An Act to Regulate the Exportation of Salt Codfish.

Be it enacted by the Governor, the Legislative Council and House of Assembly, in the Legislative Session convened, as follows:—

1. There shall be a Codfish Exportation Board (hereinafter called the Board) which shall consist of seven members, namely the Minister of Marine and Fisheries, who shall be Chairman, four members appointed by the Governor-in-Council, who shall be licensed exporters of Codfish, and two members appointed by a majority of the exporters of Codfish holding licenses thereunder. Three members shall constitute a quorum of the Board at any meeting thereof for the transaction of business. The Minister of Marine and Fisheries shall have power to appoint a substitute to act in his place as Chairman at any time during his absence. A vacancy in the Board shall be filled in the same manner as the original appointment was made, and in the temporary absence, through any unavoidable cause, of a member, the Governor-in-Council may appoint a substitute to act in his place during such absence. Failure on the part of the said exporters to nominate or appoint any members of the Board shall not prejudice or invalidate any acts or proceedings of the Board.

2. It shall be the duty of the Board to advise the Governor-in-Council generally as to the exportation and marketing of salt Codfish; and more particularly to recommend to the Governor-in-Council rules to regulate:—

- (1) The issue, holding, suspension and cancellation of licenses to export salt codfish.
- (2) The conditions and terms of sale abroad.
- (3) The minimum prices for the sale of salt codfish in particular markets at particular times.
- (4) The maximum quantity of salt codfish which may be sold for or exported to any particular market at any particular time.
- (5) The Board may also from time to time recommend the modification, suspension, or repeal of any rule already approved and published in the Royal Gazette.

3. Any rule recommended by the Board, approved by the Governor-in-Council and published in the Royal Gazette shall have the same force of law as if included in this Act. Such rule may be modified, suspended or repealed by a new rule recommended by the Board, approved by the Governor-in-Council and published in the Royal Gazette. Immediate notice by telegram of any new rule or the amendment of any existing rule shall be given by the Minister of Marine and Fisheries to all licensed exporters of codfish. In recommending any rule respecting the fixing of prices the Board shall not have power to interfere with any contract lawfully made under Rules and Regulations existing at the time of the finalizing of such contract.

4. (1) No salt codfish shall hereafter be exported except under license. Such license shall be granted to any applicant who undertakes to comply with the rules made under this Act. A fee of Fifty Dollars (\$50.00) shall be payable by the applicant on the issue of every license, and in addition a fee of ten cents per quintal on every quintal of cured salt codfish, and five cents per quintal on all green codfish; provided that the initial fee of Fifty Dollars shall not be payable by any fisherman exporter who exports codfish in shipments of less than one hundred quintals each. The Board shall have an absolute discretion to determine whether or not an applicant is a fisherman exporter.

(2) Such license shall be in force until the thirty-first day of December of the year in which it is issued.

(3) Such license may be suspended or cancelled by the Governor-in-Council for non-compliance with, or breach of, the provisions of this Act, or the rules issued under the authority of this Act.

5. A meeting of all exporters of Codfish shall be convened by the Minister of Marine and Fisheries during the first week in September in each year to consider and discuss with the Codfish Exportation Board all matters relating to the exportation of Codfish for the ensuing season. Such meeting shall be held at St. John's and two weeks' notice thereof shall be given.

6. It shall be the duty of the Minister of Marine and Fisheries to carry out the provisions of this Act; to forward to the Governor-in-Council the advice and recommendations of the Board; and to report to the Governor-in-Council the non-compliance with and breaches of the provisions of this Act or the Rules issued under the authority of this Act.

7. The Governor-in-Council shall have power to appoint Trade Commissioners or Government Agents, to act in any country or place in the interest of this Colony and its trade, and shall have powers to prescribe their duties and fix their salaries, which shall be payable out of the revenue of the Colony. The Minister of Marine and Fisheries shall have power to authorize and direct the carrying on of research work in connection with the fisheries of the Colony, the cost and expense of which shall be payable out of the revenue of the Colony. All fees paid under the provisions of section four of this Act shall be collected by the Minister of Marine and Fisheries and paid by him into the public treasury.

8. Sections 3 and 4 of this Act shall have effect as though they were included in Chapter 22 of the Consolidated Statutes (Third Series), entitled "Of the Customs"; and the provisions of that Chapter, and of any Act amending or extending that Chapter shall apply accordingly; and if any person ships, or attempts to ship, codfish in contravention of any rules made under this Act with respect to exportation, he shall be liable to a penalty equal to the value of such codfish including the duty thereon.

Shipping Notes.

The Hochelaga which put in here for repairs to her circulating pump continued the run to Sydney last evening.

S.S. Muskongone arrived last evening in ballast from Sydney to go on dock for an overhauling.

