Kennan, the distinguished publicist, who is so well known in Scotland as a summer resident, is of the opinion that the Russian revolution will result in increasing the vigor of Russia's share of the world. He stands back of the view that Russia is now almost absolute. Kennan affirms that if Russia emerges from chaos, she will become united as never before in an offensive against Germany. He affirms that Russia has shown in the past.

has spent many years in speaking her language, has a deep knowledge of the people, and has kept pace with its trend of thought. He is entitled to speak with authority on the subject which perhaps no other man possesses in this country. He believes that the revolution will be a success because of the forces which have been set in the Empire since the outbreak of the war, and which will lead to a climax by the time the acute food situation has been slowly spreading over the people and a revolution, as disclosed in the course of the struggle to meet the complex situation arising from the war. He summarizes in this way: "Keep in mind that it is the people. The bureaucracy, which is not for its jobs if victory could lead to the grasp of power by the people. Now, early in the war that the Russian was unable to cope with the problems the conflict had been many German services and many of their allegiances and posts with the hope of the Russian military procedure. "HIPRESS"

RUBBER BOOTS

with the "RED LINE 'Round the Top"

Better Footwear for Fishermen

HOW far ahead of the flat bottomed dory is the fast power boat? About as far as "Hipress"—the wonderful ONE-PIECE rubber footwear—is ahead of the old style black footwear.

What does ONE SOLID PIECE mean to you, Mr. Fisherman? It means that your boot won't crack, peel or leak. And because The B. F. Goodrich Company puts the toughest, longest wearing rubber ever known—actually the SAME RUBBER that has made its TIRES celebrated the world over—into "Hipress" footwear, it will positively outwear 2 and 3 to one any rubber footwear you ever bought.

No one ever made a boot by this method before we invented it—and no one has succeeded in duplicating it yet—although the market is full of boots and shoes imitating the rich "Hipress" Brown color. But YOU want the BEST—"Hipress"—and you can always tell it, by the "Red Line 'Round the Top."

Don't take a "just as good" boot. Come here for Goodrich "Hipress."
