**LOCAL MARKET.**  
The smaller lines of farm produce were neglected at the market today, but there was not a great deal wanted, as the grocers and other large buyers had purchased heavily on Saturday, and consequently there was no need of great quantities. Oats, hay and potatoes were fairly well represented today.

Grain—Oats sold quickly, and prices were firm at \$1.17 to \$1.22 per cwt. Wheat is steady at 88c per bushel. Hay—Although there were 30 loads of hay, the market was brisk, especially for the best grades, which sold at \$12.50 and occasionally at \$12.50 per ton. Inferior hay went at \$10 and \$10.50 per ton. Straw is in good demand at \$7 per ton.

Butter and Eggs—The supply of butter was small and demand good; prices firm at 23c for crocks and 25c for pound rolls. Eggs were decidedly scarce, particularly fresh-laid, which sold at 27c per dozen by the basket or 30c for a single dozen.

Vegetables and Roots—Potatoes were represented by twenty large loads, for which there was a slow sale at 45c per bag by the load. Cabbages slow at 25c to 40c per dozen. Onions very slow at 80c to 90c per bag. Celery \$3.00 to \$4.00 per 100 lbs. Lettuce, 15c to 20c per dozen. Carrots, 30c bushel. Turnips, 25c to 30c bushel. Turnips are almost a failure this year.

Apples—Trade slow for inferior stock at 50c to 70c per bag; for choice, 80c to \$1 per bag; 2c to 2.50 by the barrel.

Poultry—A few turkeys were on hand by the dealers, who asked 14c and 15c per pound for the same.

Dressed Hogs—Only a couple offered, which sold at \$7.75 per cwt. Prices are likely to be higher for Thursday. A shipment of live hogs will be made tomorrow at \$7.75 and \$8.50 per cwt.

There was no change in prices of butchers' meat.

**BERLIN-PARIS WAR CLOUD GONE**  
(Continued from Page One.)

the entire question of law and facts shall be submitted to the arbitration of The Hague tribunal; this in view of the contradictions in the French and German reports of the incident. The second decision is that the country whose agents are adjudged at fault shall apologize to the other.

**The Emperor Approves.**  
Paris, Nov. 10.—The new form of settlement has been approved by Emperor William, which means that its acceptance by the Government also is assured.

**Debate in Reichstag.**  
Berlin, Nov. 10.—The opening of the debate in the Reichstag today on Emperor William's interview, as published in the London Daily Telegraph found the chamber fuller than it ever has been before on the occasion of an important political event. All the ministers excepting Foreign Secretary Von Schoen were present, the royal diplomatic and public galleries were crowded, and there was not a vacant seat on the members' benches.

The interpellations regarding this interview, which has been characterized as highly indiscreet, were taken up at once. Herr Bassermann, National Liberal, who opened the debate, expressed a hearty desire for the continuance of friendly relations with France, and said he believed that only a small proportion of the German people was unfriendly to Great Britain. The personal element in foreign politics was dangerous, he declared, and the higher a man stood the greater care he should take of his utterances.

Responsible officials should examine his remarks. The National Liberals did not desire the resignation of Chancellor Von Buelow, but they did want the elimination of the personal element in the conduct of foreign affairs, as failure. Great Britain had been stirred to greater naval preparations by the Emperor's utterances, and Germany's relations had become worse with well-to-do all the principal powers, but especially with France, Russia, Great Britain and Japan.

**Calls Kaiser Traitor.**  
Herr Singer, Socialist, declared that before a high court and tried for treason because of this interview. Herr Singer was greeted by Socialist applause.

**ONE WOMAN'S STATEMENT**  
TELLS HER SUFFERING SISTERS TO USE DODD'S KIDNEY PILLS.

They Proved a Blessing to Her When Her Pains and Weakness Were Almost More Than She Could Bear.

St. George, Man., Nov. 9.—Hoping to save her sister-women in the west from pains and aches which come at the critical times in a woman's life, Mrs. Arsene Vinet, of this place, has given the following statement for publication.

"I have brought up a large family and have always enjoyed good health, until the last two years. I am 54 years of age, and at the critical time of life that comes to every woman, I had pains in my right hip and shoulder. I could not lie down two minutes at a time without suffering the greatest agony. Sometimes I awakened with a feeling as if someone had laid a piece of iron on my head. Another time it would be a burning pain under the left shoulder.

"I took many medicines, but could get no relief, till reading of cures of similar cases to my own by Dodd's Kidney Pills, led me to try them. They did wonders for me.

"I want all women to know what Dodd's Kidney Pills did for me." Dodd's Kidney Pills cure the Kidneys. The woman who has sound Kidneys is safeguarded against nine-tenths of the suffering that makes life a burden to the women of Canada.

