

Antidiphtheric Serum and Globulins

ANTIDIPHThERIC SERUM (P. D. & CO.)—The identical diphtheria antitoxin that we have supplied to the medical profession for fourteen years: the most widely used antitoxin in the world.

ANTIDIPHThERIC GLOBULINS (P. D. & CO.)—The globulins of antidiphtheric serum: diphtheria antitoxin with the non-essential portions of the serum eliminated. More concentrated than the regular serum; smaller package.

Our Antidiphtheric Serum and Antidiphtheric Globulins are marketed in the same style of container and at the same price. Some physicians prefer the Serum; others prefer the Globulins. Both are of assured purity, potency and uniformity. They are supplied in the most satisfactory syringe-containers ever offered to the medical profession.

Packages of 500, 1000, 2000, 3000, 4000 and 5000 units.

NOTE.—We also supply **ANTIDIPHThERIC GLOBULINS, DRY**—the globulins of antidiphtheric serum precipitated, purified and dried—a highly concentrated antitoxin that remains permanent indefinitely. Bulbs of 3000 units.

LAXAPHEN

A Laxative Chocolate Syrup.

Each fluidounce contains 8 grains of phenolphthalein and 3.5 grain salicylic acid, incorporated in a palatable chocolate base.

LAXAPHEN is a notable addition to our list of pharmaceuticals. It is exceedingly active, producing free, gentle evacuations like the milder salines. It is markedly palatable, being agreeable even to young children and fastidious adults. It does not gripe or produce other unpleasant by-effects. It is certain to prove an acceptable substitute for castor oil and the salines. *Give Laxaphen a trial.*

16 and 8 fl.-oz. bottles.
