Mr. and Mrs. Harry Norman have the sympathy of the community in the death of their bright "Belle," a month old son, Robert Given, which occurred on Sunday. The funeral services were held on Tuesday afternoon, Rev. F. E. Boothroyd officiating.

SMELTS GO HIGH
The price during the extension of the grant to the small fishermen on the north shore failed to yield up the hoped for catches and as a result many fishermen along the Bay of Fundy have heavily succeeded in breaking even on the winter's work. As a result of this scarcity of smelts and the keen competition of several buyers the price has advanced to an almost unprecedented level, 16 cents per pound being offered last week in some quarters.

HAS MANY OFFERS
A St. John commercial man is authority for the report that "Miss Canada" has been offered \$14,000 by a Halifax firm for the use of her photograph to advertise brands of chocolates and that she has also been offered \$40,000 by a cigar manufacturer of Montreal for the use of her photo for a "Miss Canada" brand of cigars. Neither offer, he said, has been accepted by Miss Blair, as she wished to do nothing to cheapen the honor of the position conferred upon her.

VENDORS WARNED
Warnings have been sent out to the local men who hold government licenses for the sale of liquor that their licenses will be taken away immediately if they violate the Prohibition laws. Members of the staff of inspectors were busy last week checking up the stocks of liquor, which is a local vendors have on hand. After this the vendors are subject to a similar stock taking at any time the good wishes of their friends and if their sales do not tally with the physician's prescriptions they will be considered as violators of the law and their licenses cancelled.

HARDWOOD FUEL LOWER
The price of good hardwood fuel in this district is slightly lower than last year's figures. First class green maple and birch can be bought for from \$7.00 to \$8.00 per cord. There has been considerable work in hardwood fuel here this winter due in part to the high price of coal. Many farmers in the outlying districts have gone into the wood business this winter, particularly in the Tobique district.

WENT TO SANATORIUM
Editor J. L. Stewart of the Chatham World left last week for Melrose, Mass., where he will take special treatment. In writing to his paper he says: "N. E. Sanatorium, Melrose, Mass. Thanks to friends and volunteer aids at the transfer stations, Derby Junction, St. John and Boston, I got here three hours late to-day and will be overhauled to-morrow. I've been lying down this afternoon and am not feeling very tired."

MAKES A RECORD
A lath machine at the mill of J. & A. Culligan, Culligan's Siding, Wednesday cut 72,000 No. 1 laths in ten hours saving. This makes a record for the province we are told. This particular machine was manufactured here by the McLennan Foundry & Machine Works, and speaks well for their product. This firm manufactured a number of similar machines all of which have earned a reputation throughout the Maritime provinces and Quebec. This year they have supplied many lath machines and these are doing good work in Newfoundland, Nova Scotia, New Brunswick and Quebec.

TO-NIGHT'S EVENT
The four fast squads of the local hockey league will stage another double-header event tonight. Those who attended last week need only to be informed of the hour and nothing will prevent them from being on hand. Very well then the first game starts at 8 o'clock. As for those who were not fortunate enough to see last week's two fine games we can only say they missed seeing some very fine hockey. Don't get the idea that these teams have any "kids" on their line-up. They are coming hockey and they are coming fast too. The goal minder of the Ramblers team broke into senior hockey last Friday night in the Shelburne game and surprised not only the spectators but the visitors as well. Come along tonight and get your share of these surprises.

LOCAL LEAGUE GIVEN TROPHY
Interest in the local hockey league has become more keen and also more general since the McLennan Foundry has donated a handsome trophy to the league. The league is deeply grateful for the interest manifested in their activities and the McLennan people are to be heartily congratulated on making this generous donation. Besides whatever monetary value this gift may have it is a token symbolic of the interest they are taking in the junior athletics of the town and is therefore a source of great encouragement to the boys. With such sympathetic support we predict that the local league is destined to become a fixture here. The generosity and kindly interest exhibited by the donors of the trophy is a spirit which might well be remembered by citizens generally as well as by local hockey enthusiasts. Interest in the local games is also rising perceptibly as this trophy will eventually go to the winning team in this season's series.

SIX MONTHS IN JAIL
As a result of engaging in the manufacture of intoxicating liquor in a locality up in the I. N. E. district John Best will be taken to Dalhousie jail this evening to serve a sentence of six months, passed upon him by Judge Matheson this morning. The sentence provided the alternative of a \$500 fine, but Best chose incarceration in preference to parting with his money. The information in the case was secured through Constable Geo. Ross who, while serving some papers in Best's locality discovered the culprit's manufacturing apparatus. Besides the still there was a quantity of hooch and also some "wash." Ross took the liberty of apprehending him. P. J. Stewart, Inland Revenue officer, presented the case. According to one of the local liquor inspectors here Best must have been gone for some time as it is said that he apparently hadn't had a shave or a haircut for several months. It is said that his wild and woolly aspect was so accentuated by this that his formidable appearance almost upset the calm dignity of the court.
