

SPECIAL ACT FOR YORK LOAN

Toronto, Dec. 7.—It is announced that the National Trust Company, Limited, Liquidator of the York County Loan and Savings Company, will ask at Ottawa for an act declaring that the only shareholders of the York County Loan and Savings Company are those who, on or before the 1st day of March, 1913, have sent for payment one or both of the checks in payment of dividends already declared, or from whom the National Trust Company, Limited, has received on or before the 1st day of March, 1913, notice in writing stating the name and address of the shareholder, and authorizing the liquidator to distribute the funds of the company available for distribution, including the dividends already declared, but not claimed amongst those shareholders only who have presented for payment one or more of the checks in payment of dividends already declared and providing for the filing with the official referee of a list of those shareholders entitled to share in said funds available for distribution, "and for relief to the liquidator in the premises."

BORDEN'S NAVAL PLAN NEW BURDEN FOR THE TAXPAYER

For Seven Years the Whole Expense of Maintaining the Three Dreadnoughts Will Fall on Shoulders of Englishmen, Declares The Glasgow Herald.

London, Dec. 6.—The Glasgow Herald (Independent) says: "The Dominions are not, speaking correctly, coming to the assistance of a tired and exhausted motherland."

"The motherland is not tired, and is very far from being exhausted. Great Britain, as every statesman from the overseas Dominions admits, is more full of energy and enthusiasm than any other nation in the world. It is the industrial life and ability to maintain her place in the world that she ever has been. Her people are as willing and able as ever to bear the burdens necessary to keep her supreme at sea. There should be no mistake about the meaning of the contribution by the Dominions. No contribution from any of the Do-

minions, whether in the form of original or borrowed money, is now adopted by the New Zealand and the Dominion of New Zealand to relieve the mother country from the responsibility of maintaining an all-powerful navy."

Far from relieving the burdens of the British taxpayer, the Herald declares that in one sense the contribution by the Dominion will impose on Great Britain a fresh burden. It is one thing to build ships and quite another thing to man them. The British blue-jackets' training extended over seven years, during which period the whole expense will have to be borne by the British taxpayers.

MAGISTRATE TO PAY COSTS IN MANITOBA ELECTION CASE

Judge Says It Was Difficult to Imagine No Corrupt Motive.

Winnipeg, Dec. 6.—The court of appeal today refused to make absolute the rule nisi to lay a criminal information against Magistrate McKenken in connection with the Macdonald election case. Mr. Justice Cameron dissenting from the judgment of the other members of the bench. Magistrate McKenken is ordered to pay the costs of the action.

In lengthy judgments given by the judges, a review is given of the case which led up to the application before the court. It is stated that in the trial of the two persons, arrested in St. James during the Macdonald election on Oct. 12, irregularities were committed not only by Magistrate McKenken, but also by the magistrate who acted in the case previous to him, S. D. Richardson, of St. James.

Chief Justice Howell, in delivering judgment, said that, in view of the facts brought to light, it was hard to believe that there was no corrupt motive in the case, and he could only be brought to think so by the affidavit of the magistrate. He was also of the opinion that the two men accused of personation used assumed names, and did not appear in the court in person.

Mr. Justice Cameron said that he differed from the others. He thought that as a prima facie case of corrupt motive had been made out. He thought, therefore, that the rule should be made absolute.

Mr. Justice Haggart said that he agreed with the conclusions of Mr. Justice Cameron. When the original application was made for the rule nisi, he thought there should be better evidence of corrupt motive produced, and there was really no direct evidence of corrupt motive.
