RILLINGTON STATESMAN, Registered No. 1717.

Examined and warranted sound and free from all hereditary diseases and defects by Erwin Murray, M.R.C.V.S., to His Majesty the King, June 12th, 1912.

The Cleveland Bay, a hardy, powerful, yet fairly light and swift animal, originated through a blending of the powerful charger of the middle ages, with the more active Barb and Arabian. The Cleveland Bay has lots of quality and substance with well defined sinews, large, clean, flat bones of a density equalled only in the Arab and thoroughbred. His long lineage gives him prepotence in impressing his splendid characteristics and soundness of constitution.

Rillington Statesman, registered in England, was bred among his native hills in the Cleveland Valley of Yorkshire. He is an excellent specimen; color, deep, rich bay; height 16½ hands, weight about 1400 pounds. His action is high, free and open, his stride long, temper perfect; he is in all respects a perfect general utility horse, a free cheerful roadster, sure-footed, fearless of all objects and with marvellous endurance. He needs only to be seen to be admired—used to be appreciated.
