

HUNDREDS FAREWELL ENGINEERS HEADED FOR ST. JOHN'S CAMP

Music, Cheers and Good
Wishes for Party of 42.

Amid the cheers of hundreds of citizens and soldiers, 42 men of the Canadian Engineers left London last night for St. John, Que. The men formed up at the camp, and, headed by the band of the 160th Battalion, made their way to the station. The Special Service Company acted as an escort. Although the majority of the men are of American birth, hundreds gathered at the station to bid them good-bye. Special cars, to be attached to the regular train, were waiting for them, and these were boarded as soon as the station was reached, last farewells being said from the coach windows. The band formed up close to the cars, and patriotic airs enlivened the occasion until the plucky pulled in. Lieut. Frank White is in command of the party, and will be in charge until it reaches the depot at St. John, when he will return to London.

Those who left were: Snipers P. Fraser, B. L. Johnston, R. A. Hooley, C. C. Hanson, J. J. Addison, J. J. Mason, W. H. Ewing, G. C. Sargent, J. E. Haight, L. H. Burdick, J. D. Mattie, G. Hawksworth, T. Walsh, A. Smyk, E. Haller, J. E. Mahady, W. Viager, F. Martin, J. Robinson, T. Blystinski, A. Dalby, H. England, H. Donnelly, J. J. John, G. J. Marshall, G. E. K. Kelly, W. J. Breen, C. Lawton, T. H. Humer, J. E. Ford, E. McCarty, G. Baker, D. A. Webster, E. Coslay, J. J. Fallowley, J. J. Murphy, D. J. Cahill, T. A. Kerr, G. Sarpul, P. W. Thompson.

LIEUT. STEWART SHOCKED BUT STICKS TO TRENCH

Stratford Boy Who Disposed of Twenty
Germans Was Himself Injured.

[Special to The Advertiser.]
KINGSTON, Oct. 11.—Mrs. Stuart has received word stating that her son, Lieut. Stewart, who won distinction by knocking out twenty Germans with one man assisting him, suffered shell shock in the severe fighting of last week, but that he was not forced to leave the line. He pluckily stayed in the game. He went overseas with the 34th Battalion from Stratford.

COL. MITCHELL MADE SECOND STAFF OFFICER

High Position for Canadian in Second
British Army.

[Special to The Advertiser.]
TORONTO, Oct. 11.—A great compliment has been paid to Canada by the appointment of Col. Charles Hamilton Mitchell, D.S.O., of Toronto, to the position of first staff officer, 2nd Canadian Division, in France, the most important post yet given to a Canadian by the British military authorities. News of the appointment is contained in letters received by Mr. P. H. Mitchell, consulting engineer of Toronto, a brother of Col. Mitchell.

It is understood that the first Canadian contingent, Col. Mitchell has introduced methods of gathering information concerning the enemy that have been adopted by both the British and French armies. For brilliant intelligence work he was made a member of the Distinguished Service Order, and for distinguished service in the second battle of Ypres he was made a member of the Legion of Honour was conferred upon him.

BUCHS OF CONNAUGHT FUND CLOSING THIS WEEK

This Tribute to Her Royal Highness
Is From All Canadians.

So far as London is concerned the Duchess of Connaught's Gift Fund is now closed for contributions, and necessary for prisoners of war will be closed this week. In consequence all donations to this object must be in the hands of Mrs. H. A. Bommer, president of the Local Council of Women, within the next two or three days. A subscription to this fund, however small, will mean a definite contribution to the relief of the prisoners of war. The fund is a practical demonstration of interest in and sympathy for the Canadians who spend in hardship weary months in German prisons before they have done their bit for the Empire.

FORTY-FIVE RETURNED SOLDIERS AT DELAWARE

Forty-five returned soldiers from the Convalescent Home, Byron Sanatorium and other places visited Delaware fair yesterday afternoon enjoying what they termed a most delightful outing. Eleven motor cars were provided by public-spirited citizens, while all necessary comforts were also provided for the trip and during the stay at Delaware. Cigars and cigarettes were given by friends, candy being provided by Mr. McFarlane of D. S. Perrin & Co.

President Jones and Secretary Matthews met the men at Delaware and took them in charge. Supper was served in the church by the ladies, an address being given by Rev. H. J. Creary. Mr. Jones also spoke. After supper cigars were passed. The soldiers moved a vote of thanks to the ladies and the people in general and gave three lusty cheers.

The outgoing trip was made along the north side of the river and the return by the south bank. Those who contributed cars were: C. H. Elliott, W. D. Jarvis, R. Greene, Controller White, J. F. Nolan, T. B. McCormick, Marshall Graydon, C. E. Keene, Fred Ross and A. M. Daniels.

