SHAVE BOARD
If you are building or going to com-
plete some unfinished rooms, let us
show you some colored samples, illus-
trating the beautiful color effects ob-
tained by using this material and the
able board for walls and ceilings in
all classes of buildings.
We carry a large stock in assorted
sizes.

MAIL ORDERS

We solicit orders of every order which
receives our personal attention. The
length of time taken to fill orders is
governed very largely by how long we
are in the department of our factory
in which the particular goods are
made. While we have exceptional fac-
ilities for promptly turning out goods,
it is important to place orders as far
ahead as possible. Orders are filled
by us in the relation in which they are
received, and customers can always
depend on our doing everything in
reason to give prompt despatch.

Our Office is connected with the N. B. Telephone by two separate lines
insuring prompt attention.
Office Hours 8 A. M. to 6 P. M.

NAMES NOW IN POPULAR CONTEST

First List of Contestants—Still
Room for Many More
Names.

The voting contest for the Most
Popular Lady in Campbellton is cer-
tainly getting a good start, and al-
ready interested parties have a large
number of votes saved up for their
favorite.

At the Opera House there is an ac-
tive demand for the Coupons, and al-
ready the Graphic has added many
new names to its list. The merchants
interested also report more enquiries
and interest in the contest as people
understand it.

No announcement of the standing
of the contestants will be made
until the contest closes and all the
votes are cast, so all will have to work
hard and pull every vote.

Remember for every dollar you spend
at the stores of the merchants inter-
ested in the Auto Contest you are
entitled to ten votes for the most
popular lady.

We also wish to remind all contest-
ants that the Graphic will allow ten
per cent. commission on all new sub-
scriptions turned in during the contest
so that every one will receive return
for their work.

The following names have been
handed in for nomination:

THE CANDIDATES
Mrs. Alphonse Boudreau.
Miss Avis Miller.
Miss Evangeline Roy.
Miss K. Egan.
Miss Marion Gibson.
Miss Hazel Lingley.
Miss Laura Boudreau.
It is not too late to nominate. Send
the names in at an early date and they
will be published later.

THE DRIVE IS ON NEXT MONDAY

Have Your Money Handy for
Victory Loan Solicitors
Are Coming.

The Victory Loan drive for a half a
million dollars from Restigouche will
be in full progress next Monday morn-
ing and considering what Restigouche
has done in the last two loans it is
confidently expected that the objective
will be reached and probably passed,
but it will mean that every citizen
will have to do his duty and that is
subscribe for bonds to the extent of
every dollar that is available.

As in previous bond drives the coun-
ty has been divided into districts and
each district will be looked after by a
team, which will report to the cen-
tral committee each week.

Results will be announced from day
to day.

Now let everyone do his or her duty
and live up to the good reputation
Restigouche enjoys.

RESOLUTION OF CONDOLENCE.

Resolution of Condolence passed by
the Municipal Council of Mann at a
general meeting held at Cross Point
on Monday the 6th of October, 1919.

Whereas, it has pleased Almighty
God to remove from our midst the per-
son of John J. Doyle, Councillor;
Be it resolved, that the Municipal
Council of this Municipality of the
Township of Mann, desires to place
on record its appreciation of Mr.
Doyle as a citizen and member of this
community, and a member of Council.
And be it further resolved, that a
copy of this resolution be sent to his
bereaved family.—Carried.

We have a supply of Grammar School
scribbles now on hand. They are
the biggest and best on the market
for 5 cents.

HYDRO-ELECTRIC POWER DISCUSSED

Town Has Proposal for Cheap
Power—Cannon Belong to
Town and Stay at Park.

A meeting of the Town Council was
held at the Clerk's office Tuesday eve-
ning. His Worship Mayor Murray
presiding. There were present Couns.
Campbell, McKay, Ingram, Dexeaux,
Matthews, Bissett and Jamieson.

The minutes of last regular meeting
were read and confirmed and a special
meeting.

A communication was read from
American Consul Woodward stating
that he was leaving Campbellton for
thirty days and his duties during his
absence would be in charge of Mr.
Wm. A. Rogers. Placed on file.

A communication was read from
Engineer Black of the C.N.R. stating
that the electric light poles on the
wharf were erected too near the track
and asking that they be moved back
a little. Councillor Bissett explained
that these poles had been placed where
the man in charge of the wharf had
instructed, but when it was ascer-
tained they did not comply with the rail-
way commission's rules they had been
moved back to meet the requirements.
The communication was then placed
on file.

A communication was read from Mr.
J. W. Gilman, Chairman of the Orom-
octo fire relief fund, asking the coun-
cil to make an appeal to the citizens
for relief for the fire sufferers of that
village. On motion it was ordered
that an appeal be made for subscrip-
tions in both local papers, and his
Worship appointed Councillors McKay,
Devereaux, Ingram and Campbell a
committee to receive such subscriptions
and in any other way to forward the
movement.

A communication was read from Mr.
M. B. Dickson enclosing the new agree-
ment to be signed by the Mayor and
Town Clerk in connection with the
government's housing scheme. The

HOW MUCH BARLEY IN BOTTLE

That is What We All Would
Like to Know—Many Esti-
mates Coming In.

How many kernels of barley are
there in the bottle?
That is an interesting question
which many would like to know, but
we cannot tell. In fact no one knows
until the judges count it. All we can
say is that it was filled by Dr. Mur-
ray, and we can vouch for it that it
is well filled.

Already a large number of esti-
mates have been received, and more
are coming in every day.

Don't fail to make an estimate yours
might be the correct one.

Read the adv. on another page and
send in your estimate at once.

