DAINTY THINGS TO EAT

are not necessarily expensive. Come and see what a surprising variety of dainty desserts you can make at a cost of a few cents.

J. E. Lloyd & Son

for the high character of the articles sold. In no department is that reputation better sustained than in that devoted to dainties. If you want something out of the common for dessert, this store is where you want to come. You will get it out of the common in quality, decidedly below the ordinary in price.

Post Cards Censored

Detective Killen, of St. John, was busy yesterday afternoon visiting many book and cigar stores in that city, closely scrutinizing the postal cards. He seized about twenty-five or thirty. Chief of Police Clark said that he intended submitting them to the recorder of the city to ascertain whether the cards by their suggestiveness, would tend to corrupt the public morals.—Moncton Transcript.

Mr. Ernest Robinson, principal of Horton Academy, has been appointed inspector of schools in Hants and Kings. Mr. Robinson is an experienced and capable man, and his appointment gives general satisfaction.

Foreclosure: Sale

1910. A. No. 1554.
 IN THE SUPREME COURT
 Between: Minista Langley Plaintiff and Artemus Rhodes Defendant.
 To be sold at Public Auction by Edwin Gales, Sheriff of the County of Annapolis, on Saturday, the twenty-second day of October, 1910, at the hour of three o'clock in the afternoon, and sale made herein of foreclosures, pursuant to an order of the court, the following described land and premises, situate, lying and being in the Township of Annapolis, in the County of Annapolis, bounded and described as follows: All that certain lot, tract, piece or parcel of land, situate, lying and being in the Township of Annapolis, in the County of Annapolis, bounded and described as follows: Beginning at a white maple tree, thence north twenty-three and one-half degrees east along said Saunders' line twenty-eight chains to a stake and stones on said road, thence northwesterly on said road twelve chains or to place of beginning, containing two hundred and twenty acres, more or less, being the same land conveyed by Edward W. Chipman and others to Mary Crisp by deed dated the seventh day of July A.D. 1861, and recorded in the Registry of Deeds for Annapolis County in Liber 54, folio 272.

Also all that certain tract, piece or parcel of land, situate, lying and being in the Township of Annapolis, in the County of Annapolis, bounded and described as follows: Beginning at a white maple tree on the south side of the road leading from Annapolis to New Albany, four chains from the large brook on the north-west corner, being at the north-east angle of a lot owned by Seth Beale to Michal Beale, thence running south twenty-two and one-fourth degrees west twenty-eight chains to a stake and stones on the south-east angle of Michal Beale's land, thence south eighty and one quarter degrees west sixty-two chains to a stake standing at the south-westerly angle of the lot sold to Michal Beale, thence south six and one-quarter degrees east about fourteen chains and fifty links to the south line of the Township of Annapolis, thence north seventy-five and one-half degrees east along said line about sixty chains to a small brook, thence along down said brook to a large brook, thence along the several courses of the large brook, northerly until it comes to the road just mentioned, thence along said road to the place of beginning, containing one hundred and seventy acres, more or less.

Also all that certain lot, tract, or parcel of land, containing fifty acres, situate, lying and being in the County of Annapolis, bounded and described as follows: Beginning at a white maple tree on the south side of the road leading from Annapolis to New Albany, four chains from the large brook on the north-west corner, being at the north-east angle of a lot owned by Seth Beale to Michal Beale, thence running south twenty-two and one-fourth degrees west twenty-eight chains to a stake and stones on the south-east angle of Michal Beale's land, thence south eighty and one quarter degrees west sixty-two chains to a stake standing at the south-westerly angle of the lot sold to Michal Beale, thence south six and one-quarter degrees east about fourteen chains and fifty links to the south line of the Township of Annapolis, thence north seventy-five and one-half degrees east along said line about sixty chains to a small brook, thence along down said brook to a large brook, thence along the several courses of the large brook, northerly until it comes to the road just mentioned, thence along said road to the place of beginning, containing one hundred and seventy acres, more or less.

Also all that certain lot, tract, or parcel of land, containing fifty acres, situate, lying and being in the County of Annapolis, bounded and described as follows: Beginning at a white maple tree on the south side of the road leading from Annapolis to New Albany, four chains from the large brook on the north-west corner, being at the north-east angle of a lot owned by Seth Beale to Michal Beale, thence running south twenty-two and one-fourth degrees west twenty-eight chains to a stake and stones on the south-east angle of Michal Beale's land, thence south eighty and one quarter degrees west sixty-two chains to a stake standing at the south-westerly angle of the lot sold to Michal Beale, thence south six and one-quarter degrees east about fourteen chains and fifty links to the south line of the Township of Annapolis, thence north seventy-five and one-half degrees east along said line about sixty chains to a small brook, thence along down said brook to a large brook, thence along the several courses of the large brook, northerly until it comes to the road just mentioned, thence along said road to the place of beginning, containing one hundred and seventy acres, more or less.

HE FEARED BLOOD POISON

But Zam-Buk saved his thumb!