The Red Cross extended an invitation to the men to return at a later date, when a reception will be tendered and supper will be served in the town hall. It is probable the invitation will be accepted.

Mistakes Canada For States; Aims Pro-German Talk

"Refugee" Declares Allied
Victory Stories Mere
Lies.

The first of a series of trains carrying Belgians, Greeks, Serbians and other refugees passed through the city at 1:35 Wednesday afternoon. The train consisted of only three coaches, carried 170 men, women and children. They were en route from Buffalo and other points in the Eastern States to Port Huron, Chicago and intermediate points. They were a well-dressed and well-looking lot, and many of the men looked capable of bearing arms.

SIR SAM TO REVIEW TROOPS AT BORDEN

Stage Is Set for Parade of
20,000 Men.

133RD MAN IS INJURED

Corp. T. I. Cheevers Loses
Part of Hand in Board-
ing Train.

[Special to The Advertiser.]
CAMP BORDEN, Oct. 11.—Corp. T. I. Cheevers of the 133rd Norfolk Battalion, whose home is in Waterford, Ont., while returning from pass tonight in the severe fighting of last week, was injured while boarding a train at Angus, Ont., and had his hand severely crushed. He was rushed to the camp hospital, where at a late hour an operation was performed, when the injured fingers were removed.

On Friday, Lieut.-General Sir Sam Hughes, minister of militia, is expected to arrive in camp and a ceremonial review of all troops in the division and in camp will be held, with the minister taking the salute. Major-General F. L. Lessard, C.B., inspector-general for Eastern Canada, and Major-General W. A. Logan, C.B., commander, will also be on the saluting base. It is expected that at least 20,000 troops will take part in the review, including the seven Ontario units, the majority of whom have been warned for overseas.

TWO MORE LONDONERS LISTED AS WOUNDED

Official Casualty Lists Confirms Two
More Previously Reported.

Through the official messages from Ottawa two more Londoners are added to the casualty lists today. A message to W. A. Bailey, 568 Ontario street, announced that Pte. Francis Richard Bailey, 12450, of the infantry, had been officially reported admitted to No. 8 Stationary Hospital, Wimereux, on October 2. He is listed as being wounded in the wrist from gunshot.

Mrs. E. H. V. Cook, 517 Philip street, was notified that her husband, Pte. Frank Vincent Cook, 12451, infantry, had been sent on Oct. 4 General Hospital at Camiers, on October 11, wounded in the left leg.

The official casualty list from Ottawa today lists two soldiers from this city previously included in the casualty list through private messages. R. C. Thomas, 74 East street, is reported as dangerously ill and wounded. Sgt. Percy St. Clair Aldridge, late of the 33rd, whose father, living at 77 Terrace street, Cheltenham, was notified some days ago, by an official postcard, is the second Londoner. In a letter from the front Sgt. Aldridge, through private messages, is reported as being wounded in the right leg in one day by exploding German shells.

FIVE MORE NAMES ON LIST OF INVALIDS

No Date, However, Fixed for Their
Arrival in London.

Five names of Western Ontario soldiers have been added to the list of those who arrived at Quebec last week, wounded or invalided from England. A telegram received by the local branch of the soldiers' aid commission contains the following names: Thomas, Woodstock; Lyle, Leam; Galt, Trenton; Woodstock; Taylor, Aylmer; Vanderbilt, Tilbury. No word has yet been received as to how many of the men will be sent here or as to what date they will depart.

THEY NEVER GIVE TROUBLE. Air leakage and consequent lack of volume in tone is the common trouble with the tubular wooden-action piano. This trouble is impossible with the new aluminum action player-piano of the Yolo Piano of Heintzman & Co., Limited, 242 Dundas street. A demonstration may be had at any time at the original package.—Adv. O. 11.30.

LT.-COL. MILLIGAN WOUNDED, REMAINS ON ACTIVE SERVICE

Commander of Fighting 18th
Won't Leave Front.

An official telegram from Ottawa late Wednesday afternoon announced that Lieut.-Col. H. L. Milligan, the popular commander of the "Fighting 18th," was wounded, but remained on duty from Sept. 28 to Oct. 2. Lieut.-Col. Milligan was one of the most efficient as well as popular officers that left London since the beginning of the war. The telegram, addressed to his wife, who died two weeks ago, was received by W. B. Pope, 171 Ridout street.

Lieut.-Col. Milligan was originally Sergt.-Major of the Seventh Regiment, later going to the 26th Regiment, where he took a commission. He was brigade major of the Second Infantry Brigade in this militia district when he was wounded. The telegram, addressed to his wife, who died two weeks ago, was received by W. B. Pope, 171 Ridout street.

he was chosen as senior major of the 18th Battalion by Lieut.-Col. Wigle, and automatically took command of the unit in France when Lieut.-Col. Wigle returned to Canada last July.

