a number of important of-
ficials of the company, paid a brief
visit to the city yesterday, leaving in
the evening for Wetaskiwin, where
they passed the night and proceeding
thence this morning to the coast.

The officials travelling with Sir Thomas
were R. B. Angus and C. R. Mac-
donald, members of the board of direc-
tors; Wm. Whyte, vice-president; A.
E. Switzer, chief engineer; and A.
Price, superintendent of the Alberta
division.

Arriving in Strathcona by the as-
sault train at three o'clock, the
party was met by motor cars and driven
to the north side of the river, where
several hours were passed taking
a general view of the city.

A tour of inspection.
When seen by the Bulletin in the
afternoon, Sir Thomas stated that
this, his second visit to Ed-
monton during a period of three
years, had no special significance, "we
are travelling over the company's
lines on a tour of inspection," he
said, "and our visit to Edmonton has
no significance other than that."

Sir Thomas declared that there is
no truth in the reports that the com-
pany was in contemplation of the
extension of its lines through the coun-
try north of Edmonton in the im-
mediate future.

"For the present time we are con-
tent with Edmonton as the point
farthest north in our sphere of op-
erations," he remarked. "The re-
ports of contemplated extensions
north of this city are without founda-
tion."

Questioned concerning the im-
munity of extensions in this direction
being undertaken by the company
when the work upon which they are
at present engaged in other parts of
the province is completed, Sir Thomas
was not committal in his replies, in-
dicating that while no extension was
contingent could be made, the hope was
not one to be dismissed from the
mind as altogether beyond the possi-
bility of realization. "We have no
such plans for the present," he re-
marked, "but what the future will
bring forth who can tell."

The high level bridge.
Referring to the high level bridge
Sir Thomas said: "We hope to see
this completed by the end of next
year. The delay in its completion
ment of the work was unfortunate,
but, as you know, that was no reason
of ours."

In reply to an enquiry as to the
intention of the company to estab-
lish a through daily passenger service
to and from Strathcona over the Har-
dysty line Sir Thomas stated that it
was the desire of the company not
to bring the track to a condition that
would ensure the complete service
of the line, but that the service
would probably be inaugurated in the
spring of next year.

Mr. Whyte, vice-president of the
company, discussing the condition of
the labor market, declared that the
company was experiencing no great
difficulty in its efforts to secure
throughout the West owing to the
deficiency in the supply of labor.

Many signs of progress.
Both Sir Thomas and Mr. Whyte
spoke of Edmonton's development and
expressed their astonishment at the
wonderful progress to be seen on every
hand. "In every direction," said
Sir Thomas, "I see in Edmonton and
the district the most marked develop-
ment since the occasion of my last
visit two years ago. I am convinced
that there is not anywhere in the
West at district which gives more
abundant promise of development in
the immediate future. As a mining
and farming district it is without an
equal."

**WINNIPEG DELEGATION
ASKS FOR 2,500,000.00**

Headed by Mayor Francis Thorp, with
upon Sir Wilfrid Laurier, M.P., and
S. Fielding and Sydney Fisher, Con-
sideration is promised.

Ottawa, Oct. 13.—The Winnipeg
delegation which arrived in Ottawa
last night to ask Sir Wilfrid Laurier
and his colleagues for a grant of two
and a half millions to the Selkirk Cen-
tennial Exposition in 1914 did not see
the ministers till one o'clock today.
Mayor Evans presented a memorial
laying the matter fully before Sir Wilfrid,
Mr. Fielding and Mr. Fisher.

Sir Wilfrid said that he had not an
opportunity to give the matter any
further consideration since July. The
proposal was discussed in Winnipeg.
Hon. W. M. Fielding said the prom-
ise of the expenditure was entitled to
an early reply and that the matter
would be taken up by the Cabinet
without delay. To this Sir Wilfrid
agreed.

Washington Star—"What has be-
come of the general commercial con-
fidence that used to sit in the smoking
compartment and tell funny stories?"
asked the occasional passenger.

"We had to caution him, to keep
quiet," replied the Pullman conductor.
"The company found that it was free
distribution of humor was interfering
with the sales of the man who sells
comic periodicals."

SAYS EDMONTON M.D.'S BREAK LAW

Rev. C.C. McLaurin, Supt. of Baptist
Missions Complain of Abuses
of Liquor Law

Special to the Bulletin.
Calgary, Oct. 13.—Rev. C. C. Mc-
Laurin, superintendent of the Baptist
Church in Alberta, on his return from
the Peace River country, complains
very bitterly of the abuses of the
liquor law in the north country. The
present system which permits a man
to take two gallons of liquor into
the Peace River country three times
yearly without medical certificate is be-
ing fiercely abused, he says.

"I know there are doctors in Ed-
monton who systematically give per-
mits to anyone who asks for them,"
said Mr. McLaurin, "without even
asking any questions about the health
of the applicant. They charge a fee of
one dollar but if the liquor is obtained
at a certain store only fifty cents is
charged. You know what that means."