S.S. Suttonwood which put in here

short of coal while on the way from Brixham to New York, left last evening for her destination.

The Conango and Lake Gelway have arrived from Norfolk and Montreal respectively, at Botwood with cargoes of coal to the A.N.D. Co.

S.S. Seatonik has arrived at Botwood from South Shields in ballast to load pulp from the A. E. Reed Co. for England.

DIAMOND DUST

Nothing But the Truth—Without Fear or Favour.

ISN'T IT TRUE!

By the roar and the rumble,
And the resonant sounds,
You can tell when a team
Is on its home grounds;
And the whoops and the cheers
Sent in the fan code
Are balm to the lads
Who are just off the road.

GRAND FALLS WIN THIRD GAME 4 to 3.

Despite the All Stars 3 run lead in the very first innings, they failed to stop Grand Falls from the onward rush to clinch again the Reid silverware. The visitors have now two games to their credit to St. John's one. It was generally thought by the fans that the home-team would hold them down in at least the opening game on the home grounds but Fate willed it otherwise. Slack fielding and backing up in left field cost the All Stars the game. John B. Orr has the right idea of winning games,—the only trouble being that he cannot get his bunch of bats to faithfully carry out his instructions. O'Leary and Cahill were battery mates for the first three stanzas, when the Falls were leading by one run, and Kid Donnelly and Post were sent in. The latter succeeded in holding the invaders scoreless for the balance of the game, and Donnelly's hurling was a revelation—7 of the invaders vainly swishing the ozone at his offerings. All the laurels, however, go to Grand Falls. Joe Murphy, playing first, having a particularly brilliant evening with 13 putouts, 2 assists, and 2 runs to his credit. Close behind him was Darby Pitcher with 2 putouts and 9 assists, while Arthur Cohen backstop was a team in himself. Sebat Foran played his old time cool calculating game on the hurling hill, and had his bean working in the pinches. A word must be said of Crawley who plays shortstop. He is the quickest thinker we have ever seen in action and figured in two brilliant double plays of which he was the engineer. For the All Stars, the only one who gets any share of credit in the official records is DeMers who was on the initial sack, though he died at the world's end. Going down through the summary we find that there were no earned runs for either side. O'Leary is rated 4 Annie Oakleys, Foran 2, and only 1. Crawley made a beautiful bagger but when he tried to stretch it into a homer through the absence of a coach he died at Brit's feet. He, with Quick and Robertson, smote double sackers. The game registers 4 double plays, as follows:—Crawley to Pitcher to Joe Murphy to Pitcher; Pitcher to Joe Murphy to Pitcher to Duggan; Cahill to Canning to DeMers. The umpires were Messrs. Fred Y. Chesnut and Lieut. McHenry, who had a most strenuous evening as at several periods the game was held up straightening out plays. Dan Murphy, playing centrefield for the Grand Falls nine, did not show up at bat as well as was expected. This gentleman successfully knocked the cover off the ball sack early in the game. Buck Buchanan, the Sydney pitcher. The six game series now stands 2 for Grand Falls and 1 for St. John's. Fans are reminded that to-night's game starts at 5.30 (thanks to the Importers' Association), and generous rooting for the home team is needed in an endeavour to stop the raid of the papermen. We had rather prided ourselves that the All Stars were Ty Cobs on the bags but the invaders had 5 more stolen bases than we did in last night's clash. They had 18 assists to our 9, and outdid us in putouts by 3. Although we had 36 times at bat to their 27, they managed to measure up to us in hits, and incidentally got the 1 run that was needed for victory. It is the consensus of opinion that both teams are as evenly matched as it is possible to find, and this being so an exciting clash is assured for this evening when Canning and Hall will try conclusions with Murphy and Sharpe in the pitcher's box.

To-night the visitors will be the guests of the Cadet Band at their big dance. To-morrow's games will be at 10.30 in the forenoon, and at 3 o'clock in the afternoon.

We understand that Mr. W. J. Higgins—the only trustee of the Reid Inter-town trophy at present in the country—has made a wash-out out of the All Stars' protest re the unplayed third game at Grand Falls.

DO YOU KNOW?
The motion picture machine has been added up until it can now take 96 pictures a second, and it has recently gauged the speed of a pitched baseball.

An expert pitcher throws a base-

ball 210 feet a second, or two and two-fifth miles a minute.

It is faster than the fastest aeroplane.

From the time the pitcher began his windup until the batter hit the ball, only the 99th part of a second elapsed.

And still we wonder why batters strike out!

It took the 38th part of a second for the ball to leave the pitcher's hand and be struck by the bat. A film showed that a catcher recovered it in the .1317th part of a second to throw to second base, and that it required only .796th part of a second to throw from the catcher to second base—a distance of 129 feet.

Another film showed that a ball was struck by the bat before the pitcher's foot had risen to its full height; and another showed the ball in the catcher's glove before the batter began to strike.

