

To Horse and Cattle Owners

I beg to notify you that after years experimenting on Tonic Treatment of Horses and Cattle I have now put up the greatest Tonic and Invigorating Powders that you can give your animals.

They do not only keep them in good condition, but they are a preventive against Influenza which is known to all as the "Horse Disease." They stimulate the nerve supply and purify the circulation, whereby giving the animal a stronger resistance against diseases which are so prevalent at this time of the year.

Call at my office and get a package so you can see for yourself the results you will obtain after using them on your animals.

Dr. J. Fergus Donnelly
Veterinary Surgeon.

GOV. GENERAL
HAS ARRIVED

Canada's New Governor-General
Has Arrived At
Quebec.

Quebec, Aug. 10.—Baron of Vimy, Canada's new governor general, arrived here on the liner Empress of France early this afternoon. On account of the ship arriving earlier than was anticipated arrangements have been made to entertain his excellency privately until tomorrow, when his formal swearing in at the executive building will take place.

The mayor of Quebec declared tomorrow a civic holiday in honor of the arrival of the governor-general.

AN OPEN LETTER
TO RATE PAYERS

Campbellton, N. B.,
Aug. 11, 1921.

At a meeting of the Town Council a few weeks ago Mayor McKay charged us with some irregularities in connection with the management of the Public Property & Streets Committee. This was done without first giving us a copy as is the custom among British public men. About the same time, or shortly after, Councilors Bellefleur and St. Onge made statements about us that were untrue. We asked these men in open Council to put their statements in writing. This they refused to do. And in the columns of the "Graphic", we made the challenge that if they would resign their seats, we would do likewise and we would call an election and submit our conduct to the people who would decide. Did they do it? No, like cowards they do not like to fight in the open.

Next in their fit of jealousy, they called a Special Meeting of the Council at 11 a.m., only giving us and others a few minutes notice to attend. With only three Councilors present, they moved that the Committee of which Wallace was Chairman be re-organized. This they did, and appointed Councilor Duncan as Chairman. This, remember, was done without our first proving the so-called charges and if the said charges were true then dismissing Wallace from office. We ask is this British fair play, or British justice? We will let you answer that on August 26th.

Next, they became further enraged at Coun. Chamberlain and Wallace for moving and seconding that the illegal Temperance motion that has disgraced Campbellton and our Council (by instructing our police not to enforce the law) be rescinded.

Last Monday evening, these same Councilors framed up a set of charges and by misrepresentation to two other Councilors, to sign their names for an investigation. Did they allow an investigation? Oh, no. This would be fighting in the open. By the consent and approval of the Mayor and a majority of one, they succeeded in the so-called dismissal of Chamberlain and Wallace, notwithstanding we demanded a public investigation.

They have called an Election for August 26th and we are informed two candidates are in the field. These same men are circulating nomination papers using false and untrue statements. We wish to state here that at the request of a number of prominent ratepayers of the Town, Chamberlain and Wallace will be in the field.

As the Graphic goes to press this evening, they are unable to give us further space to fully set forth the facts. We trust that the people will not be deceived or make promises until election day, or until a public investigation is held. By this means and the press next week we hope to have all the facts placed before you.

Sincerely yours,
W. H. WALLACE,
A. F. CHAMBERLIN,