Thirty permits, signifying fifty gal-
lons went up to Ground on one boat
the previous day. This little settle-
ment was as quiet as one could wish
the day after the liquor arrived. Dis-
turbance broke loose and there was ac-
cused by other men of a peaceable man in
the place. This continued until the
liquor was gone."

From personal enquiry he has as-
certained that permits were obtained in
the name of citizens who had no
knowledge of it. He complains of the
lack of schools in the district where
there are a hundred children of school
age there was only a small mission
where six to ten children attended oc-
casionaly. There were no fully
qualified teachers in the community.

FATALLY INJURED BY A STREET CAR

No. 4 Running on Alberta Avenue
Crashed into Ox Team of Rus-
sian at Fort Trail

(From Saturday's Daily.)
Probably fatally injured as the re-
sult of a collision with a street car
last night, a Russian named Peter
Mazza, 45 years of age and a native
about seventeen miles east of the
Fort, now lies at the Misericordia
Hospital. The accident, which will
probably result in his demise, took
place last night shortly before eleven
o'clock where the street car on Alber-
ta avenue on the way to the Exhibi-
tion grounds and the Packing Plant.

This is one of the most dangerous
points on the system and especially
so at night when it is very dark.
No. 4 car, in charge of Motorman
McConnell and Conductor Barnes,
was going along at a good rate of
speed when it reached the crossing
it crashed into the wagon and
team of oxen which the Russian
was driving. The car struck the out-
side of the wagon and the wagon
and hurried all to the side of the
road. The man was thrown some
distance and in this way sustained his
injuries. A little boy who was with
him was not seriously injured.

Dr. A. L. Campbell, of Norwood,
was summoned as quickly as possi-
ble to the spot and the injured man
was removed later in the car ambulance
to the Misericordia Hospital. It was
found that several ribs on the right
side were broken and he was other-
wise severely injured internally.

The cause of the accident is attrib-
uted to the dark condition of the
road, there being no electric light at
this point, and to the poor headlight
on the car which spectators who were
on the scene a few minutes after the
accident said was not as powerful as
an ordinary lantern.

This crossing has always been re-
garded as a particularly unsafe one
and the accident of last night was
likely result in the authorities taking
some steps to give better protection
to the public at this point.

SASKATCHEWAN HOUSE TO MEET IN DECEMBER

Assembly on Dec. 15th, 16th, 17th.
Adjustment will be made until
the New Year.

Regina, Oct. 12.—The provincial leg-
islature will convene this year on De-
cember 15 and will immediately ad-
journ until after the Christmas vaca-
tion. The first session will be held in
the offices in the east wing of the new
parliament buildings, and after the new
building is completed, the legisla-
ture will move to the new building.
The formal opening of the new build-
ing is expected, it is expected, will be
held on the 15th of December.

The first session before the holidays
is being held merely to comply with
the law, and no business will be trans-
acted with the exception of receiving
formal notice of the appointment of
Lieut. Gov. Brown and extending a
welcome to him.

The work on the parliament build-
ing is going ahead rapidly, and the
west wing is practically ready for oc-
cupation. The legislative chamber
will be ready after the holidays.

New Governor Sworn Saturday.
George William Brown, will be
sworn in as lieutenant-governor of the
province of Saskatchewan on Saturday
of this week.

Lieutenant Governor Forget, it is un-
derstood, originally stated that it has
office until the opening of the new
parliament buildings, the completion
of which would make a fitting close
to his successful tenure of the office.
It is understood that he yielded to the
advice of cabinet ministers in this
matter, and the new lieutenant-governor
will be sworn in at the opening of
the magnificent new buildings.

The ceremony of officially proclaiming
Mr. Brown as lieutenant-governor
will be of course in place at Govern-
ment House, and the retiring official,
Lieutenant Governor Forget, will ad-
minister the oath.

WENT TO OTTAWA ON A STRANGE MISSION

Provincial Medical Health Officer of
Saskatchewan Carries to Ottawa Petition
of Murchison, Man. for Analysis—
Was Killed by Acid.

Ottawa, Oct. 13.—Dr. Fagan, pro-
vincial health officer at Vancouver, to-
day performed a strange mission when
in the course of his attendance upon
the federal provincial health confer-
ence he handed to Dr. McMillan, chief
analyst of the Dominion, part of the
face of a man who had been killed
near Revelstoke by some acid which it
has so far been impossible to identi-
ficate.

The victim was an Italian who had
served in the ranks of the Black Legion.
He is believed to have been killed by
the Black Legion. The body was
found in a swamp, partially decom-
posed, but the face bore marks which
indicate that the victim was first
blinded and then tortured.

It is believed that the character
of the acid can be ascertained some
trace may be had of the murderers.

