Cool and Comfortable!

That's the way with shopping here. The crowds may be great, but the shopping space is ample. The weather may be hot, but an improved system of ventilation keeps the store cool, and we insure uniformly good service by closing regularly at 5 o'clock instead of 6, and at 1 o'clock Saturdays during July and August.

Early closing adds a stimulus to work, and brings the organization nearer than ever to perfection. Our aim is to make this the most comfortable place to shop in, and prompt, courteous attention is first in importance every time.

Wide-Awake
and Progressive!

Instead of accepting dull conditions during midsummer, we've planned special activity in all stocks that touch everyday needs. For instance—FURNITURE. What difference does it make when you buy, so long as it's an object? As a matter of fact we can afford to sell Housefurnishings cheaper now than two months hence when everybody will be wanting things in a hurry.

See what we're doing in Furniture! See what we're doing in Groceries! And while you're about it investigate these particular values all over the store:

- Spring Mattress, double-weave, woven-wire top, hardwood finished frame, with stretchers, regular \$25, for \$15.00
- Mixed Mattress, double size, wool both sides, well made, heavy ticking, regular \$25.00, for \$15.95
- Bed Pillows, size 22 x 28, heavy tick, linen tick, mixed goose and duck feathers, regular \$3.25, for \$2.45
- 48-inch Ladies' Box Cloth, lawn, brown and navy, regular \$3.75, for \$2.50
- Ladies' Duck Suits, jacket and skirt, best New York make, light color, regular \$25.00, for \$20.00
- Children's Reeler Jackets, in fancy tweeds and plain cloths, extra full sleeves, latest styles, sizes 6 to 14 years, regular \$3.75 to \$5, for \$2.50
- Ladies' Corset Covers, V shape front and back, fine embroidery, regular \$3, for \$2.25
- Ladies' Fine Colored Corsets, five hooks, in tan and buff, sizes 18 to 26, regular \$3, for \$2.35
- 40-in. German Granite Tweed, small, neat designs, medium and dark shades, good assortment of colors, regular \$1.50, for \$1.00
- 40-in. Tweed Effects, medium weight, in fancy motives, lawn, brown, grey, pink and blue tints, all new designs, special per yard \$1.00, for .75
- American Woven Crochet Quilt, Marseilles patterns, all new designs, full size, regular \$1.25, for .95
- 60-in. Heavy Cotton Quilt, special in 10-14 lengths, regular \$1.00, for .75
- Bleached Huck Towels, warranted pure linen, regular 35¢, for 28¢
- 100 Cloth-Bound Testaments, large type, regular 50¢ each, for 35¢
- Lead Pencils, 1 R. tipped, regular 10¢ dozen, for 7¢

We're having a splendid trade every day, and sales show substantial increase in spite of the fact that we close an hour earlier than we did last year. There's a reason for it all—every reason in the world why business should grow and grow in this unpretentious building. You find us ready with everything exactly as you need it, and prices never interfere with your buying—never!

EXTENDING THE LINE TO MOUNT PLEASANT.

The poles for the Avenue-road street car extension have arrived in the city, and in the course of a week or two we may expect to see the trolleys running up that thoroughfare as far as Cottage-street, where the C.P.R. intersects. There are several forcible reasons why the extension should be extended into the township, so as to give direct access to Upper Canada College and Mount Pleasant Cemetery. The cemetery, although situated in the township, is really an integral part of the city of Toronto. The residents of this city are more deeply interested in Mount Pleasant Cemetery than they are in any other piece of ground or building in the neighborhood. Almost every family in Toronto has a friend or relative buried in Mount Pleasant, and consequently there are large numbers of visitors daily to the city of the dead. But the number of these visitors is small compared with what it would be if the public had better facilities for getting to Mount Pleasant. In order to reach the cemetery by the present street car service it is necessary to pay two fares, and to put up with a delay in making the transfer from one line to the other, sometimes amounting to twenty minutes. Upper Canada College suffers even a greater disadvantage from the want of a street car service than the cemetery. It is necessary to pay two fares to reach that institution, and even then the visitor has a considerable distance to walk. The new route up Avenue-road will make the distance between the city tracks and the college a little nearer, but this distance will still be more than half a mile, and will have also the disadvantage of being up hill. The accommodation that is so necessary for the welfare of the institution will not be afforded. We think that the extension of the Avenue-road line to Upper Canada College, and thence easterly along Clinton-street, would be sufficiently remunerative to warrant the railway company undertaking the project at once. Furthermore, the life of Upper Canada College just now is so insecure that the Government ought to exert itself to see that it is no longer exposed to the disadvantages that have decreased the number of pupils attending the college. The absence of a street car service in the past has prevented a large number of boys who live in the city from attending the college. Especially in the winter time has access to the college been difficult and inconvenient. If the line were extended as we have suggested, Upper Canada College would be practically on the city street railway system, available to the whole city, whereas at present its usefulness is limited to a very small district. We understand the railway will have no difficulty in getting the right of way from the township, and the residents of Deer Park will do everything in their power to help the project through if the street railway people feel disposed to take it up. The extension would not involve more than a mile and a half of new track.

