## Household Notes.

If you live in the country and throw soapuds and dishwater out, don't forget that rose bushes and other pet plants will thrive on it.

If you are so unfortunate as to have different sizes of sheets in your linen closet, mark all the sheets of a size with one distinguishing mark.

To take fruit stains out of linen, stretch the stained spot over a bowl and pour boiling water through it. Peach stains are an exception to this rule.

Salmon or salmon trout sandwiches are delicious. Make the fish and add a little cream to it. A dash of French mustard is an improvement.

If lamp chimneys are only a little clouded and you wish to save time, simply steam them inside over the tea kettle and wipe with a clean cheesecloth.

The net gimpes so much worn nowadays will last much longer if they are washed without ironing. Shape them carefully while damp instead.

Add a little salt to the bluing water in which white clothes are rinsed if you want to be sure to keep the bluing from setting in spots or stripes.

Olives, stoned and chopped and mixed with fresh butter or heavy cream, and cream cheese make one of the most delicious of sandwich fillings.

To keep the kitchen range fire when you are not using it, take the stove lids off a little while before putting on fresh coal. Then put the lids on only half way.

A good way to serve salad is in tomato shells. Take the skin off the tomato, cut a slice off the stem and scoop out core and seeds. Put in refrigerator until wanted.

If you find insects when washing lettuce, put it through salted water, then rinse again in clear. But be sure not to leave in the salt water more than a minute or it will wilt.

In cellar or pantry where it is difficult to keep the air dry, place bowls of unslaked lime on the shelves near the food. The lime, of course, should be renewed from time to time.

A delicious Turkish dish can be made from left-over roast beef, tomato sauce and rice. Chop the beef and heat together with the rice and tomato in a saucepan; season with pepper and dash of curry.

Early in the season, when apples are scarce, the windfalls make excellent apple sauce. Cut out all the wormy portions and cores, but do not pare them; then cook and rub through a hair sieve.

If your family is small and table scraps are numerous, the easiest way to dispose of them is to put them under the back lids of the stove to dry out. When dry, they should be raked forward on the bed of coals and burned.

To make the best lemonade, make a syrup of a pint of water and two cups of sugar to which is added the yellow rind of two lemons and one orange. Bring to a boil and add the juice of four lemons and one orange. Cool and ice. Add three pints of ice-water before serving.

Sandwiches are greatly preferred to cakes at the fashionable afternoon teas in England. One delicious sort is made with thin toast, with filling of grated parmesan cheese made into paste with anchovy sauce and cream and seasoned with cayenne, salt and black pepper. These have to be served instantly, or the toast gets sodden.

The most delicious fruit pies are made in the English way. Line the sides of a pudding dish with paste, put a cup upside down in the middle, to hold the juice, and fill the dish with the fruit sugared to taste. Cover the whole paste, making a pastry "rose" for the centre. Before the pie comes to the table, this rose should be cut out circularly, the cup removed and the rose replaced.

**BRIGADE CUP.**—The final football match of the inter-brigade series will take place on St. George's Field this night week, when the C. C. C. and Methodist Guards will play off for the championship.

**A Marvel of Healing**

It does not take long for Dr. Chase's Ointment to prove its magic healing power. A single night is often sufficient to produce the most startling results.

Mrs. Chas. Gilbert, Haystack, Pleasant Bay, Nfld., writes:—"I was a sufferer from Salt Rheum for 12 years, and had about despaired of ever being cured, so many treatments had failed. Reading of the wonderful cures effected by Dr. Chase's Ointment, I commenced using it, and was entirely cured by eight boxes."

Mr. Stanley Merrill, Delaware, Ont., writes:—"For years I was troubled with my hands cracking, often becoming so sore that I could hardly do any work. I got some of Dr. Chase's Ointment, and happily find that one or two applications of same to the affected parts makes them well. I have had no trouble since using the ointment for some hands."