A communication pointed out that with-
in a few days after receipt of same the
\$44,500 asked for would be forwarded.
After some discussion as to the new
agreement being more favorable than
the former, the Mayor and Town Clerk
were authorized to execute said agree-
ment on behalf of the town.

A communication was read from
Mr. C. L. Foss, Chairman of the New
Brunswick Water Power Commission,
with reference to supplying electric
current to Campbellton by a company
which proposed to develop power from
the Tete-a-tete river. This letter
stated that if the Town would agree
to contract for \$15,000 worth of cur-
rent per year the proposed company
would sell to the town for 3 cents a
K. W. for lighting and 1 1/2 cents a
K. W. for power.

Considerable discussion took place
on this question. His Worship said
that he thought the time had come
when the Town should look into the
matter of procuring hydro-electric
power.

Coun. Ingram was not in favor of
handing the franchise over to a com-
pany. If there was any money in the
business let the town make it.

Other councillors expressed similar
views, and the communication was laid
on the table for further information.
A communication was read from Mr.
P. W. Colwell stating that he had paid
his 1919 taxes in a Nova Scotia town
and hardly thought it fair he should
be compelled to pay taxes here this
year. Referred to Assessment Com-
mittee.

A communication was read from
Mrs. Daniel O'Keefe asking that her
taxes be reduced to the amount they
were last year. Referred to Assess-
ment Committee.

Departmental accounts were then
passed.

Coun. McKay stated that he under-
stood that the Town Clerk had some
information about the cannon now at
the Riverside Park.

The Clerk read a copy of the deed
of gift from Mr. McKay to the
Town of Campbellton. The clearly
set forth that the cannon belonged to
the Town, and were to be placed on
a public park or square, where the
town had one, but until such time were
left in the care of the School Board.

Coun. McKay said that he hoped
this would settle the matter. The
cannon were now on the town park
and would be mounted on the carriage
recently procured.

Coun. Devereaux moved that a copy
of the deed of gift of the cannon be
entered upon the minutes, that it be
filed and that the School Board be
notified.—Carried.

Coun. Bissett moved that the Elec-
tric Light Department be asked to
mount the cannon.—Carried.

Coun. Matthews reported that the
work on the fire station was progress-
ing. The excavating was completed
and the forms for the basement walls
were being placed. Two carloads of
blocks had arrived. M. Clifford Chat-
terton had been engaged as foreman
of the work.

Coun. Matthews asked for authority
for the Fire Protection Committee to
purchase one thousand feet of double
jacket fire hose. Authority was granted.
—Carried.

CAMPBELLTON MAN KILLED

Accidentally Shot While Visiting
Friend.

Ernest Smith, formerly of Camp-
bellton, N. B., but for the past year, a
resident of Moncton, was accidentally
killed Sunday afternoon at Turtle
Creek, Albert County, when the one
heavy calibre German automatic re-
volver which he brought back from
the front as a souvenir, was discharg-
ed into his brain while he was showing
the revolver to a number of friends.
The bullet entered the ear, passed
through the head and came out the
other side, crashed into the wall and
disappeared. Part of the skull was
completely blown off.

The deceased, who since his return
from the front in March last, has been
living with his sister, Mrs. Alex. Dickie,
282 St. George street, and employed
with the Canadian National Railway,
on the paint car, went to Turtle Creek
on Saturday to spend the week-end at
the home of his wife's brother George
Lutes, also a returned man, Sunday
afternoon both went to the woods,
Smith carrying with him, attached to
a belt, his automatic revolver. While
in the woods, the deceased shot a few
squirrels before returning to the
house.

While sitting on the sofa after his
return, Smith examined his gun and
at the same time demonstrated its
mechanism to those in the room. He
removed the magazine, but evidently
failed to see that one shot remained
in the chamber.

In showing how he had shot a squirrel,
Smith placed the revolver muzzle
to his ear, and in some unaccustomed
manner, it was discharged. The un-
fortunate man fell dead instantly.

The deceased had a splendid war
record, having enlisted at St. John in
the 10th Battalion early in 1916. He
went overseas and was wounded in
France. Upon his recovery he was
transferred to the 26th Battalion and
was again wounded. After spending
some time in the hospital, he return-
ed again to the battle front with the
Canadian Cavalry Regiment, being
wounded while serving in that unit,
for the third time. In March last he
was invalided home and resumed work
in the paint car which was recently
at St. John. He deceased spent all
his spare time and coming to Moncton
every week end. Previous to the war
he was employed in the Moncton round
house.

The late Ernest Smith was born at
Campbellton 42 years ago. Both his
parents died some time ago. He is
survived by his widow, who was for-
merly Miss Romain Lutes, of Turtle
Creek, also three brothers and two
sisters. Richard, of Halifax; Walter
of St. John; and master at Campbellton.
Coun. H. was inspector, Camp-
bellton, and was a member of the
M. A. C. of Campbellton, and the coun-
try needs rain before the heavy frost
comes or water will be scarce his com-
ing winter.

Throughout the country roads,
prairie and fields which have never
been known to so dry are now in that
condition and farmers are compelled
to haul water from distant brooks.

On the river the water is so low
that the raising of provisions up to
the head waters has become almost
impossible and lumber jobbers are
having a hard time.

The fall has been a remarkably fine
one so far as fair weather is concern-
ed. M. Clifford Chatterton had been
engaged as foreman of the work.

Coun. Matthews asked for authority
for the Fire Protection Committee to
purchase one thousand feet of double
jacket fire hose. Authority was granted.
—Carried.

Last spring some of the drive way
hung up. Later these moved down
river and are now scattered along the
banks from the mouth of the Upper
creek to the lower.

If there is not
rain soon a rise of water may enter many of these
logs will be soon in and will be lost
when the ice runs next spring.