Shaughnessy in Saskatoon.
Saskatoon, Oct. 13.—Sir Thomas
Shaughnessy, president of the C.P.R.,
arrived in Saskatoon yesterday and
will remain here until the 15th of this
afternoon making a stay of about a
week.

GIVE BABY A CHANCE

Don't dose the baby with soothing
mixtures and narcotics—they were
never known to help any baby. You
might just as well dose the grown-
up man or woman with opium or co-
caine—the result would be the same—
a permanent injury to mind and
body. When baby is ill give him a
medicine that will cure a medicine
from his injuries. Such a
medicine is Baby's Own Tablets.

They are baby's greatest friend.
They never do harm—always good.
Concerning them Mrs. Richard Mul-
len, of Lethbridge, writes: "Baby's
Own Tablets should be in every
home where there are small children.
We have them to our baby when he
was teething and they kept him
good natured and healthy." The
Tablets are sold by medicine dealers
or by mail at 25c a box from The
Dr. Williams Medicine Co., Brock-
ville, Ont.

ORGANIZING TO FIGHT AGAINST LOCAL OPTION

The Hotelmen of Saskatchewan With
Number from Winnipeg Hotel
Meeting in Regina. Will subscribe
a Large Campaign Fund.

Regina, Oct. 12.—The hotelmen of
Saskatchewan, reinforced by some
score of Winnipeg hotelmen, who re-
ported in the city in a special car
here, have been in session through-
out the day.

While the meetings held have been
private and no information has been
handed out to the press, it is un-
derstood that the gathering was to per-
fect arrangements in connection with
the campaign which is to be waged
from now on until December 12th to
oult the local option movement.

A large campaign fund has been
subscribed, and the necessary steps
will be taken to complete the organ-
ization, throughout the province in
the hotel industry.

WILL CONSTRUCT A NEW WELLAND-CANAL

Appropriation Will Be Made at Next
Session of the Dominion Parlia-
ment, Says W. M. German, M.P.,
Who Is Interviewing Ministers.

Ottawa, Oct. 12.—That an appropri-
ation for the commencement of
the construction work on a new Well-
and Canal will be made at the forth-
coming session is the statement of
W. M. German, M.P., who is here in-
terviewing the ministers about it.

Mr. German says he has been in-
structions to that effect. The inten-
tion was to enlarge the canal from
Fort Colborne, ten miles, and then
the new canal is now proposed.

It would start about six miles west
of Fort Colborne and have its outlet
at the mouth of the Jordan river, a
distance of twenty-two miles.

ARE TO INVESTIGATE FAITH HEALING IDEA

Protestant Episcopal Church Appoints
Committee to Look Into the Matter—
Suffragan Bishop Appointed.

Cincinnati, Ohio, Oct. 12.—In the
most important session that it has held
thus far, the House of Bishops of the
Protestant Episcopal convention here
this afternoon not only reversed its
decision of a few days ago when it
refused to pass an amendment to the
constitution providing for suffragan
bishops, but shortly after creating the
new suffragan bishop passed a resolu-
tion calling for a committee to in-
vestigate faith-healing by means of pray-
er or suggestion. The suffragan bishop
question had come before the House
of Bishops last week after the House
of Bishops had adopted it. The vote
at that time was close. Today it was
brought up again as a special order
of business and was adopted after a
debate by a vote of 20 to 31. It re-
quired 50 votes to carry the measure.
The amendment now becomes a law.

THE NECESSITY OF UNITY IN CANADA

This Was Keynote of Address Given by
Arthur N. Grenfell at Edmonton
Club—London Banker and Party
Guests of President T. H. Liffes.

The necessity of unity between all
parts of the Dominion for their com-
mon good, was the keynote of an
exceptionally able address given last
night at the Edmonton club by Ar-
thur N. Grenfell, London, Eng.

The occasion was a private chicken dinner
given by the club president, F. W.
Liffes, to Mr. Grenfell, Major S.
Aubyn, R. Grenfell, and Capt. New-
ton.

Mr. Grenfell in the course of his
address in reply to the toast, "Our
Country," proposed by J. A. McPherson,
M.P., pointed out that it was most
unwise for any section of Canada to
talk disparagingly about the other
parts. When those stories reached
England where there were many
ideas of distance in Canada and
British financier was apt to conclude
that all parts of the country were as
bad as they had been pictured by
other sections.

In the course of his speech the visit-
ing banker remarked that the com-
pany which he had invited to the
dinner had invested \$25,000,000 already in Alberta
and much more would be spent.

Those who sat down to the dinner
besides the speaker were Mr. W. M.
Gordon, E. C. Bowker, T. M. Drum-
mond, B. M. Macleod, H. H. Richards,
H. M. Dickins. Other present were
H. M. Evans, W. D. Crompton,
M. H. Jennings, Dr. B. G. O. M. S.
sugar, J. B. Wallbridge, A. G. Harrison,
and J. A. McDougall, M.P.

With the exception of "Our guests"
the only toast honored was "The
King."
