The following is from the graceful pen of Mrs. Mary Howitt, a name familiar to lovers of humanity and truth wherever the English language is read.

GENTLEMEN,—

WEST HILL LODGE, HIGHGATE, LONDON.

I have very great pleasure in bearing my testimony to the value of your Sewing Machine, which I can do conscientiously. To say that it is a wonderful invention is saying little, for there are many wonderful inventions now-a-days; but this I can aver, that it is the realization of all our imaginings of household fairies and good hard-working brownies that ask for no payment. It is an ever ready, ever capable friend in need; one who never wearies, never loses its eye-sight over the most delicate work, nor ever, in fact, can be over worked.

Testimony before the Patent Commissioner.

REV. DR. TYNG said, in substance, that in view of the beneficial effect of Sewing Machines, he has taken much interest in endeavouring to have poor women supplied with them; and, as the result of his observation, that "their condition has been very much improved by them," and that "intelligent sewing women are now generally satisfied of the importance and value of these machines."

METHODIST BOOK CONCERN

200 Mulberry Street, N. Y. }

Being in constant receipt of inquiries from our brethren respecting Sewing Machines, with requests to recommend and purchase, we have, in conjunction with some lady friends, carefully and thoroughly examined the various machines of practical value for family sewing, and find those made by the Wheeler & Wilson Manufacturing Company, 505 Broadway, New York, to fully combine the essentials of a good instrument, and such as we can confidently recommend.

Having seen so favorable results from their use, in our own and the households of our friends, we are desirous that their benefits should be shared by all our brethren, and hence have interested ourselves in their behalf.
