A NEW NOVEL by the author of "The Shepherd of the Hills."

"Helen of the Old House," by Harold Bell Wright.

A stirring romance of American life to-day. The scene of the story is not localised but brings to mind almost any manufacturing town or community. The chief character, "Helen of the Old House," represents the finest type of American womanhood. A beautiful love story in a colorful setting. "Helen of the Old House," sweeps to a climax that leaves one impressed anew with the virility and force of Harold Bell Wright.
