the borne. Two of his ribs were broken, and it is feared there is other injury. the borne

Belleville, 4th -The annual show of the West Hastings Agricultural Society and the Belleville Horricultural Society, will open to-morro. The cutries are more nomerous than usual

Brussels, 4th -- The cattle fair was held here to-day. There were a good many fine eattle for sale, but only twenty-five changed hands, which were bought by local buyers. There is a good chance for drawer. drovers.

Samia, 4th - The West Lambton fall

At Thomas 4th -Though the weather was cold and unpropitious, the Southern Counties fair grounds were full of activity from early morning. From what can be seen in passing round, the show promises to be a success.

Newmarket, Ont., 4th —The North York Fair now being beld here is very good. The weather being cold has militated against a large attendance of visitors today, but the grounds and palace are illuminated to-night.

Drayton, Ont, 4th — The Peel and Mereboro' Agricultural Show, held in Drayton to-day was a fair surcess. The display of all kinds of farm stock was very A large crowd was to attendence during the day

Whitey, Ont. 4th -The South Ontano County agricultural exhibition closed to-day. The attendance on the grounds numbered between 4,900 and 5,000 people. The character of the exhibition in every class was excellent

Strathrop, 4th —The fall show of the West Middlesex Agricultural S-cety opened here to-day. The number of entries is now about 1400, and will be increased to-morrow when the live stock will be on the grounds.

Kingaville, 4th - South Elerz County Fair opened here to day. Although the meather was very unfavourable there was a good attendance. The root and fruit department is not as good as in previous years, but other things are, especially stock and grain

Elors, Oats, 4th -The Elors air held to-day did not equal the average. The various exhibitions being held the week, and good best was scarce. Little tradel sedged to the continual diction up in the trade and good best was scarce. Little tradel and the trade and good best was scarce. Little trade and the trade and good best was scarce.

from ec. to Sc. with few sales Weilard, Ont., 4th.—The annual exhibition of the Weilard County Agricultural Society opened to-day. The comtural Society opened to-day. The com-petition in live stock, especially borses, promises to be lively, and should the weather continue fire, a large attendance may reasonably be expected on the two remaining days of the abow, which will last till Taursday afternoon.

Guelph, 4th.—The Central Exhibition op-act here to-day. The number of visitors was small and there was nothing to be seen, for everything is as yet in a state of confusion To-morrow will be the great day of the show, when the live stock will be in the field and the driving and riding takes alaos. A large number of visitors takes place. A large number of visitors is expected.

Napanee, Ont, 4th -The Lenson for opened here to-day. The attendance was not large, as exhibitors are busy putting articles in position. There was competition for special prizes for horses, for trotting teams in harvess, and the place is filling up fast, and there is every prospect. of a most successful exhibition if the weather is favourable.

Walkerton, 4th. - The Northern Fair opened here to day with a good attendance of visitors and exhibitors. There are ver 3,000 entries this year, which is a considerable advance on previous years. The cattle and sheep on the grounds show a marked improvement, rootsare splendid, but fruit is poor The hall exhibit is fair. A display of Australian products attracts a good deal of attention.

Bradford, 4th -The annual tall show under the auspices of the West Gwillimbury and Bradford Agricultural Society was held in this village on September 2sth and 29th. The show of stock in which we justly pride ourselves was very Zoud, but the other department did not come up to former years. The attendance on both days was grai, on the second day 500 being on the grounds. The general impression is that it the smaller agricultural societies would amalgamate sent and have one large show, more benefit would be derived and a better turnout be made.

Winnipeg, 4th. - The Provinced Exhibitton unraed to-day with about 1,500 entries. The weather is promising and a successful exhibition is predicted. Staple tries. The weather is promistog and a successful exhibition is predicted. Staple products, grain, r sots and regetables are prominent feature. The Canadian l'aprominent features. The Canadian l'aprominent la language in the fair. Traits tun at reduced rates and are expected to bring visual competent and next day from all the tiors to-morrow and next day from all the Provinces Live stock, implements and machinery are in Hallerin Patk, and the exhibit to the mune pavilion

the drill shed and town park grounds Tee the past work we no free har it was a great success the past work with following fielder arrivals. The show of stock was tar in excess of that are the north need out last traue. The show of stock was fer in excess of that of furmer years.

Nanance, Ont., 5th -The second day, 9 the Leunox Agricultural Fair had bright fint weather. There was an immense at-tendance of visitors, much in excess of other years, and the exhibition in all its departments was a pronounced success

Tavistock Oat, 5th -- The Fall Show of the East Zirra and East Hope Agricultural Society was held to Tavistock to-day. The attendance was quite large, and the entile amounting to about 810, were considerably aftend of last year

Goderich, Unt., 5th .- The West Huron Fall Show opened here to day and will be continued to-motrow. The attendance was small, has to-morrow the rush of wisitors will take place. The prospects for a good show are very encouraging.

Quelec, oils -The annual exhibition of the Agricultural Society of the County of Queleo was held at L'Ancienne Loreite, thiday, and was very successful. The Hon A. P. Caron was present, and addressed the exhibitors and visitors

Beaverton, Cint, 5th.—The Thorah Ag-icultural Socia beld their annual fair ricultural Socie here to day, notwithstanding the severe cold weather a much larger crowd than usual were in attendance. The number usual were in attendance of cutties was not quite as large as last

Strathroy, Out, 5th -- The second day's show of the West Middlesex Agricultural Society was an undoubted success. The weather favoured a large attendance, and as a result, the adjoining townships turned out in force. The gate money collected was the largest in the betory of the Society.