THE FROZEN MILK INDUSTRY.

The shipment of frozen milk from Denmark to England by rapidly increasing and the business is a paying one for all concerned with it. The industry is quite a new one, and it will be watched with interest by many countries, including our own. A short account of its rise and development will be of interest to the farmers of Ontario.

A year ago a Danish merchant experimented in this direction by taking Danish milk, which is peculiarly delicate and rich in flavor, freezing it by the use of ice and salt, and sending it in barrels, by rail and steamer, to London. On its arrival the milk proved to be as sweet and well tasting as if it had been just drawn from a cow in the middle of Sweden. The milk was so much in demand and proved so profitable an article of commerce that the merchant immediately took out a patent on the shipment of frozen milk from Sweden and Denmark to London. He then sold the patent to a stock company with large capital, which, in turn, has been developing the business, and has now, in a few weeks, begun on May 1 the export of frozen milk in large quantities. When the milk is received from the farmers it is pasteurized, that is, heated to 75 degrees C., and then immediately cooled off to about 10 degrees C., and now the freezing is commenced. Half the milk is filled into cans and placed thoroughly frozen in the course of a few hours. The frozen milk is then filled into barrels of pine, the only kind of wood that can be used. The barrels, however, are only half filled with this frozen milk, the balance being filled with the unfrozen milk.

This way of packing has proved to be the only practical one, as part of the milk has to be frozen in order to keep the whole cold, and part has to be in a flowing state in order to get the barrels exactly full, which is necessary in order to avoid too much shaking up on the road, by which the cream would be turned into butter; the floating masses of ice at the same time prevent the unfrozen milk from settling to the cream. Milk which is treated in this way is proved to keep quite fresh for 26 days. Every barrel holds 1000 pounds of milk, and twice a week there will be shipped 50 barrels, making in all about 100,000 pounds of milk a week.

The milk is shipped to Newcastle and from there by rail to large manufacturing cities, where it is sold in the streets or in retail stores. It is reported that the water has been bought for Ireland also at a cost of \$200,000, which proves how much the stock company expects from this new enterprise.

MOTHER EVE'S BREECHEES

FAN-AMERICAN LADY SAYS THEY WERE WORN IN BURE.

Mrs. Howland on the New Woman—O. A. Howland Denies Her Congress Was a Failure—What the Catholics Have Done for Education and the Jews for Charity—Close of the Congress.

The Pan-American Congress closed its sessions last evening amidst a chorus of congratulations on the part of those who had been its chief promoters. The Pavilion was fairly filled, a resolution was passed to continue the existence of the organization, and an executive was appointed to meet next year's place of meeting. Secretary Sherin told the secret that the congress would not have come to Toronto but for the solicitation of the railway companies. A collection was taken to meet a deficit in the funds, the preliminary contributions of citizens having been exhausted. Mr. Howland, M.L.A., indignantly repudiated the voice of the Toronto press that the congress had been a failure.

There were about 500 persons, the majority ladies, at the last morning meeting in the Pavilion. Rev. Father Lambert, editor Freeman's Journal and Catholic, presided, but declined making any special address. Rev. Mr. Johnson, a colored delegate, gave fraternal greetings from his birthplace in the name of the colored people. Rabbi Charles S. Levi, secretary of the Central Conference of American Rabbis, in 150 Hebrew words, greetings, brought fraternal greetings from Rochester, where the conference has just been held.

Rabbi Lazarus of the Holy Blossom Hebrew congregation, Toronto, gave an address on the Modern Spirit of Charity in Reference to Judaism. He described the professional beggar as the greatest pest of modern times. He said that the beggar is a creature of the modern age, and that the modern age is a creature of the modern age. He said that the modern age is a creature of the modern age, and that the modern age is a creature of the modern age.
