Dee Side

The weather for the past few days has been very mild and looks very much like spring as a large number of birds are beginning to make their appearance.

Mr. D. Sharpe is spending a few days with friends here. Miss Minnie Sharpe made a flying trip to Matapédia on Tuesday while Mr. D. Sharpe was away.

There she was the guest of Mrs. D. Lawlor.

Mrs. J. McNaughton and Mr. Cameron McNaughton were visitors in Upsaliquita Sunday.

Mrs. J. L. Wyer is the guest of Mrs. David Ferguson.

Mr. David Ferguson is spending a few days at his home here.

Mrs. William McNaughton and Miss I. Pratt were the guests of Mrs. J. McNaughton Tuesday evening.

H. M. S. HAMPSHIRE WAS BLOWN UP

Confession of a German Mechanic Says Vessel was Sunk by Torpedo

Toronto, March 16.—The British Cruiser Hampshire, bearing Lord Elphinstone on a mission to Russia, was sunk in the summer of 1918 by the German submarine U-22, according to a story told by a patient in a Philadelphia Hospital to newspapermen. The Mail and Empire this morning publishes the following despatch in this connection from its correspondent in Philadelphia: With papers to prove his identity, Heinz Hickmann, born in Hamburg, Germany, a patient in Stages' hospital here, told a story that seems to furnish the first authentic information published as to the manner in which the British Cruiser Hampshire, on which Lord Elphinstone died, was blown up. Hickmann, a mechanic on the U-22, the German submarine, told his captain, who was in the summer of 1918, that the British Commander was on the Cruiser Hampshire, and ordering the ship to be sunk at any cost. The U-22's Captain picked up the Hampshire with the periscope, when she was fifteen miles away, and prepared for the execution of the order from the German staff. Hickmann says they could see the Cruiser had an escort of torpedo boats. He does not know how many, but he was sure of it, because they saw when they came to the surface, after firing the fatal torpedo into the heart of the cruiser. Asked whether he could be more explicit in detail, Hickmann said he could not, as the U-boat was probably fifty yards under the surface when the torpedo was fired. After seeing the Cruiser sink, they submerged again. Subsequently he said orders came to congratulate the officers and crew on the "Good Work."

215 MILLION TONS OF COAL IN THE NEW BRUNSWICK AREAS NOW WAITING TO BE MINED

WILL DELAY MURDER TRIAL

Trial at Rimouski in Connection With Death of Game Warden Postponed

Quebec, March 18.—Unless Emmanuel Michel, the Frenchman, alleged by the five men already behind the bars for the murder of Joseph Blaquiere, to have fired the fatal shot, which caused death of the Matapédia Club game warden, is arrested before Saturday, the sensational case will be postponed for hearing until another term according to orders issued this morning by the Attorney General.

This decision was arrived at after a conference held this morning between the latter and the detectives, who are handling the case. The latter contend that the whereabouts of the sixth man wanted are now known but due to the present season the arrest is rendered very difficult on account of the remote region to which he has resorted.

As a result, unless Michel is arrested within a few days, the Rimouski term of the Assizes, which will be presided over by Justice Sevigny will have a roll, which will comprise only three cases namely: the King v. Bernier, manslaughter, in which the accused is alleged to have caused the death of a young man named Tremblay who he struck with his automobile; a charge of neglect to account against a man named Levesque, former secretary treasurer of a municipality, and finally a charge of arson against a servant.

Coal from This Province Proves Equal to Best from U. S. For Producing Coke.

The physical properties of New Brunswick coal, essential in the manufacture of coke, and such that in recent tests conducted on a large scale at Hamilton, coke samples proved equal to the best American coke.

This interesting information in connection with the mining industry of the province was given by Dr. Chas. Camsell, Deputy Minister of Mines for the Dominion, to W. E. McMullin, of the Provincial Department of Lands and Mines, who represented the province at the annual meeting of the Canadian Institute of Mining and Metallurgy in Toronto, and who returned home yesterday afternoon.

In addition to attending the annual meeting of the institute, Mr. McMullin also spent a day in Ottawa conferring with officials of the Federal Mines branch.

The approximate quantity of coal in New Brunswick coal fields, as established by a survey made to determine the quantity last summer is 215 million tons. An interesting paper was read in this connection by W. S. Dyer, who had charge of this survey for the department, before this year in the province was slightly in excess of one-quarter of a million tons considerable prominence was given to this report by Toronto papers, indicating the general interest in the fuel situation and possibilities of trade for this province.

The Iron Ore Bounty.

The province of Ontario is at present interested in a proposed bounty on the production of iron ore. For years past no iron ore has been produced in Ontario, owing to the lack of a sufficient per cent. of iron in the ore to compete favorably with the United States product. It is for the purpose of encouraging production that a bounty of one-half cent per unit (a unit being one ton in a ton), is being considered. It is expected that the Federal Government will co-operate by payment of half the bounty which has been proposed for a ten-year term.

This may interest New Brunswick, in that there is near Bathurst an unworked iron mine which was forced to close for the same reason that Ontario mines could not continue.

THOSE WHO PAY HEAVY STUMPAGE

List of Firms in New Brunswick Which Pay Over \$1000.

Following is a list of those who have paid \$1,000 and over in stumpage during 1923, together with the amounts as shown in the 63rd annual report of the Crown Land Department. The total stumpage payments are shown as \$768,011.91. Those paying \$1,000 or more:

Young, H. M.	5,634.94

USING CANADIAN MAILS TO DEFRAUD

Bathurst Man Alleged to Have Offered to Sell Spurious Bills

Bathurst, March 16.—C. H. Marcoux, for about a year a resident of Bathurst, where he carried on business as a veterinary surgeon, is under arrest on the charge of using the mails to defraud, and his preliminary hearing took place before Police Magistrate Sutton. N. A. Landry, K. C., represented the crown and C. T. Richard appeared for the accused. After hearing evidence, produced by the prosecution, the accused was sent up for trial before the next session of the County Court, which opens next Tuesday, and not arranging bail, he was committed to jail.

Mr. Marcoux is said to be a native of France, who served during the war and has since been living for some time at Carleton, Que., where his family resides. He has been well thought of here and is known in Shippegan, where he was connected with the organization of a new packing company last summer. He feels his position keenly, and his friends hope that he may be able to clear himself. The action was taken by Chief Giller upon information furnished by the Chief of Police of Quebec, and has to do with circulars received by persons there offering to sell counterfeit or bad money. The Post Office Department was represented at the hearing by Inspector Emerson.

Escuminac

Mr. Albert Williamson of Nouvelle was a visitor for a few days last week to the Glen.

Mrs. John Keays of Nouvelle is spending some time here with her mother Mrs. Matthew Williamson who is ill.

Friends of Mr. Eddie McKenzie regret to hear that he is ill with measles at his home here.

Mr. Fred Gaudin of Escuminac is a patient at the Hotel Dieu Hospital, Campbellton. His relatives and friends hope to hear of his recovery.

Mr. J. H. Gaudin spent Sunday in Campbellton.

Mr. Henry P. Gaudin is spending some time in town.

Fashions for 1924

Clothes play an important part in a man's life. The sense of "being well dressed" gives one a feeling of inward tranquility that few things on this earth have the power to bestow.

NEW SPRING TOP-COATS in the season's models \$20.00 to \$35.00.

NEW SPRING SUITS

In imported tweeds and worsteds, two and three pieces in single and double breast—\$18.00 to \$22.00.

Borsalino Hats, New Shapes and Colorings \$7.50.

Ferguson & Wallace.

Belledune