Viewing this inter-town series, we can heartily agree with the latter statement.

THE INTER-TOWN SERIES.

From every hill and valley, from every town and street.

From every lane and alley, there comes the self-same bleat.

The old familiar queries are asked of friend and foe:

"Oh, who will win the Series?" is what we want to know.

The grocer wants to bet me that John B's team will flop.

And to further fret me, I'm pestered by the cop.

"The Stars will trim 'em, buddy," he tells me with a grin.

"But if the field is muddy the Grand Falls sure will win."

Will Claude's fast one stop 'em? Will Sebat Foran blow?

Can Robbie's big bat stop 'em? That's what I want to know.

The fervid fans are hoping to pick the winner right.

And dopsters all are doping the series day and night.

"Will Grand Falls be the winner or will it be the Stars?"

To-day is all the question from Funness up to Barry's.

From the Cross Roads down to Harry's, the questions come apace.

Until I'm nearly frantic about this Series chase.

And e'er the Baseball Pennant of Series' Champs is furled.

I do not know the winner, I want to tell the world.

To-night's the night at 5.30; not forgetting of course to-morrow fore and afternoon.

Investiture at Hr. Grace.

Word was received at noon on Wednesday that His Excellency Sir C. Alexander Harris would arrive on the Sagona and would hold an Investiture in the Town Hall in the evening.

The Sagona arrived at 8 p.m. and His Excellency, accompanied by his daughter, Miss Amorel Harris, his son Captain Noel Harris, and Captain Saltmarsh, A.D.C., landed and proceeded to the Town Hall. Quite a number of citizens were present. Judge Oke welcomed His Excellency and party to the town and expressed his regret that Miss R. F. Parsons of Bay Roberts, who was to be decorated with the insignia of the Order of the British Empire, had at the last moment been unable to attend. His Excellency spoke on the meaning of decorations and their part in the union of the Empire and also gave a special message to the number of children present impressing on them the duty of being unselfish, pointing out the beneficial results which would follow to the betterment of the whole Dominion. A short levee was then held at the close of which the meeting terminated with the singing of the National Anthem. The Governor and party then returned to the Sagona and the party shortly afterwards en route to Hamilton Inlet.—Hr. Grace Standard, Sept. 3.

Cash's Tobacco Store

IS NOW READY FOR THE TOURIST TRADE.

The man from England or the United States or any other country, when visiting our city, will find his favorite brand of Cigars, Cigarettes, Tobacco and other Smokers' Requisites at our store.

We also carry a full line of Picture Postcards and Books of Views of Newfoundland.

TALKIN' OF CHILDREN.

Their noise doesn't worry me half so much as their silence does.

As long as I hear 'em shoutin' out there I am glad, becuz,

I can tell from the way they shriek in play

Just what they're doin' an' where they are

An' whether or not they're goin' too far.

I leave 'em alone to romp an' run

As long as I know that it's all in fun.

But the minute the noise dies out an' Can't hear the patter of feet go by

An' the place gets still

As it sometimes will,

Then it's time for me

To go out an' see

Just what's the matter an' where they be.

Their noise doesn't bother me half as much as their keepin' still.

I ain't disturbed by the shouts an' shrieks of their voices shrill,

Let me hear the noise

Of the girls an' boys

An' I can tell from the sound I hear

That they're all right an' are playin' near.

But my work I drop

The minute they stop.

Cox still little boys are apt to be Plannin' an' plottin' some devilry.

An' I've noticed this

When their shouts you miss

It's time to learn what the matter is.

Let 'em blow their horns and bang

their drums an' I'll never care

So long as the racket is goin' on, I'll know they're there.

For never their din

Starts me worryin',

But the minute it stops, I wince my

brow

An' wonder jus' what they are up to now.

I only fear 'em

When I can't hear 'em.

An' it seems to me

That it's come to be

That I notice the silence more an' more

Than all the shrieking beside my door.

It's time to doubt

When the noise dies out.

But I know what the racket is all about.

"3" Necessities for Perfect Foot Comfort. A complete home outfit for Tired, Tender and Perspiring Feet, only \$1.00, for Soap, Balm and Powder. PARKER & MONROE, LTD.—sept.4

A street dress of myrtle green satin is effectively trimmed with dark crimson braided ribbon.

FOR LEMON PIES THAT WILL MAKE YOUR MOUTH WATER

"Meadow-Sweet" Lemon Pie Filler makes the lightest, tastiest kind with the real fresh lemon flavor.

And it is so easy to use—needs neither butter nor eggs and one tin makes four pies.

You will never make pies any other way or you use it.

ALSO USE IT FOR

Pudding Sauces, Cake Filling, Custards, Ice Cream.

We have Chocolate and Vanilla flavors also.
