Another Sensation in the Marconi Wireless Contract With Government.

Unionist Member Issues a Writ Against Managing Director of Firm.

[Canadian Press.]

London, May 27. - Another sensational chapter connected with the wire-less contract between the Marconi Company and the British Governmen was opened today

Godfrey Locker-Lampson, Unionist member of Parliament for Salisbury and Peter Wright, both shareholders i the English Marconi Company, issued a writ against Godfrey Issacs, managing director of the Marconi Company; Harry Isaacs, and the directors and prokers of the company, remand accounting of the 500,000 shares of the American Marconi Company which Company Godfrey Isaacs had placed in England and part of which Sir Rufus Isaacs the attorney-general, and David Lloyd George, chancellor of the exchequer, acquired before the public was let in on the deal.

A Record Boom. The flotation of the shares was made just after the Titanic disatser last year and resulted in one of the greatest gambles that has ever occurred in the history of the London stock exchange. It is understood that the plaintiffs argue that the shares really belonged to the English Marconi Company. The plaintiffs claim that the defend ants are liable to make good the differ ence between the par value of the 500, 000 shares and another 100,000 shares which passed directly from the English company to the defendant Percy Hey bourn and the highest market pric it which shares were disposed of. The plaintiffs express the belief that they will be able to prove shares were sold as high as 3 7-8 or 4.

Urges All Men Not to Put Off Salvation Until Eleventh Hour.

[Canadian Press.]
Owen Sound, Ont., May 27. —
Standing on the scaffold at 7:40 this morning in the jailyard at Owen Sound, Charles Henry Love, in a promised confession, gave to the world his last dying message, for at 7:52 the death sprung, and pulsation stopped nine minutes after the drop. Love murdered his wife at Cey-lon or Flesherton Station, a small

village, on Dec. 9, 1912. The con-

fession reads: Love's Warning.
"I want Mr. Maloney, my spiritual adviser, to tell the people that I would like them to take warning, and when the Spirit of God strives with them that they should immediately yield, and not put off salvation until the eleventh hour, and not act as I have acted for 24 years—a wasted time—serving the devil, which should have been spent in the service of God. For over twenty years the Spirit of God strove with me, but I refused to yield, and look at me now! Even at this late hour God has forgiven me and I die in peace. But I leave me and I die in peace. But I leave the world with the awful thought that my life was wasted. He has had mercy on my soul, and he is willing to save me even now. Read Isaiah, 1 and 9; John, 6 and 57; First John, 1 and 9; Matthew, 11 and 24, and Psalms 23 and 24."
