AUSTRIANS CLAIM SUCCESS.

LONDON, To-day. An official statement from Austrian Headquarters last night says that Landsturm detachments penetrated an Italian position in the Dreizin region and captured an officer, 75 men and two machine guns. On the Eastern front there have been lively artillery, mine throwing engagements at numerous places.

FIGHTING ON THE EAST FRONT.

PETROGRAD, To-day. An official on Sunday reads: On the Western Russian front in the direction of Vladimir Volinski, in the region of Chelvo, an enemy company supported by artillery took the offensive, but was repulsed. In the region of Zbornor the enemy endeavored to advance on our trenches, but we checked all his efforts with our fire. South of Brzezany the enemy blew a mine and the explosion occurred in No Man's Land. On the rest of the front there was the usual firing and reconnaissances. On the Roumanian front in the direction of Kezvi and Vasanghal the enemy drove back our advanced outposts.

CANADIAN REPRESENTATIVE TO U. S. A.

WASHINGTON, To-day. Sir George Foster left on Saturday to join the British and French representatives.

BALFOUR IN WASHINGTON. WASHINGTON, To-day. The American capital to-day ex-

tended a simple but heartfelt welcome to the British Minister for Foreign Affairs, Arthur J. Balfour, and the other members of the British Commission, which came to Washington, as Balfour himself expressed it, to make co-operation easy and effective between those who are striving with all their power to bring about a lasting peace by the only means that can secure it, namely a successful war. The weather was perfect when the special train which brought the visitors with an official escort from the north drew into the Union Station. Everywhere hooting flew in the breeze and the Union Jack and the French tri-colour were in evidence on the public buildings.

NOON.

VON BISSING'S SUCCESSOR.

AMSTERDAM, To-day. According to a Hanover newspaper Colonel General Baron von Falkenhayn has been appointed Governor General of Belgium in succession to Von Bissing, who died several days ago.

OUR IMAGINATIVE WILLIAM.

AMSTERDAM, To-day. An official despatch from Berlin says that Emperor William has sent the following telegram to the Crown Prince: The troops of all the German tribes under your command with steel-hard determination and strongly led have brought to failure the great French attempt to break on the Aisne and in Champagne. There also the infantry again has to bear the brunt, and thanks to the indefatigable assistance of the artillery and other arms has accomplished great things in its death-dealing perseverance and irresistible attacks. Convey my and the Fatherland's thanks to the leaders and men. The battle on the Aisne and in the Champagne is not yet over, but all who fight and bleed there shall know that the whole of Germany will

remember their deeds, and is as one with them to carry through the fight for existence to a victorious end. God grant it!

THE DEVIL'S ARGUMENT.

LONDON, To-day. A German wireless message on the 20th of April, says a statement given out by the British official press bureau, accuses the French and British of the distinctive markings carried on the Belgium relief ships. The Allegation is entirely untrue and evidently is intended as a pretext for torpedoing Belgium relief ships at sight, and thus further reducing the mercantile tonnage of the world.

RUSSIAN REPORT.

PETROGRAD, To-day. A statement issued from Russian headquarters said, on the Roumanian front in successful counter attacks we drove the enemy out of advanced posts he had occupied and re-established our first lines. In the region of Cotaiing, northwest of Braila, our heavy artillery successfully bombarded an enemy battalion. On the rest of the front there was the usual firing and reconnaissances.

NOT IN CONFLICT WITH GOVERNMENT.

PETROGRAD, To-day. M. Tcheldse, President of the Council of Workmen and Soldiers' Delegates, protested in a speech yesterday against the suggestion that the Council was establishing an authority in conflict with that of the Provisional Government. He said that it was simply a case of a check on the policy of the Government similar to that of an opposition party, always necessary under a Democratic constitution. His remarks were greeted with tumultuous applause.

NEW BRITISH ATTACK BEGUN.

LONDON, To-day. The British have opened an attack on a wide front in the region of the Scarpe River. The official report issued to-day says that the battle is proceeding and that satisfactory progress is being made.

Sergeant Gus. Snow Wins D. C. M.

Mr. G. C. Snow, of Colonial Street, has received a letter from his son, Sergt. Snow, who has been serving in a Canadian regiment, informing him that he had been awarded the Distinguished Conduct Medal. It appears that Sergeant Snow and an officer together held a portion of a trench and accounted for a dozen or more Germans. From his letter it would seem that the Sergeant himself "saw red" for a time, as he was told after the action that he had himself dispatched eight Germans. He is in danger of losing his right thumb, but is otherwise unhurt and speaks lightly of his injury.

Matriculates for the McGill.