## Balkan Garrison Dies By Explosion

Paris, Nov. 9.—The Matin publishes a dispatch from Belgrade stating that the night before last a band of Bosnians, who have taken refuge in the mountains, blew up with dynamite the barracks at Konitz, a town 120 kilometres from the Serbian frontier in the interior of Herzegovina.

One hundred and seventy soldiers, all Austrians, were killed.

The dispatch also says that the Austrian papers have suppressed this news.

## Many Kind Wishes for King Edward

London, Nov. 9.—The King spent his 67th birthday with the family circle at Sandringham, where he is entertaining a large house party, including the Queen of Norway, the Prince and Princess of Wales, and the Russian and Austrian ambassadors.

The King occupied the morning in receiving a great number of telegrams of congratulations, among which were most cordial greetings from Emperor William and President Roosevelt. He received many handsome gifts.

Later the King and Queen and their guests attended the meet of the Royal Norfolk Hunt, which made a picturesque scene in glorious weather at Gayton Hall, the Earl of Romney's seat.

In the evening there was the customary birthday dinner and party, with a cinematograph entertainment for the royal children.

Throughout the week dinners and entertainments will be given to the tenants and servants on the Sandringham estate. On Friday Cyril Maude has been commanded to give a performance of "The Flag Lieutenant" at Sandringham. The King's birthday was celebrated in London, and at all the naval ports, with the customary salutes and illuminations.

Telegrams received from abroad report enthusiastic celebrations and dinners at the various British embassies.

## Peer Gives Fortune to Dr. Barclay

Montreal, Nov. 9.—Lord Mount Stephen has made a gift of securities to his pastor, Dr. Barclay, of St. Paul's Presbyterian Church to the amount of \$25,000. This evening the congregation presented the doctor with a silk gown and a check for \$5,000, the reverend gentleman having completed 25 years of pastoral work. When Lord Mount

Stephen heard that the movement was on foot he sent his own personal contribution to the amount above stated. The presentation was made by Mr. Robert McEwen, president of the Lake St. Lawrence Association, and the gift came through a letter received by Miss McEwen, who is a sister of Lord Mount Stephen.

## SEEKS BIG DAMAGES

Windsor, Nov. 10.—Thomas Elliott, of Brantford, is seeking \$100,000 damages from the Windsor, Essex and Lake Shore Electric Railway. Elliott claims he got the contract for the construction of the road three years ago when the company was controlled by William Newman and A. J. Nelles, of Windsor. The contract, according to his statement, provided for the payment of \$100,000 before the work started, with additional payments at specified times, while the construction work was in progress. After Newman and Nelles sold out their interest the company gave the contract for construction to the Keystone Construction Company. Mr. Elliott maintains that the present company is responsible for any agreement previously made by the company. The suit will be the second big legal battle in which the company has been involved. The other was a suit brought by Newman and Nelles to recover \$117,000 in stocks and bonds under the agreement, on the ground that they had sold out their interest in the road.

## CHOSEN TO KILL

Lisbon, Monday, Nov. 9, via the Frontier, Nov. 10.—Alberto Costa, a former member of the Chamber of Deputies, committed suicide here yesterday. His act created a tremendous sensation, and the police are conducting an investigation.

Senator Costa was a member of the Black Cross Society, which was involved in the assassination of King Carlos and the Crown Prince. It is believed that this society selected Costa by lot to kill the present King Emanuel, and that Costa preferred to kill himself to committing this deed.

It is authoritatively stated that the Government will now attempt to bring the whole matter before the supreme court on a writ of certiorari.

## HERE'S A RECORD

IN PLOWING BEES

Mr. Victor A. Cline, of Belmont, today won a record with a new plow as he looks across his well-plowed fields.

Yesterday was a big day for Mr. Cline. Early in the afternoon the whole countryside turned itself loose in his fields, and the 48 teams driven by a merry crowd of teamsters made short work of the 40 or 50 acres of unplowed land, and before 3 o'clock had all been plowed under the plow. It was the biggest plowing bee ever known in the district, and an evidence of the great popularity of Mr. Cline among his neighbors.

## CANADIANS SHARE

BIRTHDAY HONORS

General Lake a Knight Commander and Hugh Graham Made Knight Bachelor.

London, Nov. 9.—Birthday honors include E. S. Clouston, a baronet; General Lake, knight commander of the Canadian militia, who will shortly return to England. He has a fine service record. He went through the Afghan war in 1878 as assistant field engineer. He took part in the Sudan expedition of 1885, and was in the force which fought the desperate action at Atbara, in the Sudan.

