The nomination, or selection, or whatever else you like to call it, of a member to represent Nanaimo in the Legislative Council, is to take place, according to announcement, on Tuesday next, at the Court House. DIRECT COMMUNICATION. We understand that during the winter months the Government steamer Sir James Douglas will go alongside the mail steamship Active, on her arrival at Victoria, when the mails, freight and passengers will be transferred to the former steamer, and brought on to New Westminster free of charge. This arrangement is intended as a temporary measure to relieve the people living on the mainland, of the serious expense and delay occasioned by the freight, &c., being landed and detained at Victoria, and will continue in force only till the old contract entered into between the late Island Government and the steamship company expires, which will, we understand be on the 31st of March. After that date the mail steamer will renew her trips to this port under a new contract. British Colum

FLIGHTS OF FANCY-The Columbian says the mail steamers will not come beyond Victoria, and that the Sir James Douglas will be employed between Victoria and New Westminster to carry freight and passengers intended for the latter port free of charge! Of course. In addition to this liberality on the part of the Government, we hear that each head of a family at New Westminster will be presented with a fat turkey for Christmas . each matron with a set of furs; every young lady with a silk dress; the little girls with a doll each; and every good little boy with a kite-warranted to fly as high as the fancy of the editor of the Columban, when treating on Governmental matters.