Major Thornley, 845 Dundas street, had just finished reading a letter from her son, Major J. R. Thornley, who left here with the 18th Battalion, when she received an official telegram notifying her that her son had been wounded on Oct. 14. Major Thornley was transferred to a pioneer battalion in England when the 33rd was broken up. "He has just been at the front for a month," said Mrs. Thornley, "and in his letter said that his battalion had been ordered to rest billets."

AUTOMOBILES COLLIDE ON WELLINGTON STREET

London Real Estate Man's Car Hit
and Visitors Shaken Up.

Driving south on Wellington street about 6:15 o'clock Wednesday evening, D. D. York of this city, a real estate broker, accompanied by Mr. and Mrs. Hart of Gloucester, received a bad shaking from a collision with another automobile which was being driven towards the west on Queen's avenue of this city.

13 MORE CASES ADDED OF "WHOOPIING COUGH"

Weekly Health Report Shows Disease
Is Not So Prevalent as Here-
tofore.

The weekly report of Dr. W. H. Hill, medical officer of health, puts whooping cough in the lead of communicable diseases in London. In all 23 houses, with a total number of 42 cases, were in quarantine on October 7, when the weekly report was made. Only 13 of these cases, however, were new ones.

Lieut.-Col. W. J. Brown Attending
Funeral of Mrs. (Col.) Wigle.

Lieut.-Col. W. J. Brown, Acting A. G. Military District No. 1, left for Windsor on Wednesday to represent the district at the funeral of Mrs. (Col.) Wigle, who died on Monday.

COLDSTREET SCHOOL FAIR

The rural school fair held at Coldstream on Monday, October 9th, was a decided success. Ten schools competed for prizes, and much interest and enthusiasm was shown over the various exhibits. In spite of the very disagreeable weather, 300 attended the fair. The number of entries in the various classes was not as large as last year, but the quality of the exhibits was exceptionally good. In the public speaking contest there were nine speakers. All the speeches were exceedingly good, showing much credit to the schools which they represented.

BOARD EXAMINATIONS WORKING OUT WELL

Only Two Out of 19 Applicants Turned
Down for C. E. F.

The new system of having recruits examined by a medical board before being finally accepted, now being used in this district, is working out satisfactorily. Recruits after passing the medical board, a practitioner or medical officer at their place of enlistment, are sent on to the nearest mobilization point. They receive no clothes or equipment until passed by a medical board. Lieut. T. G. Parker, 21st Battalion, Windsor, is the medical board officer at this place.

That a good class of recruits is still coming forward is evidenced by the fact that out of nineteen men examined since October 8, only two were declared unfit. Those examined were: G. A. Lyons, London, A. M. C. Sun Lyburtis, Chatham, No. 2 Construction Battalion, unit. H. Burdick, Engineers, London. Tony Geller, 163rd Battalion, Windsor. J. E. Haight, Engineers, London. J. Ryerson, 153rd Battalion, Windsor. D. McDonald, G. M. R. London. R. E. Johnson, Engineers, Windsor. G. S. Schippe, A. M. C. Windsor. F. Camp, Engineers, Windsor. H. W. Behb, Engineers, Windsor. T. G. Parker, 21st Battalion, Windsor. H. England, Engineers, London. H. Mathews, 21st Battalion, Windsor. W. F. Beggs, Engineers, London. A. Lewis, 153rd Battalion, Windsor. E. P. Miller, A. M. C. Amherstburg. E. V. Bowman, 153rd Battalion, London.

The table gives the place of enlistment and unit to which the recruit is attached. The medical board was composed of Major H. A. Kingsmill, president; Capt. A. L. Poisson, Capt. C. F. Dunfield. Tuesday evening, November 7, has been chosen as the date for the opening concert of the season of the Women's Music Club. This was decided upon at a meeting of the executive this week, when the program committee reported in regard to the artists secured and arrangements already completed for the opening night.

WOMEN'S MUSIC CLUB OPENS ON NOV. 7

First Concert of Season Will Be Held
Then.

The first program is to be novel from the fact that it will be a period program and the music selected is to be known as "Musical Milestones." The fact that those taking part are wearing the costumes of the periods which their numbers represent should add picturesque charm.

The tickets this year, for the first time, bear the club colors, dainty bands in gold and blue, across the corner. The first afternoon recital, two weeks after the opening concert, will take the form of a reception with a short program, consisting of two or three numbers. Time will be devoted to this occasion to an important item of business, the election of a president to succeed Mrs. Jordan, who has resigned. Afternoon tea will be served during the social hour.

For the second recital, Mrs. Lyster and Miss Minnie Raymond are arranging a program of compositions by "Old Masters."