The C.M.G. bestowed on Brigadier-General D. A. Macdonald of the headquarters staff at Ottawa, goes to an officer who has seen service in Canada in the Fenian raid of 1870, and in the Red River expedition of 1885, and in the Northwest rebellion of 1885.

The knighted bestowal on Sir Hugh Graham is probably the first that has ever come to a Canadian newspaper man as a newspaper man. Sir Hugh is the owner of the Montreal Star. He is the son of a Scottish settler in the eastern townships, and was born at Atchafalaya, Huntingdon County, in 1848. Mr. Graham began life as a writer, but speedily turned his attention to the business end of newspaper work, and after some preliminary and preparatory work, such as becoming secretary-treasurer of the Montreal Gazette when he was only twenty, he launched in company with several associates the Montreal Evening Star. That was in January, 1867, almost forty years ago. He soon secured complete control, and the Star of today with its great circulation and influence in Eastern Canada is Mr. Graham's life work.

General Lake, who is knighted, is the retiring inspector-general of the Canadian militia, who will shortly return to England. He has a fine service record. He went through the Afghan war in 1878 as assistant field engineer. He took part in the Sudan expedition of 1885, and was in the force which fought the desperate action at Atbara, in the Sudan.

Open event, open to any corps or rifle association in military districts No. 1.—1, Sgt. Clare, First Hussars; 2, Corp. McIntyre, First Hussars; 3, Capt. Greer, High School Cadets.

Following the shoot the annual banquet was held at the City Hotel. Major Abbott presided, and guided affairs with great good humor, and the evening was altogether considered one of the very best that had ever been held. Mr. H. Hudson and Sgt. Tugwell and Marshall, added considerably to the enjoyment of the evening, by their songs, which met with very hearty applause.

## Loss of Appetite

No Ambition, Lack of Energy, Dyspeptic, Languid.

UNDER THE BENEFICENT ACTION OF FERROZONE CURE IS QUICK AND CERTAIN.

How common these conditions are! They are the outcome of the fast life of our day, proving that waste is impossible greater than the power of our body to rebuild.

In order to cure, first reconstruct the blood—change white cells to red ones, fill the blood with nourishment—do this, and the result will be in your case just as was with J. E. Varanda, a prominent citizen of South Alexandria.

"Four years ago my health became very poor, I grew thin and yellow. I wasn't strong, lacked energy and slept poorly. At breakfast I ate very little. My physician said it was a bad case of indigestion. I grew worse, and many said I would die. I tried everything and almost lost faith in medicine. My mother had been reading about Ferrozone and advised me to try it.

"The change brought about by Ferrozone was marvellous. In four days I felt stronger and had better appetite. I enjoyed my meals and felt no more nausea. My digestion improved steadily and my general health continued better than ever. Ferrozone made a new man of me and I know of no tonic half so good."

Ferrozone Cures Indigestion. When you take Ferrozone everything you eat tastes good—all your food is converted into nourishment that supplies vigor and strength to blood, nerves, muscles and heart. Can't you see just why Ferrozone cures? Not a case of weak stomach, heart palpitation, indigestion, gas belching, headache or languor that Ferrozone won't cure. It agrees with men, women, children—old and young, harmless and pleasant. Sold everywhere, 50c per box or six boxes for \$2.50, at all dealers. Try Ferrozone—do so today.

## WALLS CARRIED AWAY

Two Engines Driven Through a Round-house.

Winnipeg, Nov. 9.—A peculiar and somewhat expensive accident occurred at the C. N. R. yards, Portage la Prairie, several nights ago, which resulted in the smashing of the round-house, two locomotives and some cars.

A train with about a dozen box cars was backing, as it was proceeding, on the switch siding. It was going with considerable speed, but as it so happened the proper switch had not been turned, and the train backed down on the tracks to the roundhouse. Standing in front about a mile from the roundhouse were two large locomotives. These were jammed through the front doors and pushed clean through the building. Part of the outer wall was carried away, and the locomotives were stranded off the tracks and on the far side of the roundhouse. None of the trainmen were injured.

## SOON TO BE IN EDMONTON

G. T. Pacific Make Rapid Progress—Weather Favorable.

Winnipeg, Nov. 10.—It will be but a few days before the big bridge over Battle River, which has been holding the Grand Trunk Pacific out of Edmonton all summer, will be completed. The fall and winter weather has been excellent for the work, and even the advantage is being taken of the opportunity afforded to rush the work ahead. With the winter holding off there will be a good advance made on the line to Edmonton as soon as the bridge is completed. On the Lake Superior branch of the road the bulk of the work of laying the steel has been finished and trains will be operating on the line within a fortnight.

## FIFTY YEARS A PRIEST