Once again a case is reported in which the popular little Zam-Buk has saved a worker from the terrible effects of blood-poisoning. Mr. Alfred Hy. Orth, of Shipley, Ont., says: "While at work I had the misfortune to run a rusty nail under my thumb nail, to the depth of about one and a half inches. The pain was terrible what I feared was that the nail, being so dirty and rusty, would set up festering and blood-poison. I knew from previous experience how good Zam-Buk was, so I cleaned the wound, ran it into the wound. The result was wonderful! It cooled the pain and the thumb actually did not swell. Zam-Buk kept away all inflammation. I was able to go on with my work all the time, and in a few days the thumb was as good as ever. A balm which can do this should be in every working man's home."

Zam-Buk is the finest form of "insurance" for all workers. Its anti-septic power is so great that no disease germ can live in it; and it immediately applied to a sore or injury, or diseased patch, all danger of blood-poisoning is averted.

Being composed of pure vegetable essences, Zam-Buk is an ideal balm for babies and young children, and mothers will find it far superior to the ordinary salves, some of which contain harmful poisons, rancid animal fats, etc.

Zam-Buk is a sure cure for ulcers, abscesses, eczema, ringworm, blood-poison, scalp sores, chapped hands, cold sores, inflamed patches, bad leg varicose veins and ulcers, piles, cuts, burns, bruises, and all skin diseases and injuries. Sold by all druggists and stores. It costs only 25¢ a box for \$1.25. Post free from Zam-Buk Co., Toronto for price. Avoid harmful imitations and substitutes.

CAT THAT ANSWERED WANT AD.

You know there are some people who say that cats cannot read and speak English. If that is so, will you please tell me how it happened that this one came to the front door of the Belden family in answer to the advertisement in an issue of the Burroughs Bartlett in an exchange. "The mice are eating us out of house and home!" said Mary as she brought in the cream for breakfast. "I don't see what we will do if we don't get a cat," she said. "We really do need one," said mother, thoughtfully. But I don't know of a good mouset anywhere. "Why don't you advertise?" asked father, as he drank his coffee. "An ad" the "Gazette" or "Post" ought to bring you one."

"Costs too much," laughed mother. "Well, then, stick up a sign!" said father. Ted thought it over as he finished his breakfast. He could not read a sign just as well as anybody. Where should he put it? He decided that a good big handsome one, done in red paint and pinned on the front door would be as good as anything, but along with others I do most seriously object to such large deficits, when I believe the money could be better used in the interest of agriculture.

"WANTED" - A CAT.

A few people saw it, and laughed, and sure saw a big piece of brown grapping paper, and the letters were so big, and red, and scraggly, that you couldn't help seeing them, unless you were very, very nearsighted. Just before luncheon time, mother had to go to the front door for something, and there stood a lean, gray cat, with one paw up, trying to catch the fluttering corner of that brown paper sign. It seemed as if it were trying to say, "I've come! Why do you want that sign any more?" "Ted, did you put that thing up there?" cried mother, taking the pins out in a hurry and carrying the dreadful looking sign inside to use for kindling. "What will the neighbors think! Such a front door for people to look at!" "It brought the cat!" said Ted, in triumph.

And sure enough, there was the lean gray cat, following close at their heels everywhere they went and meowing for milk. He turned out a splendid mouset, too, and to this day Ted firmly believes in advertising.—Home Herald.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all dealers.

The New Glasgow Chronicle says that Yarmouth is a little late with the boast that the first steel steamer built in the Maritime Provinces was built at Yarmouth, and says the S.S. McIlwaine and S.S. Falkland were steel steamers built at New Glasgow quite a few years ago. The boast that Yarmouth made was that it was the first steel steamer built, engine and fully equipped by one firm, the New Burrell-Johnson Iron Co.

Shiloh's Cure
 quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

The Exhibition and Its Large Deficit

Mr. C. P. Blanchard, of Truro, Promises to Outlive a New Scheme.

To the Editor of the Chronicle: Sir—Oct. 6th, the time set for the closing of the Provincial Exhibition in the City of Halifax has come and gone, the Exhibition has closed and we are now looking at its record. Speaking from an agricultural standpoint 1910 has put up more the best show yet held in the Province, the quality of stock exhibited being much superior to that of any Provincial Show, with which the writer has had any acquaintance and other exhibits being fully up to the mark. The management of the show as far as one could judge who was not familiar with details was first class in every respect, the arrangement and management of the live stock department being particularly good and the courtesy of officials from Secretary Hall down all that could be desired. The weather also was fine throughout, affording every opportunity, for attending the show and making it the success which it should be financially.

There is therefore no reason to be given for the deficit which your paper says has been made except the one reason, that the citizens of Halifax will not patronize their own Show. A total attendance of forty-three thousand during the eight or ten days, that the Show was open when it should have been at least eighty thousand. The Show was superior, the management all that could be desired, the weather fine and yet we are face to face with a deficit it is said of about \$16,000.