Immediately before Christmas, Mrs. McHardy-Smith and Miss Stevens have arranged a program of Christmas carols for the club by Charles E. Wheeler, P.C.G.O., in St. Andrew's Presbyterian Church.

RESENT INFERENCE OF PURCHASED SIGNALS

London Collegiate Football Players
Make Flat-Footed Denial.

Members of the London Collegiate Rugby team somewhat resent the inference that the signals of the St. Thomas football team were sold to them before the commencement of the game last Friday, when they defeated that team 16-1.

Cyril Lipsey, a St. Thomas Collegiate student, was assaulted by members of the team and its rooters, who alleged that he betrayed the signals, causing the St. Thomas team's defeat. The sequel was a St. Thomas police court case.

Acting Captain Tom McDougal of the London team stated to The Advertiser that his team had absolutely no knowledge of the St. Thomas signals. "I knew nothing of them myself, and I knew that none of the boys on the team did either," he said. The game was a fair one all through. I don't think that any of the Londoners, even outside the Collegiate, knew the signals of the St. Thomas players."

Today your editorial contains an article on "Asquith's Liberalism" as defined by him in 1905, and to which I am a staunch adherent. His program is a praiseworthy one, and if carried out in its entirety would leave little to be desired.

Unfortunately, great as has been Britain's prosperity under "free trade," that prosperity has been very unequally distributed, and leaves much to be desired.

When one realizes that half the wealth of the nation is owned by five millions of the people, while the remaining 45 millions have to share the other half as best they can in varying proportion, and that previous to the war 13 millions were always on the poverty line, we come to the conclusion that although "free trade" is a great blessing it will not of itself settle all our difficulties.

"Reginald McKenna," on August 10th, replying to criticism, stated that Great Britain's debt was "17 billions," of which "4 billions" was lent to Allies and the dominions.

This is interesting reading. "Free trade" has enabled Britain to maintain an army and navy hitherto unequalled in the world's history and to finance the dominions, who have raised a tariff against her productions. Another remarkable fact is that her credit is so sound that she is able to contract a debt of 17 billions without going into bankruptcy.

We have been fortunate in procuring the mill seconds from one of the best Canadian manufacturers, at a discount off the mill prices, that will enable us to offer 4,666 garments at about manufacturers' price.

This purchase coming at this time, when the cost of production, as well as the price of yarns (both cotton and wool) have advanced to prices unheard of in many years, is of more than usual significance, and the opportunity to procure your supply now at mill prices should be sufficient inducement to lay in a stock for the future, should you not need them for present use.

This is the greatest and most important purchase of Ladies' Underwear we have ever made, 4,666 garments, and only by clearing the entire lot were we enabled to offer them at the prices you will find listed below. We are unable to give a detailed list of each kind and quality, so we will briefly mention the prices at which you will be able to purchase the different lines.

The Clyde workers called for the resignation of "the minister, whose legislation was tainted with slavery." He retired to a position where the aristocratic reigning supreme, with no doubt, coolly gave him to understand that "Billingsgate" is not in fashion in their department.

Protection? Yes, we need it from power inflated politicians! From wealthy shipping magnates like Fred Furness and Mr. Holt, who have told us recently that "they want to carry on their business in their own way" without any interference by the Government.

"R. B. Suthers," writing in The Clarion, August 11th—a paper which has consistently supported the Govern-
ment during the war—explodes: "Damn their impudence! They affect a business of the business of this country belongs, if it belongs to anybody, to the fighters and workers, who have saved it from the Huns."

Shipping magnates are shameless in the matter of profits, but the law in Great Britain, which enabled those magnates to raise the load line on their vessels at the expense of seamen's lives is equally shameless, and a blight on British statesmanship. "Protection" from food pirates is sadly needed. Prices are mounting up on all necessities. It is useless to change our diet. The evil is too deep rooted. If we refuse to eat bread and cheese ourselves with turnips, we food robber cornering turnips.

Home-baked bread is no solution from an economic standpoint. Think of the many thousands bags of flour going into thousands of different homes, the many thousands different mothers. The many thousands details connected with it all. It's a crazy notion.

Protection? Yes, we need it badly from our own slovenly way of conducting our home, municipal and national affairs. If we cannot pull ourselves together and examine our business methods, with a view to improving same, whilst our men are at the front, what sort of middle will they find us in when they come home? If they are protecting us, the least we can do is to provide them with something worth protecting.

The salesmen who branded the English workmen "slackers and drunkards"—a statement which he made to retract, was certainly talking without regard to the facts.

Where is the 17 billions coming from unless it is created from the only source of wealth, viz., "the application of labor to raw material" Where did the money come from to finance the war up to date, unless from the same source?

We are pleased to note that financiers think the "skilled workmanship" and integrity of the British workers are still good security to bank on.
