Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

For all the purposes of a Laxative Modicine.

Perhaps no one medicine is 50 universally required by everybody as a cathartie, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pillt. The obvious reasons, so the mild but efficient purgative Pillt. The obvious reasons, is that it is a more rollable and far more effect unal romedy than any other. Those who have not, know that it cures their neighbors and friends, and all know that what if does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all agos and conditious in all climates; containing neither calound or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the somach, bowels, liver, and other organs of the body, rostoring their tregular action to health, and by correcting, whenever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapner on the box, for the following complaints, which these Pilles rapidly cure:—

For Dyspepsia or Indigestion, Listlessness, Languare and Loss of Appetite, they should be taken mod-variely to stimulate the stomach and restore its healthy too and action.

For Liver Complaint and its various symptoms, Billious Headache, Sick Headache, Jaundice or Green Sickness, Billious Colic and Billous Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Pysentery, or Diarrheea, but one

disappear.
For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.
For Suppression a large does should be taken as it produces the desired effect by sympathy.
As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists, of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Hair Vigor, For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfame.