Already there is talk of fixing the date for next year's Exhibition. Don't you think, Mr. Editor, it would be wise for those having this matter in charge to hold their heads for a little while and see what where we are at in this Exhibition business? This \$16,000 deficit added to those which have gone before since our annual Show was established in Halifax comes pretty near the \$100,000 mark. The question we know the City of Halifax bears half the deficit but that does not make it any less and I don't believe Halifax citizens in general want to pay \$5,000 annually for a Provincial Exhibition.

I have been thinking out a system of Exhibitions for this Province which I think would be both popular and profitable. I could give you at any other place in the Province, but along with others I do most seriously object to such large deficits, when I believe the money could be better used in the interest of agriculture.

 I have used Empire Laminax much in my family and I find it excellent for headache and for other pains. I consider it has no equal.

A. J. SINGLER.

TO LAUNCH LARGEST PASSENGER LINER ON OCTOBER TWENTIETH.

Olympic Will be Fitted up With Ballroom, Swimming Tank and Flower Garden—Eight Hundred and Fifty Feet Long.

London, Oct. 8.—Of the two mammoth liners to be added to the White Star line the Olympic is to be launched on Oct. 20th at Belfast, and it is expected that by May or June next this vessel will be ready to make her maiden trip. The Olympic will be the largest passenger vessel in the world, having a gross tonnage of about 45,000, or 12,000 tons more than the Lusitania and the Mauretania. Her length will be eight hundred and fifty feet, and she will have a beam of ninety feet, being fitted with nine decks, the top one of which will be sixty feet above the water line. This mammoth liner will be able to accommodate no fewer than five thousand passengers and a crew of six hundred. The Olympic will be fitted out as an other vessel has been fitted out before, for she will be provided with a roller skating rink which will also do service as a ballroom when necessary, in addition to which there will be a fine swimming bath and a well-furnished gymnasium. Last, but certainly not least, there will be a flower garden on the sun deck which will in winter be covered with a glass roof, while close by will be found a palm garden.

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'"

The Greatest Cure For Rheumatism In The World

KNOWLTON, QUE., Oct. 12th, 1909.
 "For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease.
 I tried "Fruit-a-tives" and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world."
 E. R. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter.
 It is a case like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used. "Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science.
 See a box, 6 for \$2.50, or trial box, 25c. Sold by all dealers or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

ROBERT N. VENNING, SUPERINTENDENT OF FISHERIES FOR CANADA MISSING.

FIVE THOUSAND HOMELESS BY FOREST FIRE, THREE HUNDRED LIVES LOST.

Ottawa, Oct. 7.—The Police and State Officials of Belgium, Holland, and England are searching for Robert N. Venning, Superintendent of Fisheries for Canada, and one of the most valued men in the service of the Dominion, who went to The Hague as an expert to advise with Hon. A. B. Aylesworth in the Fisheries Arbitration which was recently concluded.

After the decision was given Mr. Venning left the hotel at which he had been staying at The Hague on September third, and a day or two afterwards was seen at the Canadian pavilion at the Brussels exhibition. Since that time the most anxious search has failed to reveal any trace of him. Urged by the Canadian State Department, the Police of Holland and Belgium and Scotland Yard in England have searched and enquired everywhere, but not a trace of Mr. Venning have they been able to find.

It is known that when he left the Hague on September 3rd, he had six hundred dollars in his pocket. He was in good health and had been throughout the arbitration proceedings which he had attended daily. He was an experienced traveller having been in Russia, Japan, and many other parts of the world on negotiations affecting Canada's fishery interests.

War Road, Minn., October 9.—Baudette, Spooner, Pitt and Graceton, Minn., were wiped off the map this morning by the most terrible forest fire ever experienced by Minnesota settlers. The dead bodies of seventy-five settlers have been found and it is thought that the death toll among the settlers will be upwards of three hundred.

Wagon loads of corpses are constantly being brought into the railway station at Baudette. It is reported that many settlers, cradled with grief at the loss of families and property, are roaming the woods and searching parties are constantly going out after the injured, the dead and the demented.

One family of nine, one of seven and one of five, were wiped out at 8.30 o'clock, the fire attacked Baudette and Spooner, and within three minutes after the first alarm every building was ablaze. Within an hour they were heaps of ashes. The people of these towns had just time to quit their homes with only what they had on their backs. They were placed on a passenger train standing at the depot and taken across to Rainy River to safety. The whole country east of here is afire. Roosevelt, Swift and Williams are in great danger. All the women and children are removed to places of safety.

Chamberlain's Cough Remedy has become famous for its cure of coughs, colds, croup and influenza. Try it when in need. It contains no harmful substance and always gives prompt relief. Sold by all dealers.

MANY COTTAGES BURNED.

Saranac Lake, N. Y., Oct. 3.—Hawthorne Lodge and all the cottages on Spectacle Lake, near Corry, in the Adirondacks, were burned early today.
