GRAIN UNTHRESHED IN SASKATCHEWAN

Estimates of Department of Agriculture Place the Amount at 27 per Cent. of the Total—Threshing machines Have Pulled In.

Regina, Nov. 13.—The Department of Agriculture for the Province of Saskatchewan estimates the amount of grain unthreshed at the present date is 27 per cent. of all this quantity, fully eighteen per cent will remain in stock over the winter. The districts which have fallen most behind in the threshing are those along the Outlook, Wolsley, Roston and Yorkton branches of the Canadian Pacific Railway.

At points such as Grenfell and Lambton in the south-east and Kindersley in the west, half of the grain unthreshed has been stacked, while practically all the grain remaining to be threshed in the Prince Albert districts is in stack. All machines in the district should have pulled in, but having been able to make expenses after freeze-up, Maple Creek has also a considerable quantity of unthreshed grain.

The snowfall has been from four to eight inches. The greatest inconvenience from a shortage of grain cars has been felt at points in non-competitive territory on both the Canadian Pacific and Canadian Northern railways, particularly in Western Saskatchewan.

AMAZING DUCHESS SENTENCED TO JAIL

Handsome Woman, Who Conducted Gigantic Swindle, and who was Prominent in English Society, is Finally Rounded Up by the Police.

London, Nov. 16.—The "Amazing Duchess" today began a four months term in jail, to which she was sentenced at the London Assizes yesterday, for obtaining money by false pretences. "The Amazing Duchess," as she only began to be called after her arrest several weeks ago, figured prominently in English society for a long time as the Duchess Adeldale De Villars. She is a handsome woman of about 40.

Although she professed to have three palaces, she chose to live at fashionable hotels, surrounded by a small army of servants and accompanied everywhere by a private secretary. She went everywhere and knew every one worth knowing, both in England and on the continent.

As a matter of fact, as brought out at her trial, the Duchess has been a swindler for years, and was sentenced in France in June, 1903, to six months imprisonment. Her career began with her elopement with a rich young lieutenant from her husband, an army officer in India. Her husband divorced her and she was married to the lieutenant, who in 1903 left her. Later she became the wife of a young man posing under the bogus title of Duc De Villars.

Husband No. 2 had no income, so the "Duchess" organized a gang of marriage brokers and advertised, as a woman of title, for rich English and American women ambitious to be introduced into English society. She actually did marry a few young wealthy and impetuous noblemen. Her downfall came with her private secretary's arrest for paying bills with bogus cheques. "The Duchess" was arrested followed. The secretary was acquitted.

AFTERMATH OF THE ELECTION CAMPAIGN

Very Candidly Who Resigned In Allow Acquiescence For Sir Wilfrid and Afterwards Said He Was Bribed Failed to Establish Contentions.

Quebec, Nov. 13.—Judge LaSalle in police court dismissed charges made against Mr. Ledoux, M.L.A. for Quebec East and his friend, Mr. Desjardins, in connection with their alleged bribery of Rene Ledue to induce him to withdraw his candidature in Quebec East at the meeting of Sir Wilfrid Laurier. The judge declared alleged offences not proven and there was no case for grand jury.

Ledue claimed to have been given a bribe of \$5,000 while drunk and offered a position worth \$15,000 a year to withdraw. The judge declared the existence of \$5,000 was not proven. If it existed the money might have been returned. But this was not done. The issue was one of bribery. Ledue was not even a British subject.

Kansas City, Nov. 16.—Preliminary plans for the formation of \$6,000,000 corporation to merge ten of the largest flouring mills in Kansas were laid here today by six men, representing seven of the mills.