We learn that E. G. Bishop, who is a son of Mr. Dalrus Bishop, of Greenspond, and who has spent the past two years at Montreal, has just passed his entrance examinations for McGill University and has enlisted in the Royal Aviation Corps and is in training at Toronto. His brother "Mack" who left Marshall Bros. employ last years has willingly been doing his bit as machine operator with the Steel Co. of Canada at their munition plant at Montreal. Both boys are well and hope to have the honor of visiting their many friends in the city after Belgium is freed from the tyrants' yoke and Potsdam is no more.

Obituary

MRS. DAVEY.

We record to-day with deep regret the demise of Mrs. Charlotte Campbell Davey, after a protracted illness. Deceased was the beloved wife of Mr. George A. Davey, our well known contractor and builder. The esteemed lady was of an affable disposition and for many years was prominently identified with church work. She was charitable to a fault and many of the poor and needy in the city to-day will miss her kindly ministrations. To the sorrowing husband and other relatives and friends the Telegram offers its sympathy in their bereavement.

Yesterday's outgoing express left Badger Brook at 9.05 a.m. to-day. The incoming express with first-class passengers is due at midnight. The local from Carbonara reached the city at 12.45 p.m. to-day.

27TH ANNIVERSARY.—Yesterday Mr. G. B. Lloyd celebrated his 27th anniversary as organist at St. Mary's Church. Congratulations!

Hair Tonics, Etc

BEING USED AS ALCOHOLIC BEVERAGES.

Since the enforcement of Prohibition, hair tonics, and other liquors are being used in the city as alcoholic beverages. This was demonstrated in the Magistrate's Court to-day when two stalwarts appeared before the bar charged with drunkenness. One was a volunteer who got half-seas over Saturday night on account of an overdose of Bay Rum and Florida Water. This other was a tinsmith who was picked up yesterday "all in" from drinking Beef, Iron and Wine. He said he had punished three bottles and had one in his possession. This was taken by the police to be analyzed. Meanwhile the name of the party who sold the stuff is being secured. Both defendants were released.

Fire Caused by Explosion of Lamp

Deputy Minister of Justice Hutchings received a message to-day from Magistrate Roper at Bonaville stating that the residence of Joseph Stratchie and its contents were destroyed by fire last night. Most of the furniture was not insured. The fire is supposed to have been caused by an explosion through the upsetting of a lamp. Mr. Stratchie and wife had just retired when the outbreak occurred. No further particulars were received.

For the Hospital

A ten year old boy named Thomas Brown, of Bell Island, reached the city this morning to enter the General Hospital. The unfortunate child is suffering from a dreaded disease in the knee.

The ambulance was called to H. M. S. Brison this morning to convey a Naval Reservist to the hospital suffering from a severe internal complaint.

By this morning's train Dr. Pritchard arrived in charge of a woman from Spaniard's Bay who is in a delicate state of health, having to be removed to the hospital in the ambulance.

Assaulted His Mother

A city laborer was before Court to-day charged with assaulting his mother, whom he grasped by the throat a few evenings ago. The defendant offered no defence and Judge Morris in commenting upon the offence intimated that he would inflict severe punishment, but that it would mean a hardship on the family of the accused, who was afterwards ordered to sign bonds in \$100 for his future good behaviour or go to jail for thirty days. If the defendant repeats the assault he will get six months with hard labour.

Schoolboys in Court

Thirteen schoolboys were summoned to court to-day, at the instance of Bailiff Roll, charged with disorderly conduct. The youths were playing "scout out" near Mr. Roll's residence in Hayward Avenue, causing him annoyance. Mr. Roll drove them away and the lads retaliated with stone-throwing at him and continued their romping. Mr. Roll then lodged a complaint with the police. Judge Morris fined 10 of the defendants 50 cents each, three of them were dismissed, one of them for telling the names of the others. The Judge criticized parents for allowing their boys on the street till 10 o'clock at night.

Another Newfoundland-lander Making Good

Friends in the city have learned by letters from France that Lieut. W. S. King, son of Mr. James King, Southside Road, arrived in France about the 25th of February. He went across with a squadron of the Royal Flying Corps and has since then been on duty there. He is well and likes the life there although it is chiefly spent in the air. The weather is getting good for flying and observation. The O.C. of the squadron was enquiring of him for several Newfoundlanders he knew, particularly Dr. Arch Tait; they say their (Doctors) exams together, he told them. Lieut. King is the first flying officer of our regiment to go to the front.

Hydrangea blue is an especially delightful color in crepe. Draped side panels are seen on many of the new skirts. A heavy slanting sports coat is combined with royal blue. Three-quarter length sleeves are seen with long white gloves. The frilly blouse is fashionable, but so is the tailored blouse.