Belleville, Out, 5th - The Agricultural Show opened this arregroom, but the atlendance was small owing to the extremely cold weather. This evening the ball was opened to the public and there was an average attendance. The exhibition inside is better than usual Cattle, borres and other live stock will be shown until to-PROLLOM

St Thomas, Ont . Stb .- On this the second day of the Southern Counties Fals, the meather was cold and the wind penetrating, but it did not deter thousands of temple who had set their minds on wit-nessing the lair from coming to the city The crowd grew greater every hour, till, at 2 0 clock, there must have been 10,000 people on the grounds. The Oredit Valley train from Toronto arrived at the Cauada Southern Railway Steinen at 12 19 pm. with his Honour the Lieutenant-Guvernor and suite, Mayor McAntrich and several and suite, mayor Stratistics and board the aldernien Among others on board the train were the iton A. McKellar, sheriff of Wentworth; Mr. Wm Thomson, expresident of the Northern Italiway, Mr. president of the Northern Icaliway; Mr. J. Wilbrow, president of the Toronto Industrial Exhibition. On actival at the grounds, an address was read by the president of the Association, and also one from the City Council by life Worship the Mayor, to both of which His Honour Mayor.

Hamilton, Oat , 5tb .- The attendance at the fair to-day was very good. The air was clear and bracing, in fact a little too bracing for some, and though the sun washining brightly, overcosts were in demand. The exhibits were all in their proper places, and arranged so as to be geen to the best advantage. Visitors beseen to the best advantage. Visitors began to arrive eatly, but it was not unti-about soon that a very great number of people were in attroduces. The Tib Tib siliers Hand arrived about soon, and played some selections during the after-noon. The band attracted attention and mood. The hand attracted attention and was the center of observation during the time it was making music. There is no doubt about the hand being one of the very best in the Dominion, and it is in many respects a worthy rival of our own 13th.

The school children began to arrive in methods. diately after duner, and made things lively for everybody. The agricultural machinery was in motion, and in the pormacingly was in motor, it of the depart-tion of the grounds devoted to this depart-ment the hum of the multie industry was quite a prominent tenture of the exhibi-(loe of the great attractions in the afternoon was the fire-mile bicycle tace, in which licodle, of Hauilton, won first prize, and A McLean, 2nd. TELEGRAPHIO MATTERS

The following items of telegraphic news appeared in the Mootreal Hinness THE MENT COMPANY.

Two large tents have been erected in Hochelaga and a company of about lifty men are at work around them. If the residents thought that a circus was quietly taking up its quarters there they were very seriously missaken, for the company proved to be the first batch of workmen sent out by the Canada Mutual Telegraph Company, and their work was the erection of telegraph poles. They are proceeding at open in the direction of Longue Polate. The company intends proceeding with the erection of the wires at once. Enquiry erection of the wires at once. Enquiry this afternoon elected the fact that this work already begun is the commencement of the line through to New York which will be the first section constructed.

THE LATE ANGLOANATION

There is a new phase in the telegraph case. It will be remembered that Mr. John how, by his counsel, Mesers, Maclaren & Leet, entered au action to bare the amal gamation of the companies set uside Messis Abbott, Tait & Abbott, representing the Great North-West-ra Company, now demur to the action, claiming that Mr. Low bashing tight or authority to bring

The expital of the Montreal Telegraph to bring a suit involving the interests of all the other shareholders without their being a justy to the aut. They turcher maintain that the action about disreleen brought in the name of the Attorney-General. The democret will be signed

WINNIPEG.

Call it Manitubah and be correct. This Winnipeg, the capital, at the function is of the Assimilation and fied River of the North. I think it is the St. Lamis of the North from the fact that it collects at its wharves the navigation of the Red River of the North, 390 miles; Assiniboine, 500 miles; the Saskatchewan, 1,000 miles, and of Lako Manitoba, 300 miles. It is the commercial centse of a great fertile tasin, extending from the north and of Lake Manitola 20 the source of the Red liver on the south; from the Lake of the Woods on the east to 1,000 miles west of Winnipeg. From Fergus Falls, Minnesota, on the Red lilver of the North, to Lake Maultuba there is a level strutch of land about 100 miles wide, and is so very flat that it is antly described as being "able to find a raco track on every section in it." As far as the eye can see on either side of the track are grass and grain; no trees to speak of, and here and there little huts of the settlers alone, and far out on the great plain the wheat looks only fair, but much better than that of Southern The soil is of that mucky. Minnesota sticky nature that is found at the bottom of lately dried up pool. This soil is underlaid at a depth or about one to three feet by a white clay, not very

Winnipeg is booming It is now a city to 1,000 houses in process or raction

which of first classones there is a great Insiers, hired girls, lankers and tramps, ever, pig from seems to be feeling the The lands of Manitota, are large taken improvement—So fame Guette.

by artual small farmer settlers, who are taking the flust crops of wheat in the world, running from thirty to forty hushels to the acre. Onte turn out hfer to sixty bushels, potators, 350 to 400 bushels to the acre These fermers, o' course, are making money, and look to Winnipeg for their supplies, for the tariff shuts the United States traders out Winning has railreads bailing from it in three directions, and before another county. The best order prevailed on the a grand success. About 5 only people were grounds, and, the weather being not on the grand success. About 5 only people were suitors had an enjoyable date. Injury was manifested in the stock show.

sustained by a man named. William Chalmers, who was in charge of a station. He was struck on the cheek by the fore foot of the state and the state of the state and the state of the st ly most of the house are plain, ordinary looking from buildings.
